INFANTILE PARALYSIS Case in East Maysville Exciting Much-Interest It is said that Arlio, the thirteen-month-old child of Mr. and Mrs. Huff Ginn of East Second street, is the victim of a genuine case of infantile paralysis, which is considered by eminent scientists as not only infectious, but one of the most dreaded maladies of modern medicine. It is caused by a parasite, 'tis said, which medical science has as yet never been able to discover. The Mason County Board of Health has taken charge of the situation and has had Dr. L. Brand, who has the case, to quarantine the Ginn residence and to publish the fact that should the disease become epidemic its results in Maysville would leave its mark of horror in a trail of paralyzed infants.

Maysville Wiped Up the Diamond With Richmond Yesterday—Size of Wallop, 14 to 2

Yesterday afternoon Maysville defeated Richmond by the handsome score of 14 to 2. Schrauder worked for the Rivermen and pitched a great game. Up to the sixth he was invincible and after the locals had scored fourteen runs he slackened up and allowed the visitors six scattered bingles. Jones yanked Black out of the box in the fourth and took his place. He turned the contest into a farce. Yesterday's feature was the base stealing of
