

BE A BOOSTER.

If you see some fellow tryin',
For to make some project go,
You can boost it up a trifle;
That's your cue to let him know
That you're not a-going to knock it,
Just because it ain't your "shout,"
But you're goin' to boost a little,
'Cause he's got "the best thing out."

If you know some feller's feller's,
Just forget 'em, 'cause you know
That same feller's got some good points,
Them's the ones you want to show;
'Cast your loaves out on the waters,
They'll come back," 's a sayin' true;
Maybe they will come back "battered,"
Then some feller boosts for you.

We all mix a great deal of medicine we re-
fuse to take ourselves.

that, but she thought of great
deal stronger language. Don't give
your wife occasion for any such
thoughts. 'Phone us how much coal
you want and we'll have it in your

President's class everywhere.

Terrible Picture of Suffering

Clinton, Ky.—Mrs. M. C. McElroy in a let-
ter from Clinton writes: "For six years, I was
a sufferer from female troubles. I could not
eat and could not stand on my feet without
suffering great pain. Three of the best doc-
tors in the State said I was in a critical con-
dition, and going down hill. I lost hope.
After using Cardui a week I began to im-
prove. Now I feel better than in six years."
Fifty years of success in actual practice is
positive proof that Cardui can always be relied
on for relieving female weakness and disease.
Why not test it for yourself? Sold by all
druggists.
