**THE BEE HIVE**

**Our PARIS HATS ...PATTERN HATS**

Have met with a flattering reception. Patrons wonder that we can sell 'em at such modest prices. The secret, by the way, lies in our buying them in such large quantities and from first hands. All declare the styles unique and absolutely proper. No two trimmed alike. Prices from \$1.69 to \$6.50, but worth fully 30% to 40% more.

**A COMPLETE DRESS GOODS STOCK.**

We believe we are justified in stating that our Dress Goods stock is now complete in every detail. There's nothing in woolen or cotton fabrics that Fashion decries in vogue for spring of 1900 but what you will find it here. Venetians for the tailor-made gowns at 50c, 50c and \$1.25, all colors. Plaid homespun, 40 inches wide, worth fully 75c, our price 50c. Golf plaids from \$1 to \$2.25 per yd. The new stripes, in cloths of all wool, 50c to \$1 a yard. Sybelline Plaids 50c a yard. The Black Dress Goods stock is a department in itself. Crepons from \$1 to \$2.75 a yd. Gonsalva Cloth, a gem of the weaver's art, 54 inches wide, \$1 a yd. Black Mercerized Brocades that are sold elsewhere at 90c are priced here at 25c, and a host of other fabrics that lack of space prevents mentioning.

**\$12.50 TAILOR-MADE SUITS FOR \$8.49.**

We ask you but to inspect these suits and judge of their merits for yourselves. They are made of all-wool Venetian Cloth, Jacket lined with silk and skirt with best grade percaline. We guarantee a proper fit with each suit. Our special price \$8.49.

**HER..... MAJESTY'S Corset!**  
MAKES PERFECT FORMS.

If you are stout this Corset will reduce the hips and abdomen to graceful proportions; if you are slender it will round you out and give you a shapely figure. As a form maker Her Majesty's Corset has not its equal in the whole world. It adds a hundred per cent. to the appearance of many who wear it—does it, too, without requiring injurious tight lacing, which is a great deal in its favor. Ask to see Her Majesty's.

**KINGS OF LOW PRICES ROSENAU BROS. PROPRIETORS SEE HIVE**

SIGNS OF SPRING.

The garzabo loafs on the brood, A cane he idly twirls While gazing at the steeled feet Of spring-style cycle girls. The grasses peep from wintry rest, The blood boil lifts its head; The hen refurbishes her nest And goats begin to shed; The soda fountains, full of biz, Their squirty welcomes sing, And greet with sparkling flags of fizz The first sweet smile of spring.

**AMERICAN RAILROADS SAFER**

**Accidents Growing Fewer—Passenger Traffic Increasing.**

New York Sun.

There are 50,000 flagmen, switchmen and line watchmen employed on the railroads of the United States, and the duties which devolve upon them relate primarily to the security of passing trains. The use by them of lanterns at night and flags by day, while desirable in a small way as a measure of protection, especially at crossings, is by no means so important as the signal lights which are displayed from towers and which are regulated by telegraphic communication maintained along the line of track. Under the signal rules adopted by the American Railroad Association, the application of which is general not only throughout the United States, but in Mexico and Canada as well, a red light whenever displayed signifies danger and calls for a stop; a green light cautions and commands "Go slowly;" white indicates safety and commands "Go ahead." A blue flag by day and a blue light by night displayed at one or both ends of an engine, car or train signifies that workmen are engaged on or about it. When thus protected it must not be disturbed.

One effect of the more general use of uniform signals has been the steady reduction of the number of fatalities on American railroads, the total number of which is now considerably less than it was ten years ago, though in the meantime railroad travel has increased enormously. The total number of passengers carried on American railroads in a year is not far from 600,000,000 and the number of fatalities to passengers averages less than 250, or less than one two thousandth of 1%. While the number of passengers carried is increasing, the number of accidents is diminishing in consequence of the fact that while some railroad accidents appear to be absolutely unavoidable, serious accidents entailing the wrecking of trains and wholesale disasters are very much less frequent than formerly. The adoption and maintenance of a complete system of railroad signals entails a considerable expense upon railroad companies, but it is much more than made up by the advantages attained, which include greater security in travel, a high rate of speed for passenger trains, a much diminished danger of track obstruction and a practical diminution in the number and success of suits brought for damages. The work of making travel safe on American railroads is going ahead even faster than is the work of railroad building, actively resumed since 1897.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 cents. Hall's Family Pills are the best.

The Kentucky Board of Pharmacy will meet in this city Tuesday, July 19th.

My stock is now replete with needful novelties for Easter and correct styles of Spring and Summer Millinery.

Mrs. L. V. DAVIS.

The commencement exercises of the Augusta High School will be held Friday evening, April 20th. There will be six graduates, and the class address will be delivered by Dr. Boone, Superintendent of the Cincinnati Public Schools.

At the Maysville District Conference of the M. E. Church, South, held last week at Hillsboro, Messrs. James Shephard, Robert T. Marshall, Dr. Coburn and M. Davis were elected delegates, and A. S. Dickey and Mr. Knight alternates to the coming annual conference.

At Ascension Church, Mt. Sterling, Wednesday at noon Reid Riley of Washington, D. C., was married to Miss Pattie, third daughter of Colonel Thomas Johnson. Mr. Robert Riley of Washington, brother of the groom, acted as best man, while Mrs. Sallie Hutton of Cincinnati, sister of the bride, was lady of honor. A wedding dinner was served at the home of Colonel Johnson, after which the couple left for a short stay in Cincinnati, en route to Paris, France, to attend the World's Exposition.

**Does It Pay to Buy Cheap?**

A cheap remedy for coughs and colds is all right but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but always inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. C. Peacor.
