## Sweeping and Far-Reaching, Figure in the Miners' Strike.

### This Now Brings the Matter to the County Courts for Settlement.

#### Miners Claim They Are Keeping Within the Law and Have a Right to Assemble in Peace—Mine Owners Assert Assemblies and Marches Are Unlawful.

PITTSBURGH, Pa., Aug. 13.—Sweeping and far-reaching injunctions now figure in the coal miners' strike in the Pittsburgh district. The developments of Thursday tend to make the situation a strained one, and it appears that a crisis is near at hand.

The strikers have demonstrated that their assemblies, marches and missionary work have materially affected the output of the New York and Cleveland Gas Coal Co., while at the same time public sympathy has been enlisted in their cause.

The sheriff's proclamation, issued two weeks ago, restraining the men from assembling and marching, has been a dead letter, and the marches have been continued daily. No disturbance of any kind has occurred, the officials of the miners contriving through the whole time to keep their men within peaceful bounds. The preliminary injunction issued Thursday by Judges Collier and Stowe, now brings the matter to the county courts for settlement. The case will be heard on Monday morning and the decision is looked forward to with much interest.

The miners and their officials claim that they are keeping within the law and have a right to assemble in peace and demonstrate to the world that they are being wronged by a rate of wages that keep them constantly at the point of starvation; also that they have a right to use their presence and influence among men who are militating against their interests by continuing at work.

The New York and Cleveland Gas Coal Co., on the other hand, assert that the marches and assemblies are unlawful and a menace to their employes, many of whom, they say, are willing to return to work providing the strikers remain away. Looking at the matter from this standpoint the company made its radical move Thursday in the courts to bring about a condition under which the company can operate its mines.

If the strikers continue their marches Friday morning as they now say they will, in defiance of the injunction, capias will be issued for the offenders on the charge of contempt of court. Should the injunction be enforced the strikers' camp around the Dearmit mines will soon be extinct. The strikers, though excited over the turn of events, are in no wise disheartened.

At 11:15 p. m. Thursday Sheriff Lowry and his deputies, numbering 100, left Turtle Creek for Plum Creek. The distance they will have to travel will be about 12 miles, and they expect to be on hand before the strikers march on Plum Creek. The sheriff is determined to carry out the order of the court, and says he will surely arrest the leaders as soon as the march begins. If new leaders are substituted they also will be gathered in. While the big majority of the strikers are willing to go to jail unresistingly, there are a few hot heads who have announced that they will not be taken alive. The minority may be the means of causing strife.

### FIRE DEPARTMENT

#### Can Confiscate Coal in the Event of a Fire, if Necessary.

RUFFALO, N. Y., Aug. 13.—Alarmed by the shortage in the coal reserve in the fire department, consequent upon the miners' strike, and the inability of the city to replenish by purchase, Senior Fire Commissioner Davis called upon the law department Thursday for advice as to his rights to confiscate coal in the event of a fire.

"You can not stand by and see the city burn if there is any coal in sight," said Attorney Quackenbush. "I advise you to seize all the coal that can be secured, and never mind the consequences. Those can be dealt with afterwards. If you find it necessary to seize coal under such circumstances, do not hesitate, the city will back you up."

#### An American Suicides in England.

LONDON, Aug. 13.—At the inquest held over the remains of an American who committed suicide by shooting himself with a revolver at Handsworth, after a card party, it developed that the deceased left a number of extraordinary letters, including the following one: This is to certify that I, as a Charles Jackson, an American citizen, living in Birmingham, have, of my own free will and desire, committed suicide, as I have lived quite long enough." The jury rendered a verdict to the effect that the deceased committed suicide while laboring under insanity.

#### More Massacres Threatened.

CONSTANTINOPLE, Aug. 13.—Plicards, printed in Arabic characters, have been found posted on the walls of all the ministries, demanding a change in the system of government in the Turkish empire and threatening violence unless this is effected. The plicards declare that otherwise blood will flow as during the Armenian massacres. The minister for war, Riza Pasha, has sent circulars to all the Turkish commanders, directing them to watch their officers strictly. This step is attributed to the increasing discontent visible in Turkey against the present government.

#### Wants an Export Duty on Gold.

MANAGUA, Nicaragua, via Galveston, Tex., Aug. 13.—The Nicaraguan government has suggested to congress the enactment of an export duty on gold of \$1 per ounce when from quartz and of \$1.50 when from placer mines, with a forfeiture, as penalty, of 20 times the amount of the duty and the loss, in certain contingencies, of the mining title.

# BIG REWARD.

## Brings Many Detectives to the Scene of the Detrick Double Murder—A Large Funeral Thursday.

BELLEFONTAINE, O., Aug. 13.—The shocking and revolting Detrick double murder is still the talk of the town and excitement runs at fever heat, growing as each minute goes by. Thursday the bodies of the murdered couple were buried in the Spring Hills cemetery, the funeral being the largest ever held in this county, as many as 3,000 people being estimated to have attended.

It is now known that two gold watches, a revolver and a large tin box, containing the money hoarded by Detrick, was all that was taken. The box was found Thursday morning near a brush heap a short distance west of the house. It was entirely rifled. The exact amount of money the box contained is not known, but it is known that Detrick had hoarded up several thousand dollars.

Ex-County Sheriff John Sullivan Wednesday night arrested Lew Dearwester on suspicion. Dearwester once worked at the Detrick home and knew that Detrick had money hidden at his house. When taken to jail a \$20 gold piece and some silver was found on his person. During the day Dearwester spent a \$20 gold piece, and as five \$20 gold pieces are known to have been in the hoarded money, suspicion points strongly toward Dearwester. Although the suspected murderer could give no explanation as to where he obtained the money, he was released. He has not been seen since he was released and will probably be rearrested if found.

Since the \$1,000 reward was offered Wednesday night by Samuel Detrick, a brother of the murdered man, and the \$1,000 reward offered by the board of county commissioners for the capture and conviction of the guilty parties, detectives have been flocking here, five already being known to be in the city. Richards of Cincinnati, Wolf of Cleveland, Norris of Springfield and Fisher of Indianapolis, being among them. Chief of Police F. M. Bell, of Lima, was here all Wednesday night with bloodhounds at the scene. He returned with the dogs Thursday morning, they failing to catch a trail, the crowd on the grounds having made it impossible for the dogs to find the scent. Some nights ago an enemy of Detrick's shot the family watch dog and the detectives are busy at work with this clue. Sensational arrests will probably be made.

Thursday Mrs. Wallace, a daughter of the dead people, made a sensational statement to the effect that she hoped that the work of unraveling the mystery would not be prosecuted, as she knew that the blow would "fall close." Since this statement suspicion rests on a relative of the dead couple. Detective Witte, of Cincinnati, is here and is making an earnest endeavor to capture the large reward offered.

BELLEFONTAINE, O., Aug. 13.—About 10:30 Thursday night Tony Ford, of Mt. Victory, was arrested by a Cleveland detective and Officer Keruan, after Ford had been quizzed about an hour by the detective. The officers refused to talk, but it is believed Ford knows something about Dearwester. Everything quiet at midnight.

KENTON, O., Aug. 13.—Col. Kuert, of the Second regiment, O. N. G., was ordered to Bellefontaine Thursday evening to inspect the situation regarding the probabilities of military being needed on account of the Detrick double murder excitement there. As yet no orders for the militia to report for duty have been received.

### THE YACHT COMANCHE.

#### With Senator Hanna and Party, Ashore in the Nipigon Straits, North Shore of Lake Superior.

PORT ARTHUR, Ont., Aug. 13.—The steam yacht Comanche, with Senator M. A. Hanna's party on board, is ashore somewhere in the Nipigon straits, on the north shore of Lake Superior. The boat seems to be in serious danger, as the telegram calling for assistance stated that two wrecking tugs and a lighter be sent at once.

The telegram was sent from Nipigon station on the Canadian Pacific. The Comanche left here Tuesday morning for a cruise along the north shore. Senator Hanna's party up to that time had had a delightful trip and had met with no mishaps. The place where the yacht came to disaster is of rocky formation, the channels being dotted with many small islands. It is considered dangerous for any except experienced pilots.

PORT ARTHUR, Ont., Aug. 13.—Senator Hanna's yacht, the "Comanche," was still aground Thursday night ten miles from Nipigon. The tugs Mary Ann and Georgiana left here Thursday morning to pull her off. All on board are safe.

# THE SPANIARDS

## Left 200 Dead on the Battlefield at Aguacate.

### Weyler in the Fight and Narrowly Escaped Capture.

#### After the Battle the Captain General Fell Back on Guanabacoa—The Wily General Again Attacked But Refused to Fight—Excitement in Havana.

HAVANA, Aug. 13.—The battle of Aguacate occurred Monday night and Tuesday morning. It was the bloodiest battle that has taken place for several months, and resulted in an overwhelming victory for the patriots. The Spaniards left 200 dead on the field.

There is a strong belief here that Gen. Weyler, who has recently returned to Havana, was in the fight, and the battle was the result of an attempt to capture or kill him.

Weyler left Matanzas with a guard of only 80 men, but he had three strong columns posted on the road over which he was to travel. Gen. Castillo, who had 1,500 men in the vicinity, determined to try and capture the Spanish leader. He whipped the Spaniards in the fighting on Monday, but failed to capture Weyler. Tuesday the Spaniards returned in force, and the Cubans, after giving them three or four volleys, broke into detached bands and scattered.

Gen. Molina and Col. Alden, who lead the Spanish, are reported wounded. After the fight at Aguacate Weyler fell back on Guanabacoa. Five miles from there Gen. Rodriguez attacked Weyler, who now had an escort of 4,000 men, but the Spaniard refused to give battle, though the patriots constantly harassed his troops. Rodriguez followed Weyler to within sight of Guanabacoa.

There is great excitement in Havana over Weyler's failure to check the patriots.

The patriots are keeping their word and making things lively for the Spaniards. A report of another big fight near Sagua la Grande has reached the capital. The Cubans attacked the town and burned a portion of it.

### Peculiar Fatal Accident.

RUFFALO, N. Y., Aug. 13.—While the steam yacht "Enquirer" was entering the harbor Thursday, a small cannon on the upper deck broke from its fastenings. Edward Smith, a sailor, attempted to prevent the cannon going overboard. He took hold of it in such a manner as to bring his stomach directly in front and pressed against the muzzle. In some manner the spring which operates the lock was touched and the cannon was discharged. Smith was instantly killed.
