Not much wonder that the topographers had trouble in locating Beckham county when several miles of it was over in Adams county, O.

At Grand Junction, Col., a grower has succeeded in raising seedless apples. These will, perhaps, facilitate the manufacture of appleless brandy.

The next Legislature should confine its operations to Kentucky, and not try to annex a portion of Ohio—even in order to find room for another useless county.

The engineer of the Beckham County Bill must feel exceedingly proud of his accomplishment. It isn't every jackass who can plant one foot in Kentucky and another in Ohio and jes' bray.

The Hartford Herald says the vote buyer can now rest assured that his goods will be delivered. The recent Legislature removed every element of chance in the vote-buying business when it passed a law requiring universal municipal registration and the issue of a certificate, which must be presented at the polls to entitle the voter to a ballot. The law practically offers a reward to those who become the most proficient in the illegitimate traffic of vote-buying. No penalty whatever is attached to the buying of these certificates, and the unscrupulous vote grabber can effectively prevent any one who will part with them from casting a vote.

The taxgatherers of Covington are trying to collect \$891 from the Pullman Company on its sleeping-cars that pass through that city. Why not just as well tax the steamboats that run up and down the river?

After all, Mr. Roosevelt may not be nominated by the Chicago Convention—for the reason that Chicago hasn't complied with the demands of the National Committee, and the Convention may be held in some other city.

It must have been purely oversight on the part of the late Legislature; else it would have decreed a new county called Goebel, taking a slice off Jefferson and "scooping" enough of the state of Indiana to embrace Indianapolis and ex-Governor Taylor. In that way the "extradition" question could have been most easily settled.

The Snivel Service Commission wants nineteen cooks to make hash and boil cabbage for the Indian Schools. It will be necessary, under Teddy's beloved Civil Service Rules, for an applicant to tell how old Ann is, or how much powder to put in a dog's ear to blow his tail off, before he is regarded as competent to wash a pot or grease a griddle.

On board Uncle Sam's battleship Kearsarge a short time since there was the usual target practice, when some dandy scores were made. One 13-inch gun, of the largest type used in the Navy, made six hits out of seven shots in five minutes and twenty seconds; an 8-inch gun, commanded by the regular crew, made ten hits in ten shots in five minutes and twenty-seven seconds; and a 5-inch gun made eighteen hits out of eighteen shots in two minutes. The attention of your Uncle Herr William, and of His Nibsky the Czarovsky, is respectfully solicited, and they are kindly requested not to get on the grass in front of these Yankee Gunners.

\$12,500 Asked For This Year's Budget For the State

The State Executive Committee of the Kentucky Young Men's Christian Associations held its annual meeting on Thursday evening, March 17th, in the city of Louisville. After the annual dinner, the Committee took up the business of the evening.

After twenty-five years of faithful service as Chairman, Mr. James Edwin Hardy was unanimously re-elected. Mr. John L. Wheat, Vice-Chairman, Mr. George L. Burton, Recording Secretary, and Mr. Val P. Collins, Treasurer, were re-elected by unanimous vote.

The following Secretaries were elected for the ensuing year: Henry E. Rosevear, State Secretary; F. J. Michel, City and Railroad Department; O. B. Van Horn, Religious and Educational Work Department; E. D. Lucas, Student Department; P. C. Dix and B. W. Godfrey, County Work Department.

The budget for the year will entail an expenditure of \$12,500 for the promotion and extension of this work throughout the state. Plans and policies for the promotion of all departments were adopted, and a great work is expected this year.

The local organization under the able administration of Secretary Brown is prospering and doing great good for the young men of this city.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver; and all the spirits ever made in the Bluegrass State could not remedy a bad liver or the hundred and one ill-effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower, the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus you are a liberal supply of "good spirits." Size, 25c; regular bottles, 75c. For sale by W. Ray, Postoffice Druggist.

Paine's Celery Compound.

"HEAVY AND DULL." "SPRING—TIRED."

"Could Not Feel Like Working"—Strength Came Back at Once When He Took Paine's Celery Compound.

"The writer feels that a word from him regarding the value of Paine's Celery Compound and the good it has done him will not be out of place.

"Last spring my condition was such as to occasion some alarm. My work exposed me to all kinds of weather and the effect was plainly felt. I could not feel like working, being very heavy and dull. My system was entirely out of order.

"As your remedy was very highly recommended by friends, I commenced its use, and could hardly credit the improvement brought about immediately. My strength came back and if my restored health had been accomplished by a doctor he would not have a better friend in this community. But I give all the praise to Paine's Celery Compound."—S. Frank Butler, Moores, Pa.

Worn Out and Depressed—Quickly Cured by Paine's Celery Compound.
