How's that Chesapeake Coal? All o. k. The whole thing. Gives 85 per cent. more heat than any coal I ever burnt. Save me money? Well, I should think so; 35 cents on the dollar cuts running expenses down over a third. Make me rich? Don't mention it. Two hundred bushels will last longer and give better satisfaction in every way than three of Pomeroy. By long odds the best thing I ever got from Maysville. You say you will positively sell this Coal at the same price others get for Pomeroy? That's me to a t-y. Do I use much Pomeroy now? Don't get gay with me; you must think I have the roomies. Any old thing don't suit me; wasn't raised that way. Best regards to everybody. Good-bye. SATAN.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.
