A letter from Sergeant Julius S. Degman contains the following:

MANILA, P. I., Jan. 17, 1900.

I received my first letter from home today since leaving New York. We entered Manila January 6th and were quartered in some old Spanish barracks built of bamboo and pleasantly situated on a shady driveway. Our week's stay here was pleasant after our long voyage. January 13th we began our march Southward. We march five or six miles a day. We aim to drive the insurgents South and Eastward. We are marching through a level country, but can see mountains towards the interior. Bamboo grows everywhere—tall and slim with leaves something like those of the black willow. The natives are small; very few of them weigh over 100 pounds, yet they can carry enormous loads on their backs or heads. They all, men, women and children, smoke. Their houses are built of bamboo, consisting usually of but one room and a porch. They live on rice, bananas and chow-chow, which is some kind of a mixture they put up. Our most troublesome enemy at present is the mosquitoes; they go in regiments and brigades and charge on us every night. The insurgents have one advantage over us and that is ease in crossing the jungles. They dodge through them without any trouble, while we are obliged to take more time. I have charge of the advance guard today. At last I am actually on the firing line, with a chance to be shot just any old time. Write soon to your soldier boy,

JULIUS S. DEGMAN.

**Does It Pay To Buy Cheap?**  
A cheap remedy for coughs and colds is all right but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. C. Paeor.

**THE HEART OF MARYLAND.**

Mr. David Belasco's latest popular dramatic success as a dramatist will be given its first and only performance in this city on Friday evening, March 16th, at the Washington Opera-house. "The Heart of Maryland" is cleanly in expression, the characters are typical of the living humanity that forms our social surroundings, and the theme of the story never over-reaches the modesty of nature, nor is the story itself either in incident or action other than probable. The Company is said to be one of the strongest in artistic reputation that has been included in the cast of any play at present on tour in this country. Seats on sale now at Nelson's.

Colonel George N. Crawford is fast becoming himself again.

Mr. Frank Bland of Shannon has moved to near Porter's Station, in Bourbon county.

The Kentucky Swine Breeders Association will meet at Irvington, Breckinridge county, April 10th.

**NEW BUSINESS BLOCK AT EIGHTH AND RACE.**

Fourteen Story Building in Contemplation on This Corner.

Cincinnati Times-Star.

Negotiations are pending for the purchase by the Western and Southern Life Insurance Company of this city of the property at the Northeast corner of Eighth and Race for the erection of a fine fourteen-story pressed brick office building. The building will cover the corner extending from Race street East to the alley and from Eighth North to the alley adjoining the Phoenix Club. All above the second floor will be used by the Company. The first floor will be used for stores, the second for doctors and dentists offices. The Company's offices at present are on Sixth, West of the Sterling Hotel; two on Main street and a fourth at Ninth and Central avenue. The purchase of the Race street property and the erection of the new sky-scraper contemplates an expenditure of \$300,000.

This is the successful Company that has become so popular in this city, and of which Mr. C. L. Rosenham is the gentlemanly Manager.
