

SIXTH YEAR.

MAYSVILLE, KY., TUESDAY, AUGUST 10, 1897.

ONE CENT.

Spoken in Circulation
LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppers,

excursions, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, &c., THE LEDGER will charge FIVE CENTS PER LINE, and hereafter this will be the invariable rule. This, however.

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—62 times;—the bill is \$12.25. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "I'll forbid" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have an item of news, please call up THE LEDGER, Telephone 33, and send it in.

We Must Make Room

In anticipation of a big fall trade, and realizing that goods pertaining to our lines will advance, (a great many have already) we bought early and largely. We are already beginning to receive shipments. Moreover it will not be long before our great line of Men's Shoes will come in, so you see we must make room. Now, if you will look in our windows and see the line of Suits we are offering at \$10 you will assist us in making room. All of our Fancy Cheviot Suits, in Checks, Plaids, Stripes, etc., Suits that we sold at \$18, \$16.50 and \$15, go in this sale.

No house in the state ever did or ever will offer a line of Suits like these for the price, :- \$10.00!

It is the greatest sacrifice sale we ever made, but as our patrons will be benefited, and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on our more medium grades, but the entire stock will be sold at proportionate prices.

Please bear in mind this: No Suit will be sent out on approval. No Suit will be charged. Only

CASH!
Will buy the goods during this sale. Money, however, will be cheerfully returned if goods don't suit upon home examination.

When Rubenstein played in New York one old farmer immortalized himself by giving a description of his playing which is recited when ever fun and real imaginative descriptive powers are called for. Now we have in our city a genius who is nightly giving those overtures and intermezzos which tax the 8-octave piano to its utmost. He fairly boxes her jaws, pounds her face, slaps her cheeks and brings out of the inharmonious box a wonderful melody of sweet sound. It is James Murry; his ability to transpose is as quick as his sight; his execution is graceful and his soul so full of music as to be a regular geyser of power and music. At Park tonight. Go out.

A SLIGHT WRECK.

The L. and N. Yards the Scene of a Smash-Up Yesterday.

The best regulated roads have smash-ups.

They are a necessity.

Yesterday afternoon there was a little one for a cent in the L. and N. yards, and it came very near being a big one for a nickel.

The freight train that arrives here about noon was an hour late, and when it came the train, consisting of five cars and the caboose, was left standing on the main track.

After the engine had been turned, it went over onto the connecting track of the C. and O. to get five cars that were over there.

Pulling them out, the engineer gave them a "kick" down the track and dropped a few others he had hold of back onto the siding.

He "kicked" them too hard, and the brakeman was unable to hold them, and they crashed into the train that was on the main track, caving in the rear end of the caboose and smashing all the glass in it, while a young man that was sitting inside it was scared so badly that he didn't know where he was going to sleep last night.

It was soon cleared away.

"Nearly everybody in Maysville is studying astronomy now," said a prominent physician to our scribe. "How so?" replied the pencil pusher. "Why they all go out to Electric Park and study the stars which are this week shining in that firmament." And we confessed to being a fish. Join the class, only 10 cents.

Mr. S. A. Piper's will was admitted to probate yesterday in the County Court.

To his wife he left the home place in the Sixth Ward, together with all the furniture and other personal property now in the house, and 100 shares of stock in the First National Bank and a sum of money now on deposit there. To Mrs. S. A. Shanklin, his daughter, the farm she formerly lived on, known as the Waller Small farm, together with a sum of money. To Mrs. P. P. Parker, his daughter, the farm she now occupies. The rest of his estate is to be divided equally among his wife and daughters. In the will Mr. Piper gave only a life interest in the property to his wife and children, but in the codicil he changed that and made the bequests in absolute fee.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75 cents.

Ten cents admits you and you have fun, frolic and enjoyment.
