

STORM'S VICTIMS.

The Transport McPherson, With Supplies, Left New York for Porto Rico.

WILL REACH SAN JUAN FRIDAY NIGHT.

Secretary of War Issues an Appeal to the Governors of States for More Supplies.

The Devastation Wrought by the Recent Hurricane in Porto Rico Worse Than First supposed—Many People Destitute.

WASHINGTON, Aug. 15.—The secretary of war Monday afternoon issued the following appeal to governors of States for aid for the storm sufferers in Porto Rico:

"Sir: I inclose herewith copies of two telegraphic dispatches received Sunday evening from the governor general of Porto Rico, by which it appears that the devastation wrought by the recent hurricane in that island is even greater than was at first supposed. It is evident that a great multitude of people, rendered utterly destitute by this awful calamity, must be fed and cared for during a considerable period, until they can have the opportunity to produce food for themselves. Enormous quantities of supplies of the kinds indicated by the governor general must be procured.

"The magnitude of the work to be accomplished leads this department to supplement the appeal already made to the mayors of the principal cities of the country by a more general appeal, and I beg you to ask the people of your state to contribute generously to the relief of the people of Porto Rico.

"Swift steamers have been provided to leave the port of New York to carry the supplies directly to Porto Rico as rapidly as they can be collected.

"Contributions should be either in supplies of the character indicated or in money so that the supplies can be purchased. The supplies should be sent to Col. F. B. Jones, army building, foot of Whitehall street, New York city, in packages plainly marked 'For to Rican relief,' and he should be consulted as to the time of shipment. Money should be sent to the National Bank of North America, New York city, which has been designated as a depository for the relief fund.

Very respectfully,
ELIHC ROOT,
Secretary of War.

Acting Secretary of the Navy Allen Monday wrote Secretary Root that he was desired to co-operate in every way it could in rendering assistance to the storm-stricken people of Porto Rico, and tendering a warship to be placed at the disposal of the war department, if it was desired to convey supplies to the island. The offer, doubtless, will be accepted, as every available means is being adopted to hurry along the great stock of supplies, which is imperatively needed. Mr. Allen is in telegraphic communication with several naval stations with a view to having a ship ready as soon as the war department wants it.

NEW YORK, Aug. 15.—The transport McPherson with a cargo of supplies for the storm sufferers of Porto Rico, left her pier in Brooklyn Monday afternoon. About two-thirds of the original cargo of army supplies were left behind to make room for the quantities of rice, beans, grain, clothing, lumber, etc., required for the immediate necessity of the sufferers. Up to within a quarter of an hour of sailing voluntary donations kept piling in. It is expected that San Juan will be reached not later than Friday night.

DIFFERENCES RIGHTED.

Mayor James G. Woodward, of Atlanta, Ga., and the City Council Have Come to an Agreement.

ATLANTA, Ga., Aug. 15.—Mayor Jas. G. Woodward, against whom impeachment proceedings have been contemplated for some time by the city council and whose resignation has been asked for by that body, has made a solemn promise to the councilmen and aldermen, at a meeting Monday afternoon, that he would not take another drink during his term of office.

He further stated that he would cease his indiscretions and if he did not sustain his promises, he would resign. Acting upon these avowals the city council had dismissed the committee appointed to investigate the mayor's conduct, and all differences between them have been righted.

Shot by His Wife.

CHICAGO, Aug. 15.—Martin J. Wiley, an engineer, was shot by his wife Monday night in front of their home on South Green street and died shortly afterward at the county hospital. Four bullets, all that the revolver contained, were sent by the angered woman into the body of her husband.

Drink Carbohic Acid.

PASA, Ill., Aug. 15.—Gottlieb Minzmaier, one of the wealthiest and most prominent German farmers in Christian county, committed suicide Monday evening by taking carbohic acid. Despondency was the cause.

BROTHERHOOD COMPANY.

The Greatest Co-Operative Scheme Ever Attempted in This Country—The Company Incorporated.

TOLEDO, O., Aug. 15.—The Brotherhood Co., incorporated Monday at Columbus, has been organized for the purpose of placing in operation the greatest co-operative scheme ever attempted in the country. Among those who are mentioned in the list of incorporators are Mayor Jones, of this city, and J. A. Johnson, a millionaire of the state of Washington.

The brotherhood proposes to distribute stock over the country in small amounts, the investors being fully protected by co-operative life insurance. The plan includes a great amount of educational work, but in connection with the actual plan of the co-operative in the way of building colonies and placing co-operative farming communities.

In every place where the sentiment has developed the projectors propose building one of these colonies, and it will be extended as the finances admit. The first of these colonies will be established on the shores of Lake Erie, near this city, and it is understood that more than half the money required has been pledged by people of Toledo.

Along the lines of education there are many plans for co-operative schools which the projectors have not fully worked out. The organization is now formed and has liberal backing. Mayor Jones Monday night stated that while the brotherhood was not as wide as his idea of co-operation it would serve to assist in working up the sentiment.

FILIPINOS PUNISHED.

An Engagement Four Miles Northeast of Malolos—The Americans Had One Man Killed.

MANILA, Aug. 15.—A force of United States troops from Quingua, four miles northeast of Malolos, and from Baliuag near Bustos, about six miles northeast of Quingua, encountered a body of insurgents, estimated at about 500, half way between Bustos and Quingua. In the engagement that ensued the Filipinos were severely punished and scattered. The Americans lost one man killed.

The insurgent force is believed to have been under the command of Gen. Pio del Pilar, and to have had in view the tearing up the railway at Bocave and Bigaa, about three miles northeast of Buluocan. A battalion of the 21st infantry was sent to those points Tuesday afternoon to strengthen the railroad guard and to reconnoiter the country in the direction of Norzagaray and on the Bustos road.

Gen. Wheaton, with the troops at Calulut, made a reconnaissance on Angeles, about four miles to the northwest, where he found 500 of the enemy. He silenced their fire and then returned to Calulut.

Killing Off His Wife's Relatives.

MIDDLEBURY, Vt., Aug. 15.—In East Middlebury Monday night a man named Eastwood went to the home of his mother-in-law and shot his wife and her mother, killing both. He then drove to Middlebury, went to the residence of Frank Fenn, shot him through the heart, killing him instantly; then shot at Fenn's wife and just missed her. Eastwood then went to the residence of his wife's brother, E. D. Brown, evidently intending to kill him, but could not find him. Eastwood escaped.

Three Persons Drowned.

MOBILE, Ala., Aug. 15.—News reached here Monday afternoon from Heron Bay, a settlement in the southwestern part of Mobile county, 50 miles from here, of the drowning Sunday afternoon of three persons. Two young men and three young women were in a rowboat on Fowl river when the boat overturned. Ida Lyons, Annie Johnson and Alphonse Johnson, a brother of the latter, were drowned. The bodies were recovered.

The Columbia Defeats the Defender.

NEWPORT, R. I., Aug. 15.—The Columbia added another victory to her already splendid record Monday by defeating the Defender 18 minutes 7 seconds over a 38 mile course and the Amorita defeated Colonia, Quisette and Ariel in the schooner class, finishing 12 seconds ahead of Colonia and winning the race by 1 minute, 14 seconds, corrected time.

Gone Out to Sea.

CHARLESTON, S. C., Aug. 15.—High winds and heavy rains prevailed here Monday and Monday night. The wind did not reach a greater velocity than 40 miles per hour. It is now believed Charleston will escape damage from the West Indian hurricane. Indications are that the storm will pass the city about one hundred miles at sea.

The American Liner Paris.

FALMOUTH, Eng., Aug. 15.—The American line steamer Paris, recently pulled off the rocks near Coverack, left here under her own steam Monday morning, aided by several tugs. She is bound for Milford Haven, where she will be docked for repairs.

The Strike Declared Off.

JACKSONVILLE, Fla., Aug. 15.—A special to the Times-Union and Citizen from Tampa says the cigar manufacturers' lockout was declared off Monday, and that all the factories are open and at work.

STILL AT LARGE.

The Would Be Murderer of Maitre Labori Has Not Yet Been Apprehended.

WOUNDED MAN'S CONDITION IMPROVED

Some Talk of Albert Clemenceau Acting as a Substitute for Labori in the Dreyfus Trial.

He is Extremely Skillful in Cross Examination—Labori's Mother With Him—The Attempted Assassination Evidently a Plot.

RENNES, Aug. 15.—The following bulletin regarding the condition of M. Labori, the victim of an attempted assassination, was issued at 10 o'clock Monday night: "Temperature, 37.05. No fever. Condition stationary."

There has been, therefore, a slight improvement during the last few hours. M. Labori's mother arrived here Monday evening. She had believed him dead, and a most affecting interview ensued.

Later M. Labori received Mathieu Dreyfus, brother of Capt. Dreyfus. There is some talk of Albert Clemenceau, the younger of the two brothers, coming as a substitute for Labori. The question, however, will be definitely settled Tuesday. M. Clemenceau was one of Zola's counsel at his trial and has followed the Dreyfus affair very closely. While he lacks the magnetic influence of Labori in pleading, he is extremely skillful in cross examination.

M. LABORI.

Still further particulars show that M. Labori and his wife left their house together, but just before the outrage she turned back, having forgotten her card of admission to the court. While she was gone M. Labori met Col. Piequart and M. Gast. Immediately afterwards a man shot him. His wife arrived while M. Labori was lying on the ground and Col. Piequart and M. Gast was pursuing the murderer. M. Labori said to his wife: "Go to court and ask to suspend the sitting." Madame Labori ran into the court and gave the alarm.

There were several reports Monday afternoon that the assailant of M. Labori had been captured but they proved to be unfounded. Detachments of troops and gendarmes are beating the woods and scouring the country. They have been engaged in this work all day long without success. A great number of people saw the murderer fleeing but he was either too far distant from them or else he succeeded in cowering them by threats to use his revolver.

A gardener named Delhaye got near enough to the man to clutch him by the shoulder but the fugitive shook himself free, and, turning to his pursuer, exclaimed: "Begone, or I will kill you. I still have five shots left in my revolver and they will be for you." Delhaye, being quite unarmed, recoiled and allowed the man to escape. The attempt made upon the life of M. Labori was evidently the result of a plot. A letter was sent to the commissary of police Monday morning, warning him that it was intended to make an attempt upon the life of Gen. Mercier. Consequently, the police and detectives surrounded the general and left the other principals in the drama unprotected.

A proclamation signed by M. Lajat, mayor of Rennes, and M. Le Herisse, deputy for Ille-et-Vilaine, in which Rennes is situated, has just been issued. It commences: "An abominable outrage, the author of which can not claim to belong to any party, has just dishonored our dear town of Rennes," and concludes with appealing to the

population to remain calm and to resist provocations from whatever party they emanate.

PAIS, Aug. 15.—The Paris papers, without distinction, express indignation at the outrage of which M. Labori is the victim.

The Temps deplores the "state of disorder into which the Dreyfus affair has dragged the country," and says it is "high time for us to stand up and be ourselves again."

Continuing its review of the situation, the Temps observes: "M. Casimir-Perier testified to his wishes for a reconciliation and we now see how far from it we are. Perhaps this pistol shot marks the culmination of the crisis and will restore us to the path of good sense."

The Liberte, which holds the government responsible as the "apostle of the anarchy that has existed for the last two years and that has sown broadcast the seeds of civil war," says: "The outrage is only an incident in the era of catastrophes toward which the country is rushing."

The Journal Des Debats says: "The revolver shot is bound to be the end, and one fine morning it will be closely followed by the horrors of the civil war, if violence, hate, contempt for justice and law, and all the fanatical and suicidal passions continue to poison the air we breathe."

The Libre Parole, which attacks the government, says: "To-day we have only assassins. To-morrow it will be civil war."

The Figaro says: "In all the long series of crimes on the pages of our history, this is the first time when assassination has struck down an advocate, and that, too, at the very hour when preparing to plead in defense of his client, to establish truth and to confound accusers."
