Yesterday morning Baker Wood of Market street crossed the river on the ice, bringing with him to this side a very light-weight, one-eyed sorrel mare, halter and all. She has a very good mane and tail, however. Shortly after the above incident a monument weighing 800 pounds was transported across on a sled.

The C. and O. Railroad's business at this place for the six months ending December 31st amounted to \$79,586, a daily average of \$442.65. This is due to the able management of that Company's genial and gentlemanly Agent, Colonel Will W. Wilcox, who is always on the lookout for business, and he gets it.

The 17th of March is a day in which St. Patrick and Colonel R. B. Lovel share honors. The clever and genial Colonel will on that day have completed a quarter of a century as a resident of this city. Would that Maysville had a thousand more like him to come and make their home here. May he live to be a hundred years old, always young, happy and contented, and when at last he "shuffles off this mortal coil" may old Peter give him a glad hand and a welcome smile on the portals of the redeemed.

A GREAT WEEK

Gospel Services Daily at 3 and 7:30 P. M. By the Evangelists

There have been magnificent audiences at the Baptist Church during the past few nights. The Gospel story is told in a manner so plain that even the average schoolboy can understand it, and yet in such a pleading and winsome way that the people never tire of hearing it.

The song services by the chorus of a hundred voices, led by Prof. Pearman, gladdens the heart and pleases the ear. If you have not attended the services you have failed to hear the volume of rich melody. Surely, God uses music as a helper in the salvation of souls, by breaking stony hearts under its magic influence. Prof. Pearman's solos go right to the heart.

The services are increasing in power and influence, and the coming week promises to be one of great interest and sweep. The afternoon services at 3 o'clock are of vital importance and are of great import to every Christian. The addresses at these services will be as follows and should not be missed by the Christian people; also, those who have made no profession, but desire to find out about this blessed Christ: Monday, an address on "Visions"; Tuesday, first address on "The Cross"; Wednesday, second address on "The Cross"; Thursday, the final address on "The Cross."

On Friday at 3:30 p. m. Dr. Ely will give a stereopticon address for school children on "Bonyan's Pilgrim's Progress." Next Saturday at 7:30 there will be a grand rally for all.

The regular services will be held every evening during the week at 7:30.

Tomorrow morning at 8:30 there will be a consecration service at the First Baptist Church, and in the afternoon at 3:30 o'clock Dr. Ely will deliver an address to men on the topic, "Nothing Hid." Prof. Pearman will sing and the Maysville Band will play on the street before the service. This will be at the Washington Opera-house. Let every man in Maysville turn out on this occasion and give the evangelists a large audience.

Mrs. John B. Orr is very ill at her home in Commerce street.

Bandmaster James Outten will furnish the music for the services at the Opera-house tomorrow.

TO THE FARMERS OF MASON

Maysville Can Secure the Location of a Canning Factory

A large pickling establishment of Cincinnati is considering the matter of establishing a canning factory in this city.

It is likely that their representative will be here on Monday and will make a statement to the farmers at the Council Chamber.

The farmers have been requested to meet there for the purpose of considering another matter, and this can be taken up at the same time.

Every farmer interested should be present, as it will be the desire of the representative of this concern to find out whether or not the vegetables which they will want can be gotten in sufficient quantities to justify such a factory.

ORGANIZED 55 YEARS

Washington Fire Company's First Meeting Was Interesting

The 12th day of next June the Washington Fire Company will have been in existence 55 years.

Of the number who organized and composed the Company not one is living today.

Perhaps the oldest living member is Mr. Charles H. Frank, who if he lives—and it is devoutly hoped he will—until the 10th day of February, he will have been an active member of the Washington for an even half a century.

In looking over the Company's book we find the following—

MAYSVILLE, Wednesday, June 12th, 1850.

At a meeting of certain citizens of Maysville on the evening of this day for the purpose of taking steps to organize a Fire Company, David Clark was appointed chairman and C. Rudy Secretary. On motion the Chair appointed a Committee consisting of the following gentlemen to draught a Constitution, By-laws, etc., viz: C. Rudy, W. H. Wadsworth and William S. Bridges. The third article of the Constitution of the Northern Fire Company of Cincinnati was adopted as an article of the proposed Constitution. An election having then been gone into the following was the result— President—David Clark. Vice-President—H. Rudy. Secretary—W. H. Wadsworth. Treasurer—Stanislaus Mitchell. Messenger—William S. Bridges. After which the meeting adjourned to meet Friday evening, June 14th, 1850.

MAYSVILLE, June 14th, 1850.

Company met, President David Clark in the Chair; minutes of last meeting read. The Committee on Constitution and By-laws made a report, which was adopted. On motion, the Company proceeded to adopt a name for the engine, one for the hose reel and for the Company. The President proposed Niagara for the engine, Oregon for the hose reel and Washington for the united Company; J. Outten proposed H. Clay for the hose reel; Pleghn proposed Duluge for the engine and Cataract for the hose reel; Bridges proposed Nineveh for the Company. Niagara was adopted for the Engine, H. Clay for the hose reel, and Washington for the Company. The vote was viva voce.

The following officers were elected— Francis McClanahan, First Director of Niagara.

John Ricketta, Second Director. Conrad Rudy, First Director of H. Clay. B. C. Larew, Second Director. Jacob O. Phistat, member of the Standing Committee.

The following members declared their adhesion to the Hose Company—C. Rudy, B. C. Larew, W. H. Wadsworth, G. Pleghn, E. G. Ricketta, H. W. Thompson, William I. Mitchell, Andrew T. Wood, William T. Wood and William S. Bridges.

A Committee of three was appointed to report the organization of the Company to the Council and to procure the engine, hose, hose reel, &c, viz: H. Rudy, Mr. President and W. H. Wadsworth.

On motion the Company adjourned to meet Friday, June 21st.
