

PUBLIC DAILY LEDGER

SIXTH YEAR.

MAYSVILLE, KY., MONDAY, AUGUST 23, 1897.

ONE CENT.

SWORN
CIRCULATION
LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppers.

Excursions, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, &c., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however.

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—52 times—the bill is \$13.25. When he finds it out there is a "click" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "I'll forget" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have an item of news, please call up THE LEDGER, Telephone 33, and send it in.

In a Few Days

The Boys Will Again Be Off to School! They will need Clothing, Underwear, &c.

We want to supply them. We are in condition to do you good, not only in price, but quality and style will count. We need not tell you that we sell satisfactory merchandise. Everybody within a hundred miles of here knows it; but we do want to say to you that for this season's trade we are better fixed than ever, and that means a great deal.

There is Nothing New Out But What You Will Find in Our House.

Good dressers know our house is headquarters for the proper things. Prosperity is coming. We want every man, boy and child to dress well; hence, we want every one to come to us for their fall outfits.

HECHINGER & CO.
THE LEADERS IN GOOD CLOTHING.

Due notice will be given in our papers when our

SHOES

Will arrive. If possible, wait for them. Like our Clothing, it will be a great line of Shoes.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Saturday evening about 6:30 Lane Rudy, aged about 4 years, was playing near his home on Forest avenue with several other little boys. We think we have some fine corn here but Hays Moore down at Bardwell tells the following which lays us in the shade: "He stated that some time ago a neighbor, who lives near his field, suddenly missed his drove of chickens and was unable to find them for some time. Search was instituted, and after several days they were found out in Mr. Moore's field dead. Mr. Moore claims that they had wandered over some distance in the corn, and the further they went the darker it got, until they thought night was upon them, when they flew upon the ears and went to roost. Of course, it remained dark in the corn, and they supposing continuous night had set in, stayed there until they died."

"Well, my son," said a Hickman father to his boy, who wanted a wheel, "you'll find one in the front end of that wheelbarrow, and there is a big pile of ashes back of the house that will have to be moved. The handle bars are of white ash and are adjustable so you can get any style of hump on that suits your fancy. It is regulated largely by the load you put on. The bigger load the more you have to hump yourself. Be careful and don't mar the enamel on the frame, and keep the ball bearings well oiled, so they won't cut. The tire is absolutely punctureless, so you won't have to keep a pump and repair kit with you. By the time you have removed that pile of ashes I think you will have made a century run, also the perspiration. You'd better come in to dinner now."

Yesterday morning twenty-two car-loads of about as finely equipped circus as ever struck this city came in over the C. and O. to exhibit here today.

The stock is the finest that has visited Maysville in years.

It can be seen at the Ball Park, and to give you some idea of its greatness, the combined shows just fill the Park.

Eyesight

Is of such great value that one ought to take more than ordinary precautions to guard against every possible trouble.

If you have even a remote suspicion that there is any trouble with your eyes it will be for your own best interests to have your vision tested and trouble, if any, removed.

Very simple troubles may develop serious results if not properly treated.

Ordinary failing eyesight receives our most careful attention, both as to glasses and frames.

It's just as important to have the right frame as the right glass, and from our large stock we can give you the correct thing in either Gold, Silver or Steel.

We make no charge for examinations, and if yours is a case requiring the services of an oculist we will frankly tell you so.

Last Friday night while the streetcars were going down Bridge street Nat Taylor, colored, an employe of the road, grabbed the handle of the summer car, which pulled off, causing Nat to fall, and sprain his ankle in a severe manner. This is a warning to others who are accustomed to jumping on the cars when they are running at a high rate of speed, and if it isn't heeded there will be a killing instead of a sprain.

A HANDKERCHIEF SENSATION!

Sounds florid, doesn't it? But if you'll give our ads your attention for the next few days, and armed with your best buying acumen give our store your presence, particularly Friday and Saturday, you will find our Handkerchief Sensation a solid fact, not florid rhetoric, that kind of fact that proves money's saved when spent at Hunt's.
