When Your Tools
Need Grinding

It is but the work of a minute to sharpen a
chisel, a plane, a knife or any edged tool on a
Keen Kutter Grindstone.
Made of very carefully selected Berea grit—
mounted on an extra braced tubular frame that
never sways or "wabbles." Ball bearings
and double tread make it run as easy as a
bicycle. With this grindstone and an outfit of

KEEN
KUTTER

Tools and Cutlery

you are always ready for the finest or heaviest work.
Keen Kutter Tools are tempered for lasting edges and once sharpened
stay sharp indefinitely.
For the home they are ideal, doing better work with less attention
than the ordinary nameless kinds.
