One thing that attracts many people to Cincinnati to buy goods is the bargains that Cincinnati merchants advertise in the Cincinnati papers. Maybe Maysville merchants might keep some of this trade in Maysville if they would advertise bargains in the Maysville papers. Suppose you try THE LEDGER.

Regular meeting John V. Keech Council No. 16 this evening. All members earnestly requested to be present.

The human machine starts but once and stops but once. You can keep it going longest and most regularly by using DeWitt's Little Early Risers, the famous little pills for constipation and all stomach and liver troubles. Henry W. Ray, adjoining Postoffice.

How's that Chesapeake Coal? All o. k. The whole thing. Gives 35 per cent. more heat than any coal I ever burnt. Save me money? Well, I should think so; 35 cents on the dollar cuts running expenses down over a third. Make me a t-y. Do I use much Pomeroy now? Don't get gay with me; you must think I have the roomies. Any old thing don't suit me; wasn't raised that way. Best regards to everybody. Good-bye.

Did it Ever

occur to you that a Printer who sends you a paper 312 days in the year would like to have his pay on just one of those days?

THEY ARE INFORMED.

West Enders have been for many moons troubled greatly from lack of pressure in the water-mains; and for several days and nights workmen have been digging to locate the trouble. Saturday they found a small fence rail, a baseball bat or so, a few soldier-buttons, a chunk of stone and several other choice bits of bric-a-brac in one of the mains. These were carefully removed,—and so is the trouble!

THE LEDGER DOES NOT FAKE ITS READERS

REAL NEWS!

As a war newspaper, Saturday's LEDGER was all that could be desired;—and that's the way it will be as long as the war lasts.

The "loop" service is picturesquely fictitious at all times; Saturday it was pre-eminently so,—or rather it was fictitiously picturesque. Speaking of the bombardment at Cienfuegos it said—

"The earthworks, guns and Spaniards were seen flying in the air."

Gewhillikins! What a magnificent sight that must have been! And how Uncle Sam's tars must have enjoyed seeing three or four big earthworks sailing through space, to say nothing of the big guns that were soaring skyward, and the "sons of guns" the Spaniards that were "flying in the air!"

If you want "pointers" the loop service has a supply on gasy tap; and here's another—a regular daisy—from the same dispatch—

"Captain Maynard of the Nashville was struck on the head by a solid shot, but the missile glanced and only inflicted a slight injury."

There's room for a damage suit. The conclusion is almost inevitable that Captain Maynard must have a wooden head, or that the Spaniards who were not then "flying in the air" must have struck a lot of rotten pumpkins which they were firing at the American ship. But why enlarge on the peculiar peculiarities of a "news" service that will have news—if it has to send "Spaniards flying through the air" to get it.

THE LEDGER'S splendid telegraphic service on second and third pages covers the whole field of news up to 6 o'clock this morning.

Telegrams received after 10 o'clock today will be posted in front of the office for the benefit of our friends the public.

Meanwhile, if you want news and not sensation, now is the time to subscribe—25 cents a month.

Ice Cream Soda at Traxel's.

Congressman Pugh and Senator Deboe have secured the appointment of Mr. L. T. McClure of Louis as a General Deputy Collector, with a roving commission and \$1,400 a year, besides \$600 for expenses. It is said, however, that Mr. McClure's commission will expire June 30th, 1898.

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can lose over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

THIS SPACE BELONGS TO
