Printers, like other people, have to eat—sometimes. That is, if they can get the material. But they can't get the material without money—unless someone gives it to them. Now, if you owe this Printer, he will gladly accept a few country hams, a bushel or two of potatoes, or most any old thing that comes from the farm—and will give full credit at market prices. See?

There is a popular belief that eyes cannot be properly fitted outside of an oculist's office, but we are constantly proving the incorrectness of that belief. MATTINGS.

The time has come to take up the old carpets—dusty, stale and worn with use—and substitute neat, cool and pretty Mattings. Humbug is rampant in Straw Mattings. The market is full of Mattings that are hardly worth the tacks and trouble necessary to put them down. Against such stuff and the humbug methods employed for its sale we put a regular, carefully-selected stock at prices so low true and honest competition cannot meet them.

AS AN INDUCEMENT,

To visit our Matting Department, which will afford the surest confirmation of our claim to the best selected stock of Mattings in Maysville, we offer genuine, serviceable Shin King Matting in Oriental effects and designs for 11c. yard Friday and Saturday. Not our fault if you arrive too late. This bargain is too real to last long and in your appreciation of it don't fail to count the fact the Tariff will make all Mattings higher priced next season. More elaborate Mattings in all colors and at all prices.
