

ALLIES IN PEKING

News of the Capture of the Chinese Capital Proves to Be True.

METHOD OF ENTRY NOT DETAILED

Some Reports Say That There Was Severe Fighting While Others Say There Was None.

Adm. Remy Confirms the Report and Says That All the Foreign Legations in Peking Are Safe—Latest Chinese Advice.

London, Aug. 18.—The second edition of the Daily Telegraph publishes a special dispatch from Shanghai, which says: "The allies entered Peking unopposed and met with a friendly reception from Prince Ching. All the hostile elements have already escaped from the city. The imperial court left for Shen-Si on August 11, with the Manchus. The Kausu troops have gone southwest with the object of drawing off the allies and preventing them from following up the court."

London, Aug. 18.—The hearsay accounts of the method of entry into Peking are contradictory, some maintaining that there was severe fighting and others that the entrance was not opposed. New Chwang was again attacked on August 13, but the Russians repulsed 2,000 Chinese, inflicting heavy loss, although they also suffered severely.

According to a dispatch to the Daily Express from Che-Foo, the dispatch from Mr. Conger, which was received by United States Consul Fowler Wednesday, after saying that all

GEN. SIR ALFRED GASELEE, Commander of the British Forces on the Way to Peking.

The Americans were alive except the Inglis baby and seven marines, admitted that there was some sickness but said that he expected food would last until relief came.

Shanghai dispatches say that Emperor Kwang Su accompanied the empress dowager to Hsian Fu, much against his will. Prince Tuan commanded the rear guard of the imperial escort, of which the Boxers formed 65 per cent. It was expected that Gen. Teng Fuh Siang would follow after the arrival of the allies. All the place treasures were sent to Hsian Fu.

"Peking was relieved on the night of the 15th." This message was received at the imperial customs office in London from the commissioner of customs in Che-Foo. It is the only official message that has reached England in confirmation of the earlier reports.

Proceeding to discuss the probabilities of a cessation of hostilities, the Morning Post assumes that the United States are willing to abandon any idea of further aggressive action, but it questions the disposition of Germany and the other powers to agree to such a course.

RAN UP OUR FLAG

Chinese Cruiser Aids the Battleship Oregon When It Was Stranded Recently.

IN RETURN IT RECEIVES PROTECTION

Capt. Wilde Threatened to Open Fire on a Russian Cruiser If the Chinese Vessel Was Molested.

The Stars and Stripes Thereafter Flotted Over the Chinese Vessel and Passing Cruisers Asked No Questions.

San Francisco, Aug. 18.—Mail advices from Yokohama, Japan, contain the following story regarding the stranding of the battleship Oregon on the Chinese coast recently.

The Chinese cruiser Hai Chi, commanded by Capt. Sah, a thoroughly westernized officer, on her way from Taku to Che-Foo, described the Oregon in her perilous plight and offered her valuable assistance, which was gratefully received by Capt. Wilde. The Hai Chi anchored close by to be of further use if needed. The next day a Russian cruiser came along. Her commander, coming aboard the Oregon, eyed the Chinese vessel with suspicion and asked what she was doing there. On being told he shook his head and said it would nevertheless be his duty to take possession of her.

Capt. Wilde nodded and answered: "Well, I'm a bit embarrassed just now, but there is ammunition aboard and my guns are in excellent condition."

The next day after the departure of the Russian Capt. Wilde visited the Hai Chi and suggested to Capt. Sah that as he was protecting some refugees on board it might be well for him to run up the American flag to the fore. This was done and no questions were asked by passing cruisers afterwards.

KLONDIKERS GET BACK.

Seattle, Wash., Aug. 18.—The steamer Humboldt arrived in port from Lynn canal with 96 passengers, 68 of them Klondikers, and more than \$250,000 in treasure from the Klondike. The largest treasure holder was Clarence Berry, who had four boxes containing more than \$150,000. Dawson advices dated August 4 report the drowning of five persons by the wreck of the launch Aquilla. Those reported drowned are: S. R. Hibbard, Maurice M. Marsdel, Jack Lawrence, engineer and pilot; R. F. Steeley, Amial Grafton, all from Dawson.

It is said that the Aquilla ran on a rock on the Healy Bay while bound for Eagle City and was completely wrecked.

A report received from Dawson just after the last steamer left was to the effect that one of the men, Maurice Marsden, had been picked up in the river by a passing steamer floating on a piece of board, two miles below the scene of the accident.

WILL APPEAL TO CONGRESS.

The Immigration Question and Its Bearings on the Clothing Trades Discussed at Detroit.

Detroit, Mich., Aug. 18.—The boycotts in force against clothing manufacturers in Rochester, N. Y., were raised by the United Garment Workers it having been announced that these manufacturers had unionized their shops.

A committee was appointed to investigate the immigration question and its bearings upon the clothing trades with a view to securing favorable action in congress looking toward restricted immigration from Europe.

The tailors say the shops in New York are mostly filled with foreigners; that as soon as they become accustomed to America they leave the sweatshops, but that their places are immediately filled by others who are imported. The New York delegates assert that traveling expenses across the ocean are paid by aid societies in Europe in order to get rid of the undesirable labor.

Needed Money to Get Married.

Newark, O., Aug. 18.—Frank Stinson, of Columbus, was bound over to court here for making a murderous assault on a local saloonkeeper and robbing the place. The following is the message received by Gov. Candler from Deputy Sheriff Hendry:

"Negroes who murdered R. H. Curtis are being joined in the woods by other Negroes. Liberty City was fired in the center of the town last night at 11 o'clock. Lambert was fired at the same time. The Savannah, Florida & Western railroad is being torn up between the two towns to wreck train No. 78 on which are Sheriff Brewer and a part of the posse. One man was taken from guard yesterday. One man killed while resisting arrest. People much excited and trouble expected.

AWARDS TO AMERICANS.

The United States Secured Nearly Two Thousand Awards at the Paris Exposition.

Paris, Aug. 17.—The list of the awards to American exhibitors at the Paris exposition was made public. The United States in all secured 1,981 awards. Of these 720 were grand prizes, 486 gold medals, 553 silver medals, 422 bronze medals, 270 honorable mentions and a long list of gold, silver and bronze medals for collaborators.

Minister Kills a Man.

Williamson, W. Va., Aug. 18.—Rev. Thos. Clark shot and instantly killed John Dempsey on Island creek. Dempsey and Clark had been enemies for months because, it is said the latter, who was a school trustee, refused to appoint a daughter of the minister teacher in their district. Friday Dempsey was repairing a fence on his farm near the minister's home and they came to blows. Dempsey threw a hatchet at Clark and the latter ran into his house and returned with a shotgun. He shot Dempsey twice, killing him instantly. Clark will surrender.

Ministerial Discard in Rome.

Paris, Aug. 18.—A special dispatch to the Temps from Rome says it is rumored there that ministerial discord resulted from the recent conference between the king and his ministers and several of them wish to resign, owing to their belief that they do not have his confidence. It is added that modifications in the cabinet are expected on the reassembling of parliament. The dispatch also asserts the king has already indicated he will act and govern and desires to have young ministers with initiative.

The deceased was born and raised here, being a son of Morrison Kerr, the widely known stock dealer of Buffalo.

San Antonio, Tex., Aug. 18.—The Uvalde national bank, it is claimed, was defrauded out of \$4,500 by a man giving his name as E. Fisher. The fraud is alleged to have been accomplished by means of a confederate tapping the wires and forging the telegrams.

SUSPICION AROUSED.

A Violent Death in a Reformatory Is to Be Investigated By the Grand Jury.

Jeffersonville, Ind., Aug. 18.—The charge that Otha Fox, who met a violent death in the reformatory here, was murdered, is disputed by all the officials at the reformatory, who deny that they were responsible for his death, by negligence or otherwise. Fox had been placed in solitary confinement for violation of the prison rules in fighting with another inmate of the institution. He was in good physical health when placed in confinement, but was laboring under great mental distress, and his agitation was apparent to all.

The secrecy observed at the institution has aroused suspicion and there have been several contradictory stories told of the time that Fox died, differing by 24 hours. Fox had been dead many hours before the fact was allowed to become known. There was no inquest according to the statement of Coroner Coats.

The grand jury meets in September and the matter will be officially investigated then, when the authority with which the investigators are clothed will aid in securing additional details that are not obtainable by private persons.

Fox lived at Peru and his father is determined that the matter shall be thoroughly inquired into. Reformatory officials say that while in a delirium Fox struck his head against a door and produced a hemorrhage of the brain, which caused death.

NO FURTHER RIOTING.

The Race Trouble in New York Kept Down By Strict Vigilance of the Police.

New York, Aug. 18.—Though several of the west side thoroughfares were lined Friday night with men and women who evidently expected a continuance of the collisions between the whites and Negroes resident of that section of the city, there were no race disturbances of any consequence during the evening. Police were on the alert on the streets and avenues and no loitering was permitted where crowds had congregated for three nights previous.

Chief of Police Devery was within easy call of the precinct commanders, but he expressed the conviction that there would not be any demand for active service or for any of the reserve force.

The Temperature Reached Ninety-Nine Degrees, Breaking All Records Since the Year 1881.

St. Louis, Aug. 18.—Friday was the hottest day of the year in St. Louis. At 4 in the afternoon the temperature reached 99 degrees, a jump of 3 degrees from 2 o'clock, when it registered 96. All records for August have been broken since the year 1881, when on August 12 the thermometer registered 100 degrees.

Furnaces to Resume.

Middlesboro, Ky., Aug. 18.—An order was received from the head office at Bristol, ordering the furnaces here to continue operations for 60 days, countermanding an order received last week, which was to shut the furnace down as soon as the stock on hand was used up. The furnace here is owned by the Virginia Iron, Coal and Coke Co., who own over a dozen furnaces in this section, and the recent drop in the iron market has caused them to issue orders closing down a number of their plants. The better condition the market has assumed, it is believed, will continue the operation of the furnace.
