Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can loan over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

ON THE WRONG TACK.

He aimed to be a statesman
When he started out to work;
He thought he'd be a Webster,
A Macaulay or a Burke.

For years he toiled obscurely
In the interests of the state,
But at last turned politician,
So now he's rich and great.

MATTINGS.

The time has come to take up the old carpets—dusty, stale and worn with use—and substitute neat, cool and pretty Mattings. Humbug is rampant in Straw Mattings. The market is full of Mattings that are hardly worth the tasks and trouble necessary to put them down. Against such stuff and the humbug methods employed for its sale we put a regular, carefully-selected stock at prices so low true and honest competition cannot meet them.

AS AN INDUCEMENT,

To visit our Matting Department, which will afford the surest confirmation of our claim to the best selected stock of Mattings in Maysville, we offer genuine, serviceable Shin King Matting in Oriental effects and designs for 11c. yard Friday and Saturday. Not our fault if you arrive too late. This bargain is too real to last long and in your appreciation of it don't fail to count the fact the Tariff will make all Mattings higher priced next season. More elaborate Mattings in all colors and at all prices.
