MARTINSVILLE, IND., November 22d, 1906.

Time from which the memory of the average American workman runneth not to the contrary, California, and particularly the city of San Francisco, has had a Labor school of ethics peculiarly its own.

It was here, through the efforts of one Dennis Kearney, a blather-skite of purest ray serene, that the anti-Chinese crusade began, the numerous sandlots of that city being the forum of this "agitator" and his quickly-growing army of agitators.

I am moved to indulge these "incongruous remarks" by reason of recent developments in that unique city. A year or so since the Labor Unionists put out a candidate for Mayor. His name was Schmitz and he wore the full-sized, blown-in-the-bottle Union Label.

of Sheriffs armed with warrants for his arrest on numerous charges of blackmail!

Whereupon Mr. Gompers, President of the American Federation of Labor, proceeded to say that he was "shocked!" But he ought not to have been; for Schmitz was only carrying out the rule of the Walking Delegate that is fostered by the Gompers organization.

It may be news to some of the youngsters, but it was this same San Francisco that set herself up against Uncle Sam's "Greenbacks" during the War, demanding Gold from every lackless Easterner who happened within her gates.

In the light of these conditions, it looks like the Japanese children are exceedingly fortunate in being excluded from the Public Schools in California, for evil associates undoubtedly fracture one's morals.

I notice an unusual spasm of protest over the President's order dismissing in disgrace a battalion of Negro troops—I'll not insult the term soldier. Some of these Negroes got on a burrah, shot up a Texas town, killed at least one, and wounded several other innocent citizens.

I wonder if there would have been such a hullabaloo if these had been white soldiers?

It would be better, perhaps, if JOHNNIE ROCKEFELLER'S and HENRY HAVEMEYER'S millions of income were divided among a hundred or two persons, even if the poor widow did have to pay a few cents more for a gallon of coaloil or a pound of sugar.

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician.

COMPARISON OF RETURNS

Democratic Primary Did Not Affect Congressional Races

As some complaint is being made by the friends of the Democratic candidates for Congress in the Third, the Ninth and Tenth Districts, who were defeated in the election of November 6th, last, that their defeat was in the main due to the fact that the state primary election was held on the same day, some figures which have been compiled from official returns from both primary and Congressional elections will be of interest to them and to the voters of the Districts mentioned.

These figures, which were compiled by Judge Henry B. Hines, show that in the Ninth District the total vote cast for J. N. Kehoe, the Democratic nominee, was 17,314, while but 15,253 Democrats cast their votes for the candidates for United States Senator, a difference in favor of Mr. Kehoe of 2,061 votes.

The vote received by the Democratic candidates in the District, together with the total combined vote of Beckham and McCreary in the counties of the District, is herewith given.
