THEY'LL BE HERE!

Ohio's Late Railroad Commissioner and Colonel Boone Coming to Maysville.

West Union Seton.

Colonel A. E. Boone and Hon. William Kirkby will be in Adams county between the 11th and 15th of May in the interest of the Columbus, Ohio River and Tidewater Railway.

Mr. Kirkby was Commissioner of Railroads in Ohio for four years, retiring from office March 15th last.

He is now President of the proposed route which will pass through Adams county to Maysville.

Our people should arrange to give them a hearty welcome and all necessary encouragement.

They will give the plan of the construction in a public meeting.

These gentlemen will be in Maysville about the 10th of May, when they will present their plans to our people, who should lend substantial aid in building the projected line of road.

'T WASN'T OUR JOHN.

But a Man With the Same Name Was Hurt in Indiana.

Shortly after noon yesterday Mr. W. H. Lynch, local correspondent of The Cincinnati Post, received telegraphic inquiry from that paper to know if "John Hunt, drygoods merchant," was in Indiana.

THE LEDGER man happened along at the time, and the two went at once to Mr. Hunt's store, where that gentleman was found, the picture of fine health and happiness, smacking his lips in anticipation of the good dinner for which he was almost ready to start.

Shown the telegram, he begged the correspondent to acknowledge his obligations to The Post for its interest in his well-being, and to say that he hadn't been in the Hoosier State for at least five years, and that it might be five more before he would be.

The cause of the inquiry is explained by this telegram which appeared in The Post last evening:

SHELBYVILLE, IND., April 23d.—While boarding a Big Four train here this morning John Hunt, a drygoods merchant of Maysville, Ky., had a leg ground to pieces. He will die.

The inquiry shows, also, that reputable papers make every suitable effort to obtain all the facts possible surrounding any important matter.

WHO HE WAS

The unfortunate man appears to be John Hunt, the tailor, aged 30 years, son of Mr. and Mrs. John Hunt of West Second street.

Inquiry at the family home by THE LEDGER man this morning developed the fact that Mr. Hunt left home two weeks ago, purposing to go to Indiana in search of work.

His parents had not heard from him since he left, and THE LEDGER man gave them the first news that anything had befallen him.

WORKING IN EARNEST.

Colonel Albert E. Boone Starts His Campaign For the Black Diamond.

Zanesville Times Recorder, April 23d.

Colonel Boone leaves this afternoon for Malta and McConnellsville with the view of awakening the people of Morgan county to interest themselves in perfecting the franchise of the Lake Erie, Ohio and South Atlantic Railway, which will occupy the line of the old Calico between Aberdeen, O., opposite Maysville, Ky., and Cadiz, O.

The line will pass through from Aberdeen along the North bank of the Ohio to Portsmouth, thence via Jackson, Wellston, McArthur, Athens, McConnellsville, Cumberland, Lore City, Washington, Winterset, Antrim, Freeport, Cadiz, Jewett, Carrollton, Canton, Ravenss, Chagrin Falls and Painesville to Fairport Harbor and Lake Erie.

This road is to be built in three divisions—

Aberdeen to McConnellsville as the "Ohio Valley Division;"

McConnellsville to Jewett as the "Pittsburgh Coal Division;"

And Jewett to Fairport Harbor as the "Lake Erie Division."

Colonel Boone is known by everyone in Morgan county, and from the many kind expressions tendered him in the past, it is evident that the Colonel will not have to take with him any certificates of character or evidence as to his ability to build the road, whenever the financial state is in shape to take to railroad building again.

Colonel Boone adheres to this position—that when times are dull and the people not knowing what to do or where to turn, that it is the best time possible to get a railroad franchise ready for construction, then when the good times come everything is ready to sail with the first tide of prosperity.

Eyesight

Is of such great value that one ought to take more than ordinary precautions to guard against every possible trouble.

If you have even a remote suspicion that there is any trouble with your eyes it will be for your own best interests to have your vision tested and trouble, if any, removed.

Very simple troubles may develop serious results if not properly treated.

Ordinary failing eyesight receives our most careful attention, both as to glasses and frames.

It's just as important to have the right frame as the right glass, and from our large stock we can give you the correct thing in either Gold, Silver or Steel.

We make no charge for examinations, and if yours is a case requiring the services of an oculist we will frankly tell you so.

Y. M. C. A. MATTERS.

What the Local Association Is Doing For the City's Young Men.

A handsomely bound set of Alexander Dumas, the celebrated French writer, will be one of the donations to the library next week.

Don't forget the Men's Gospel Rally at 3 p. m. tomorrow. It will pay you to attend. There will be an able speaker and several brief talks from members. All men cordially invited.

Everybody who attends the Men's Meeting on Sunday afternoon should try and sing. We can't all be Patis, but we can make a noise; and if we do the best we can that's all any fair-minded person could expect.

These pretty nights do not detract any from the attendance at the rooms, as the crowd of young men who are seen around the crokinole and checker tables is sufficient evidence that something more than weather will have to interfere to keep them away.

Mr. Joseph Easton, Secretary pro tem, is running things all right during Secretary Canfield's absence, and the young men seem to like Joe. Well, we're glad to see this spirit manifest itself just at this time, and Mr. Canfield upon his return will no doubt be highly pleased with such a good report.

Those who have attended the basketball games at the Gymnasium know how interesting the game is. Now that the baseball season has opened up in all its glory, and with none of its interesting points lost, why not make things a little livelier and organize a baseball club? There is plenty of good material in the Association, and with a few weeks training it could be developed into a first-class club.

THEY WANT TO BUY.

Fleming County Negotiating For the Maysville and Mt. Sterling Turnpike.

Hon. William G. Dearing, County Attorney of Fleming, acting for the Fiscal Court of that county, was here yesterday conferring with the owners of the Maysville and Mt. Sterling Turnpike.

The object was to purchase, if possible, the seventeen miles of that pike lying in Fleming county so as to make it free for travel.

The county had set a price, not exceeding \$500 a mile, but the owners wanted \$2,200 a mile, so there was no agreement.

\$100—Reward—\$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O.

Sold by druggists, 75 cents.
