Henry Laird of Millersburg has been granted a patent on a scaffold.

The members of the Kentucky Press Association, in session at Grayson Springs, voted to appoint a committee to draft resolutions pledging them to support candidates for office who are known to be favorable to the interests of the newspapers.

The motive for the murder of Stanford White is possibly indicated in a series of letters written by Mrs. C. J. Holman, mother of Mrs. Evelyn Nesbit Thaw, to Mr. White, and after the latter's death found among his effects. In the letters Mrs. Holman refers to Thaw as a scoundrel, a villain, and a man with murderous intent in his heart. She tells of an interview she had with Thaw, while they were in Paris, and declares that he wanted her to sign an affidavit to the effect that he had never intended to make Evelyn his wife.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
