The Best Promoter

The carefully prepared and well displayed advertisement is the most successful promoter. It gives more people in one day than the average human promoter can interview in the whole of his professional career. It appeals to the reader directly and convincingly, and catches the trade that could not be influenced by the most eloquent talker. The wise business man employs the most potential agent to strengthen and increase his business.

POWER.

Have you seen the locomotive as she struggles up the slope, Panting, blowing, shrieking onward, like a traveler spurred by hope, Onward, upward, ever pressing, like a being with a soul? But the power that propels her is a shoveful of coal.

Till, at last, she's reached the summit, then adown the hillside flies, Where another mighty mountain starts its journey to the skies; Now no effort, swiftly downward, gently o'er each grassy knoll, Still she now and then is calling for a shoveful of coal.

So in life we upward journey, up life's troublesome ascent, To the Mecca we are seeking, earnestly our feet are bent, But the journey would be lighter, sooner we would reach the goal, If, as fiercely onward pressing, we would shovel in the coal.

True, some early struggle upward till they reach the mountain height, Then perhaps lie idly waiting where the journey is more light, Till again they reach the bottom, but Of the mighty is the fellow who keeps shoveling the coal.

The authorities arrested Charles Ramsey yesterday afternoon charged with breach of the peace.

THE OLD AND THE NEW.

It Was a Slow News Service Sixty-three Years Ago.

One of the most astonishing achievements of the Victorian Era is the rapidity with which news is transmitted.

The New York Herald finds, in looking over its files of 1837, that William IV. died (June 20th,) and the young Victoria was awakened and saluted as Queen. The news of the King's death was brought to this country by the packet ship St. James, hailing from London, and did not reach New York until forty-five days after the event.

Contrast that tedious delay with the posting of physicians' bulletins and state proclamations in America, Australia and India almost before the ink with which they were written at Osborne or London was dry!

Even Shakespeare's Puck was slow when he proposed to "put a girdle round about the earth in forty minutes."

Sixty-three years from now will our methods of transmission be considered as slow and antiquated as we consider those of sixty-three years ago?

ALONZO WALKER'S WOES.

The Grafty Louisville Stenographer Still After Big Money.

The suit of Alonzo Walker of Louisville against Governor Taylor, Adjutant General Collier, Colonels Williams and Mengel, and Captain Honore J. Cochran of this city, for \$50,000 damages for false imprisonment, will be tried at Frankfort this week.

As Judge Cantrill will preside it will not be very difficult to foreshadow the result.

Walker will be remembered as the "patriot" who served the Goebelite conspirators as stenographer—and presented a bill of several thousand dollars for the taxpayers of the state to settle.

He was arrested during the troubles at Frankfort last spring while acting as Deputy Sheriff and trying to serve a civil process on Governor Taylor from the local Court. He was held several days as a military prisoner, Taylor and others charging him with trying to incite mutiny among the soldiers.

Captain Cochran was in command of the Maysville soldiers that arrested and guarded Walker.

IN OLDEN TIMES

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

Herbina should be used to enrich and purify the blood; it cures all forms of blood disorders, is especially useful in fevers, skin eruptions, boils, pimples, blackheads, scrofula, salt rheum and every form of blood impurity; it is a safe and effectual cure. Price, 50 cents. J. Jas. Wood & Son.

FACTS ARE STUBBORN.

If Maysville People Are Not Convinced By Local Testimony They Differ From Other People.

Facts are stubborn. Some may be disputed. None can be disproved. A fact is always hedged about with proof.

Has to stand the test of investigation, Or it drifts to the realm of doubt. Investigate closely the following; The closer the scrutiny the more convincing the results.

A Maysville citizen speaks here— Speaks from experience and conviction.

Mr. Frank Burgoyne of 331 East Third street says:

"Greater praise cannot be given Doan's Kidney Pills than their wonderful merit fully deserves. I procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. The use of this remarkable remedy demonstrated beyond question that if taken properly a cure surely will follow."

For sale by all dealers; price 50 cents a box. FOSTER-MILBURN Co., Buffalo, N. Y., Sole Agents for the United States.

Remember the name—DOAN'S—and take no substitute.

Important selling is going on—just such selling as must go on a few times a year to hurry out the parts of dozens and parts of lots that would soon get troublesome. You know our regular prices are never so high as to be extravagant, never so low that goodness can't go with them. The keynote of our store's growth and business is carefulness and in no stock is it better represented than in Underwear and Hosiery. Ask for these and judge us by them. Women's Unions, Oneita patent, softly fleeced, neat crocheted finish at neck, pearl buttons, full size and length—

D. HUNT & SON.

MATTERS GETTING MIXED.

Chance For a Republican in Robertson-Nicholas District.

A special from Mt. Olivet to The Louisville Post says the Legislative race in that District—composed of the counties of Robertson and Nicholas—is further complicated by the entrance of a new Richmond in the field in the person of Thomas V. Chandler of Robertson county.

J. W. Dotson of that county announced several weeks ago for the nomination, and it seems almost certain that the present member, T. M. Sharp of Nicholas, contrary to custom, will ask a second term.

Mr. Chandler is a schoolteacher and one of the leading young Democrats in the county.

The Republicans are watching the squabble with interest and the next Representative from the District may be a Republican.

If Sharp insists on running again, and is nominated, which is sure if he runs, the Democrats of Robertson county will "throw him over."

Many of the blotches, pimples and other affections of the skin are caused by the failure of the liver and kidneys to pass off impurities, which remain in the system. Herbine will stimulate the liver and kidneys and cleanse the system of all impurities. Price, 50 cents. J. Jas. Wood & Son.

A Concise Business Proposition....

Let us derive mutual benefits from this spell of sharp winter weather. It may be that many of you, owing to the continued mild winter, held off buying heavy Overcoats and Ulsters till now.

It Would Be

very advantageous to us to sell a lot of them before we put away our winter stock. It will be equally if not more advantageous to you to buy one.

To Sell Them For Cash

We will, during the remaining days of this month, cut the price 25 per cent. on every Heavy Overcoat and Ulster in our house.

Our Stock-Reducing Sale, the most successful we ever had, continues until we have reduced our stock to normal proportions.
