The tax rate at Dover has been fixed at 50c on each \$100 of appraisement. This is a reduction of 15c from last year, which becomes possible owing to the sale of the old brick plant to the Wamsley planing mill. The town is now practically out of debt.

D. C. McMath, who was sent to the Frankfort Penitentiary from Bracken county to serve a term of three years, in connection with the failure of the Foster Bank, has been granted a parole, and will be released February 1st permitting him to return home some four months before his time expired.

Falling Hair You Run No Risk When You Use This Remedy

While many people in their prime doubt the assertion that "the hairs of our head are numbered," yet there is today many a man and woman fast reaching the point where this statement is literally brought home to them. If you suffer from irritation of the scalp, and from dandruff, or if your hair is falling out, do not wait until you reach the point where you can actually count how many hairs are left on your head.

Most cases of baldness are caused because the roots lack proper nutrition. In such cases there is a microbe which bores through the scalp along the life of the hair into the root and when it lodges there it begins to destroy the fatty matter around the hair roots. When the scalp and hair roots are strong and healthy, it is impossible for these microbes to get in their deadly work.

I can promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using Rexall "93" Hair Tonic. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys microbes, stimulates good circulation around the hair roots, promotes hair nourishment, removes dandruff and restores hair health. It is as pleasant to use as pure water, and it is delicately perfumed. It is a real toilet necessity.

I want you to try Rexall "93" Hair Tonic with my promise that it will cost you nothing unless you are perfectly satisfied with its use. It comes in two sizes, prices 50 cents and \$1. Remember you can obtain it only at my store—The Rexall Store. Thos. J. Chenoweth

STOMACH CENTER OF HUMAN LIFE—ALL ELSE SECONDARY

The immense success which has followed L. T. Cooper during the past year with his new preparation has exceeded anything of the kind ever before witnessed in most of the leading cities where the young man has introduced the medicine. Cooper has a novel theory. He believes that the human stomach is directly responsible for most disease. To quote his own words from an interview upon his arrival in an Eastern city:

"The average man or woman cannot be sick if the stomach is working properly. To be sure, there are diseases of a virulent nature, such as cancer, tuberculosis, diabetes, etc., which are organic, and are not traceable to the stomach, but even fevers can, in some cases out of ten, be traced to something taken into the stomach. All of this half-sick, nervous exhaustion that is now so common, is caused by the stomachic conditions, and it is because my remedy will and does regulate the stomach that I am meeting with such success. To sum the matter up—a sound digestive apparatus that is doing its full duty, getting

every particle of vitality out of all food by transferring it to the bowels in a perfectly digested state—this above all else brings health."

Mr. A. C. Brock, chief of the Brock Restaurant, Market District, Boston, Mass., who is a staunch believer in Mr. Cooper's theory and medicine, has this to say: "I had chronic indigestion for over three years. I suffered terribly, and lost about thirty pounds. I was a physical wreck when I started this Cooper medicine, a month or so ago. Today I am as well as I ever was in my life. I am no longer nervous, my food does not distress me in the least, and I have a splendid appetite. I am gaining flesh very rapidly—in fact, at the rate of a pound a day. I would not believe any medicine on earth could have done for me what this has done. It is a remarkable preparation, and Mr. Cooper deserves all his success."

I recommend the Cooper preparations as being remarkable medicines.—Thos. J. Chenoweth.

LEBUS WRITES PRESIDENT

Lays Whole Burley History Up to the Man Who Knows What a Square Deal Is

WASHINGTON, January 20th.—A letter to President Taft from President Clarence Lebus of the Burley Tobacco and Insurance Company, appears in The Congressional Record today. It was placed there on motion of Representative Cantrell of Kentucky, who, in his speech defending Kentucky tobacco interests in the House last Monday, had this letter printed in connection with his address.

The letter is remarkable for its thorough covering of the matters at issue between the Burley Society and its enemies, and declares the Society has at all times deprecated violence and night riding outrages.

WET COMMITTEE WINS

First Round in Battle Over County Unit Bill—Doings of the Legislature

FRANKFORT, Ky., January 20th.—After four days of parliamentary battle, the opponents of the Unit Bill won their fight in the Senate in favor of referring the bill to the Committee on Religion and Morals, of which Senator Combs is Chairman, which Committee is believed to be opposed to the bill, and probably will make a report unfavorable to it.

The final line-up showed eighteen Senators in favor of referring the bill to the Religion and Morals Committee, and fourteen against such reference.

The temperance people refused all compromises and lost out.

The following were among the new bills introduced:

- Act to repeal the dog tax law.
- Act to exempt soldiers of the Civil War from paying a poll tax.
- Act to repeal the act creating the State Racing Commission.
- Act creating a County Text Book Commission to adopt a uniform series of text books, and regulating prices thereof.
- An act creating a State Game and Fish Commissioner of four members with power to appoint an Executive Agent at \$2,500 a year.
