HALLAM MADE A KILLING.

No Beckhamite Dared Face the Brilliant Covington Lawyer.

The Hon. Theodore Frelinghuysen Hallam of Covington addressed an audience of 1,200 at the Opera-house Saturday night; and it was an audience of thinkers, who gave considerate attention to the able address of the speaker.

Mr. Hallam reviewed the whole procedure in Kentucky, from the Music Hall Convention to the election of Governor Taylor and the seating of Goebel the defeated aspirant, including the singular trials of so-called conspirators at Georgetown and Frankfort, and his presentation of the facts is acknowledged to be the strongest case that has been made out against the Goebelites. Although he had beseeched some Beckhamite to join in the discussion, not one could be found who would accept the challenge.

Regular meeting tonight of the Board of Councilmen.

There was an alarm of fire this morning, caused by Mrs. J. H. Rogers's ash pile setting fire to Mrs. Lucy Lowry's fence.

Mr. Harry Cone and Miss Florence Beckett went to West Union, O., Friday and were married by Squire William Havens.

Mr. John L. Chamberlain spoke to a good crowd at Concord Saturday afternoon, and Mr. Allan D. Cole addressed a big meeting at Flemingsburg Saturday night.

A certain bulldozer has threatened to lick the Republican challenger in one of our wards if the R. C. dares to dispute his vote. If he attempts it, it's dollars to doughnuts that the challenger will keep the mosquitoes off him while he tries it, and it's more dollars to more doughnuts that his wife and children won't know him when he gets home.

A telegram Saturday night brought the brief and sad announcement of the death of Mrs. J. M. Nolin at her home in Richmond, Va. For two years past Mrs. Nolin has been in declining health and her family and friends knew that the end was but a question of time. The friends here have no knowledge further save that the remains will be brought here and services held and interment in our Cemetery.

TURNED HIM LOOSE.

James Payton, Colored, Taken From Jail on Habeas Corpus.

James Payton, colored, was tried early in October in the Police Court on the charge of disorderly conduct, and dismissed.

A day or two later a warrant was sworn out for him charging "gambling"—at least the mittimus says he was convicted of that offense—and he was taken before Squire Grant and fined \$21 and costs, \$24.75 in all—the same evidence, according to the testimony of Attorney W. Henry Wadsworth, being submitted in both trials.

Squire Grant, under Payton's promise to settle, let him go free until Saturday, when he went to jail, the mittimus reciting that he had been convicted of "gambling,"—whatever that may be.

Soon after the committal a writ of habeas corpus was sworn out before Judge Wadsworth, commanding Jailor Melvaine to produce Payton's body in his Court at 11:30 a. m.

For sufficient reasons the Jailor could not comply at the hour named and asked an extension until 1:30 p. m., which was granted.

Chief of Police Donovan, who served the writ on the Jailor, made due return to Judge Wadsworth's Court.

At 1:30 Jailor Melvaine produced Payton before County Judge Newell, instead of in the Police Court in pursuance of the writ and the extension of time indorsed thereon, and Judge Newell promptly ordered him taken back to Jail until 3:30.

In the meantime, Payton's lawyers were not idle, and they sued out an attachment for the Jailor, this action prompting Mr. Melvaine to seek legal advice.

He employed Hon. E. L. Worthington, one of the best Constitutional lawyers at the Mason Bar, who was not long in advising Mr. Melvaine that it was his duty to deliver the prisoner to Judge Wadsworth, which was promptly done.

Thereupon Judge A. E. Cole, L. W. Galbraith and W. Henry Wadsworth, Attorneys for Payton, entered a motion to dismiss their client, as he was not charged with a statutory offense, and he was discharged from custody by Judge Wadsworth.

Of course there was no Goebel politics at the bottom of this business.

Ray's Chocolates, fresh from factory. Remember that the polls will open at 6 o'clock tomorrow morning and close at 4 o'clock p. m.

What became of W. A. Young, who was advertised by The Courier-Journal to make a Goebel speech here Saturday night?

GUILTY OF MANSLAUGHTER.

So Says the Jury in the Trial of James Sullivan.

The Jury in the case of James Sullivan, tried last week at Columbus, O., for the murder of Napoleon Saver in 1890, on Saturday returned a verdict of manslaughter. Under the Ohio law the Judge fixes the penalty.

MEETING ON BULLCREEK.

An Enthusiastic Rally in That Classic Region on Friday Last.

The Republican rally on Bullcreek Friday was beyond cavil the most enthusiastic of the campaign in this county, and resulted in the raising of the nearest, cleanest, straightest pole ever seen in this section.

Mr. C. U. Degman was made Master of Ceremonies, and inaugurated the feast of reason by introducing Mr. Preston Wells, who very handsomely and in good taste set forth the splendors of a Republican Administration of National affairs, contrasting them with Democratic failures.

At the conclusion of Mr. Wells's remarks, the Maysville Drum Corps having arrived, three rousing cheers and a salute by Springdale's Gating gun were given Old Glory, and then His Honor A. A. Wadsworth was introduced and delivered an admirable address, which was cheered to the echo.

Then Mr. John L. Chamberlain was presented and proved himself a veritable spellbinder.

The conclusion of each speech was punctuated by a shot from the gun and splendid patriotic music by the drum corps.

Altogether Bullcreek did herself proud; but remember, boys, that the hurrah is now over and that tomorrow is the time to get in the real work. Let every lover of civil liberty be found at his post at the polls. It is not a question of who killed Bill Goebel, but whether we shall be freemen or slaves.

Mrs. T. Bridleman, Parshaltville, Mich., was troubled with salt rheum for thirteen years and had tried a number of doctors without relief. After three applications of Banner Salve her hands became better and in a short time were entirely cured. J. Jas. Wood & Son and Armstrong & Co.

WORDS OF WARNING!

What Green R. Keller, Democratic Editor, Says About Fraud.

The Hon. Green R. Keller, Editor of The Carlisle Mercury, and a leading Democratic politician of the state, in a letter from Frankfort to his paper under date of October 25th, 1900, gives this advice to those who attempt fraud at the coming election—

"There are a few words I want to say to my friends, if I have any. Keep your hands clean at the coming election. If you wish to enjoy the society of your family for the next four or five years, I cannot enter into a long explanation of what I mean, but if you fail to take my advice you will, in all probability, find out the full meaning to your sorrow. Now, don't understand that I am going to interest myself in getting you into trouble, but I know there is going to be trouble if any wrong is done.

"I am just like a father who knows, warning his son not to eat too many green apples on an empty stomach. Oftentime the boy thinks the father is an old, meddling fool, but when the pains strike him good and hard about the middle of the anatomy he has other ideas about things. No Democrat need fear to work for his party; but working for one's party does not mean doing wrong."

J. W. Bryan of Lowder, Ill., writes: "My little boy was very low with pneumonia. Unknown to the doctor we gave him Foley's Honey and Tar. The result was magical and puzzled the doctor, as it immediately stopped the racking cough and he quickly recovered." J. Jas. Wood & Son and Armstrong & Co.

CRY OF MILITARISM.

Another Proof of the Utter Nonsense of Bryan's Contention.

FEW SOLDIERS IN UNITED STATES.

Republican Victory Sure in Kansas—State Too Prosperous to Listen to Calamity Howlers—Cleveland Will Vote for McKinley.

Chicago, Nov. 2.—"Another proof of the nonsense that exists in Bryan's cry of militarism," says Secretary Heath, "is shown from the following figures of the army and navy expenditures of different countries. I take those from 1898 when we were actively engaged in our war with Spain and all the rest of the world was at peace:

Table with 2 columns: Country, Expenditure. England: \$24,000,000; Russia: \$15,000,000; France: \$17,000,000; United States (in time of war): \$150,000,000; Germany: \$127,000,000.

In the previous year, 1897, when we were also at peace our army and navy expenditures were only \$83,000,000, this sum including very large payments for new ships added to our navy.

Only a Few Soldiers Here.

Washington, Nov. 2.—Adj. Gen. Corbin reports in the army a total of 98,750 soldiers of whom 63,861 are in the regular service and the remainder in the volunteers. There are only 18,898 soldiers in the United States proper, the rest being in the Philippines, Cuba, Porto Rico, Alaska, Hawaii and China. The number in the United States is smaller than at any time since the end of the civil war.

KANSAS IS REPUBLICAN.

State Too Prosperous to Heed Cry of Calamity Howlers.

Chicago, Nov. 2.—Ex-Senator Peffer, who has been campaigning in the middle west for the republican party, stopped here Thursday. He predicts that Kansas will go republican by from 20,000 to 30,000. He says that Kansas was never in better condition than it is to-day and that there is no complaint anywhere of hard times.

"All predictions made in 1896 by our people," said he, "have failed. Everyone who wants work can find employment. Our state is a soldier state and there is not a particle of anti-expansion sentiment within its borders. The common sense people of the state know better than to take any stock in Mr. Bryan's foolish talk that President McKinley is trying to change the government from a republic to an empire. The old-time populists will never follow the democratic party in its support of rebellion in the Philippines."

Cleveland for McKinley.

New York, Nov. 2.—Walter Wellman, the Arctic explorer and newspaper correspondent, is authority for the statement that ex-President Cleveland will vote for McKinley and Roosevelt this year, at the same time casting a vote for the democratic state ticket of New Jersey and the local ticket at Princeton. Mr. Cleveland has emphatically denied that he ever said that Bryan would sweep the country, and he has no wish that the Nebraskan shall be successful. Out for McKinley.

New York, Nov. 2.—J. F. Goddard, chairman of the Trunk Line association, comes out for the reelection of President McKinley. He says:

"This year and last have been maximum years for large earnings in the history of the railroads of the United States. Such prosperity has, of course, been due to the general prosperity which has prevailed as a result of beneficent governmental policies."

Bryan to Invest in Mines.

Duluth, Minn., Nov. 2.—Edward Lewis, a well-known resident of this city, has been engaged by William Jennings Bryan and Charles A. Towne to go to the Philippines immediately after election. While there he will secure legal title to mineral lands that give promise of quick returns to the holders. It is believed the venture will be in gold mines.

HIS WAGES HAVE DOUBLED.

What One Workman Has to Say About McKinley Prosperity.

Indianapolis, Ind., Nov. 2.—Otto W. Dresser, of Indianapolis, who describes himself as "one of the fortunates who had regular work through all the hard times of the last administration," and who is a machinist in the shops of the Big Four railroad, working by the hour, compares his democratic and republican wages as follows:

"My total wages during the four democratic years footed up \$97.05, and those of the 4 1/2 months of the present administration were \$192.60, an increase of \$95.55. By the time the present administration is ended, my account will be considerably over double what it was for the four years of democracy."

RAILROAD INTERESTS BOOMING.

THE CHICAGO, BURLINGTON & QUINCY RAILROAD has just closed a contract for \$420,000 worth of locomotives, made necessary by the heavy increase in the freight business in Kansas, Nebraska, Missouri and Illinois.

THE CHICAGO & NORTHWESTERN RAILROAD will extend its double track system, which now connects Chicago and Colo., Ia., as far as Carroll, Ia., a distance of 86 miles.

THE NORTH AMERICAN COMPANY of New York city, has obtained a franchise from the executive council of Porto Rico to build 200 miles of new railroad in Porto Rico.

THE PENNSYLVANIA RAILROAD COMPANY has just closed contracts for three large passenger steamers to compete for lake traffic from Erie. This is the forerunner of a big line of boats from Philadelphia port and the establishment of an important shipyard at Erie.

THE ILLINOIS STEEL COMPANY works at South Chicago, Ill., have opened the converting and finishing departments, giving employment to 2,500 additional men. Large orders are in hand for steel for an eastern road.

See Ray's line fine Chocolate Candies.

After exposure or when you feel a cold coming on, take a dose of Foley's Honey and Tar. It never fails to cure, and will prevent pneumonia or consumption. Don't accept substitutes. Nothing so good. J. Jas. Wood & Son and Armstrong & Co.

ELECTION RETURNS.

The Results Will Be Received and Announced at Opera-house.

An instrument and two operators will be in the building, and the news will come thick and fast from all parts of the country.

An admission fee of 25 cents will be charged. Doors open at 6:30 p. m.

\$100—Revised—\$100.

The readers of this paper will be pleased to learn that there is at least one dratted disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. The Difference in Cost!

Of thoroughly good, fashionable and serviceable clothes and shoes, such as bear "our" label, and inferior goods is not large enough to warrant you taking the risk attached to buying ordinary goods. The kind of clothes we sell are tailored by the same class of journeymen tailors as are employed by high-priced merchant tailors. Not a yard of fabric is used in these garments that has not been thoroughly tested for its textile strength and color fastness; therefore, we thoroughly indorse and guarantee all goods we sell, and say "money refunded" without argument if for any reason you are dissatisfied with your purchase.

Our Experience as Well as Yours!

Has proven that the kind of merchandise we sell is as near perfection as can be, and though they cost a little more than the other kinds, they are really the cheapest kind in the end. Our leaders in clothes are Stein-Bloch Co., Adler Bros. & Co., the best brands in the country.
