"He that is ungrateful, has no guilt but one. All other crimes may pass for virtues in him."

JUDGE J. B. BENNETT of Greenup has decided to enter the lists for nomination for Circuit Judge in this District, to succeed Judge HARRISON.

BEFORE our friends the enemy tear their linen to shreds over the election of a Democratic Mayor in Boston, it might be well to remark that of the Mayors just elected in fourteen large cities of Massachusetts the Republicans secured nine, Democrats two and Independents three—a Republican gain of four over the last elections.

THERE will be a deficit of \$1,000,000 in the State Treasury when the Kentucky Legislature meets the first of next year—also an urgent appeal from the State Auditor on the desks of the members for a raise of the tax rate from 47 1/2 to 50 cents on the \$100. But have we not entered in full swing upon a glorious course of "expansion?"—Louisville Times.

Yes; "expansion" of taxation; expansion in voting away \$100,000 of the people's money for a blood money fund; expansion in voting another \$100,000 for a lot of tin soldiers that can't suppress a handful of rioters in Hopkins county; expansion in prosecuting innocent men for political purposes. These are the lines along which Kentucky is expanding. In everything else she is contracting.

CAN it be that the "Avenging Nemesis" is pursuing the Goebelites and Cantrillites and Campbellites? First, one of the Jurors that convicted HENRY YOUTSEY was burned to death in the Sadieville Jail; then Judge CANTRILL's fine mansion was destroyed by fire at Georgetown; and now comes the burning of Lowry & Goebel's big store in Cincinnati, in which the reams of testimony, transcripts, affidavits, confessions and other private papers relating to the death of WILLIAM GOEBEL and the trials of CALEB POWERS, JAMES HOWARD and HENRY YOUTSEY were destroyed. It may be added that the firm of Lowry & Goebel is made up of JUSTUS and ARTHUR GOEBEL, Mr. LOWRY having retired some years ago.

JUST SO, JEEMS!

Ex-Governor Bradley has received the Degree of LL.D. from Kentucky University. The LL., we suppose, stands for L-L-Lieberth, and the D. for what the friends of Comingsore said.

BOERS VS. IRISH.

Mr. Bourke Cockran, who is an eloquent and versatile orator, is an Irish Catholic. He, like most other sentimental Irishmen, sympathizes with the Boers, in the first place and mainly because they are fighting England, and in the second place because they are good fighters. Perhaps if it were generally understood among Irishmen that the Catholics, in their Constitution, classed the Catholics with Jews and infidels and disqualified them all from being citizens of their country, such speeches as Mr. Cockran made in Chicago the other day and other appeals to the anti-English sentiments of Irishmen would not have much effect. According to the Boer Constitution, if an Irish Catholic should fight for them till the Boer Republic was free he would not be admitted to citizenship. In this, as in other matters, the Boers belong to the sixteenth century.

BLAME BERRY HOWARD.

Maybe, as the Goebelites haven't any evidence connecting Berry Howard with the Goebel killing, and as they can't otherwise account for that deficit of a million and a half in last year's State Treasury balance—maybe they will change the charge against their new prisoner and hold him without bail for complicity in the deficit.

TOUGH ON HERR MOST.

That Anarchist island idea should be extended so as to expressly require the presence of a surrounding body of fresh, instead of salt water. Then cut off the supply of beer and the solution of the problem would be at hand! On a diet of pure water the average Anarchist would die or reform—either of which alternatives would be quite acceptable to the world at large.

REGARDING PARTISANSHIP.

Charles B. Poyntz of Maysville, member of the State Board of Election Commissioners, will ask the Democratic nomination for Lieutenant-Governor as a reward for his services to his party as member of the Commission. If Judge Cantrill deserves the Senatorship because of his rulings on the Bench, surely Mr. Poyntz, who did his party great service also, deserves at least what he asks. When Judges and other officials who decide contests make such decisions that they are entitled to political preferment on account of them, justice lives hard in the old Kentucky home.

MR. E. ALLEN GRIFFITH, BRACKEN'S "HUSTLING" EDITOR.

The above is a good likeness of Mr. E. Allen Griffith, the proficient young Editor of The Brooksville Review, located at Brooksville, Ky., the county seat of our sister county of Bracken. Mr. Griffith was formerly a resident of this county, removing from Manchester, O., where he graduated from the High School in 1894. He was a prominent school teacher in this county for three years, in the meantime attending the Ohio Normal University at Ada, O., entering the Scientific Course. He then held a most responsible position with the K. of P. Fraternity for two years.

He is a young man of 24 years, with much integrity and firmness of character, and is blessed with a genial nature and much ability, especially in the newspaper line, as he is making a pronounced success of The Review. He has a bright future and has risen through his own efforts principally and by repeated hard struggles and is deserving of credit.

The Robertson County Grand Jury returned twelve indictments.

Mr. Charles Spillman, formerly of this city, has purchased an elegant country home in Mercer county for \$15,000.

The Danville City Council will pass an ordinance prohibiting the sale of cocaine, morphine, etc., to those so unfortunate as to be a slave to them.

James M. Literal, County Superintendent of Schools in Greenup, denies the report that he is a candidate for Congress on the Republican ticket from the Ninth District.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that coarser of all jewels, health, is often raised in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of cough, colds and bronchial affections by the regular use of Dr. Beecher's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a curative, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at J. Jas. Wood & Son's. Get Green's Special Almanac.

George Edgington made a bid of \$1,000 for her and George C. Miller, a lawyer, raised it \$5, and she was knocked down to him for the sum of \$1,006. He represented unknown parties, supposed to be the White Collar Line.

Itching Scalp.

Scald Head and the most Violent Form of Eczema and Salt Rheum Promptly and Thoroughly Cured by Dr. A. W. Chase's Ointment.

Among small children, scald head and similar itching skin diseases are most prevalent, and the worst feature is that these ailments, which are apparently trivial at first almost invariably develop into chronic eczema if neglected.

There is but one treatment that physicians are unanimous in recommending for scald heads and eczema, and that is Dr. Chase's Ointment, the great antiseptic healer. It promptly stops the distressing itching which accompanies these diseases and positively produces a thorough and complete cure.

Mr. J. H. Grant, Detroit, Mich., writes: "For three years I have been troubled by an intense itching on my body. So terrible was it at times that I could get no rest night or day. I tried all kinds of ointments and blood purifiers, but could get no relief. Mr. H. A. Nicolai of 370 Division street recommended Dr. Chase's Ointment. A few applications stopped the itching and I have felt nothing since."

Baby Eczema.

Mr. F. S. Rose, of 133 Sixteenth street, Buffalo, N. Y., writes:

"Our baby boy suffered for some time with that wretched eczema, and we were unable to find anything to cure or even relieve his pain. A few applications of Dr. A. W. Chase's Ointment stopped the itching and healed the sores, and a bright, natural skin now takes their place."

USED NITRO-GLYCERINE.

The Bank of Sturgis Robbed of Between \$3,500 and \$4,000—The Robbers Escaped.

Sturgis, Ky., Dec. 14.—The bank of Sturgis was robbed early Friday morning of between \$3,500 and \$4,000 by robbers who blew open the safe with nitro-glycerine. The robbers are thought to have escaped on horses and to have followed the railroad track several miles, but lost it then on account of the rain. The posse traced the robbers further than the dogs by finding occasionally penules that had been dropped and which are supposed to have been part of the booty. Sledge jammers were stolen by the robbers from a blacksmith shop.

The bank of Sturgis was recently warned by a detective that it might be robbed and therefore kept only a small amount of cash on hand, frequent shipments of money being made to Evansville, Ind., for safe keeping.

THINK VALUATION TOO HIGH.

Kentucky Distillers Ask The Board of Valuation and Assessments to Reduce It.

Frankfort, Ky., Dec. 14.—A committee composed of W. O. Bonnie, J. B. Wathen and John L. Dunlap, of Louisville, representing the leading distillers of the state, Friday presented to the state board of valuation and assessment the affidavits of the distillers that they believe \$8 per barrel to be the proper valuation of Kentucky whisky for assessment for taxation. The state board originally fixed the value at \$10 per barrel by the votes of Treasurer Hager and Secretary of State Hill.

The distillers are confident of securing a reduction to \$8 per barrel.

COMING TO TERMS.

Chili Makes a New Proposition to the Argentine Republic Concerning Their Differences.

ENGLAND IS WILLING TO MEDIATE.

It is Predicted That All Matters Between the Two Countries Will Be Honorably Settled.

Chilian State Council Recommends That the Strength of the Navy Be Increased to Fifteen Large Warships.

Buenos Ayres, Dec. 14.—(Via Galveston, Tex.)—Dispatches received here from Santiago de Chili say that Senor Yanez, Chilian minister of foreign affairs, has handed the basis of a new proposition to Senor Portela, the minister of the Argentine republic to Chili, to effect the impartial and friendly settlement of the dispute between the two countries.

If these bases are refused by the Argentine republic, Chili will make no further propositions. The refusal of the Argentine republic will be taken as indicating that that country desires war.

Buenos Ayres, Dec. 14.—(Via Galveston, Tex.)—The Chilian reply to the representations of the minister of the Argentine republic to Chili has not yet been made known. The newspapers here publish bulletins assuring the public that all matters between the two countries will be honorably arranged.

Santiago de Chili, Dec. 14.—(Via Galveston, Tex.)—The Brazilian government has proffered its amicable mediation in the Argentine-Chili dispute. It would seem here that this action will not be necessary as both the Argentine and Chilian governments hope to come to terms.

London, Dec. 14.—The Daily Mail has received dispatches from Valparaiso and Buenos Ayres expressing the belief that peace will be preserved and stating that Great Britain has notified both the Argentine and the Chilian governments of her willingness to mediate if requested to do so.

The Chilian state council, a dispatch adds, recommends that the strength of the navy be increased to 15 large warships.

TO PREVENT LABOR TROUBLES.

The Steel Corporation Adopts a Civil Service System For Its Employees on Steamers.

Chicago, Dec. 14.—The United States steel corporation has just adopted a civil service reform system for the 2,000 employes on its lake steamers, which is destined to have a far-reaching effect in preventing labor troubles in the future. Every man employed on ships will be entered on the lists and a careful record of his work will be kept. Promotions, it is stated, will be solely on merit as indicated in this record. Every boat is to have its place, and promotions will be from one to the other, with wages to correspond.

The steel corporation, it is said, goes farther than this, and at the outset of the new system will at an early date announce handsome sums which will go to the captains and chief engineers, making them to that extent stockholders in the company. Promotions will be from ship to ship as indicated in the classified list.
