The committee on Ways and Means, through Hon John G. Carlisle, of this state, has an important bill permitting growers of "perique," the strong, coarse tobacco of the far South to sell it without paying the license when done up in "carrottes." It is necessary to prepare it in this form to preserve its properties, the tax, therefore, has fallen directly upon the planter. The bill ought to pass.

The leading editorial of the London Morning Post, of Monday says:

The behavior of the American Admiral and his men at Alexandria is beyond all praise. Amid diplomatic protests, European concerts and conferences, and naval demonstrations of imbecility, it is refreshing to find a commander who is able and willing, on his own account, to say what he thinks and do what he says. The sixty marines, physically speaking, could not do much, but there is a way of giving support which quadruples its value. The conduct of the Americans during the night alarm that Arabi Pasha was coming contrasts remarkably with that of the French and Italians.

Says the Eagle. We have heard more than one fair minded Republican assign as a reason for their determination to vote for Dennis Fitzgerald the publication of his vote for Billy Howe in 1874, and for kind old General Taylor in 1876. They say both votes show Dennis to be a warm hearted, sensible and honest minded man, who can rise above prejudice where the good of the community demands it. The publication was designed to injure Dennis, but it will give him three Republican votes where it will lose him one Democratic. These votes prove the substantial manliness of Dennis' nature.

John Carny stabbed and killed Oliver Sanburg, near De Soto, Mo.

The youngest girl waded out to get an apple she had let fall in the water, and sank down into the concealed well. Charlie Hockhart was in our village yesterday. I don't think Charlie comes over here to attend church. The attraction is in another direction. Success to you, Charlie, both in your store at Brooksville and all your efforts here.

Miss Smith of Dover, is visiting at Mrs. Brownings. She is very much complimented by the young men of our town.

The long talked of wedding came off last night at the parsonage in Germantown, and it may now be said that Mr. Wm. Brothers and Miss Laura J. Rigden are one. The ceremony was performed by Rev. W. W. Spates.

Five or six of the young men from Brooksville sped through this village several times Monday evening. We don't know whether to show the fast horses they were driving or the pretty young ladies they had in their buggy with them, in either case they were *ad gustum*.

Mr. Kelley, an enterprising tailor, is cultivating a crop of tobacco. Call and he will send to the city and get sufficient goods and make you a nice suit, and then he will spend his leisure hours in his tobacco patch. Germantown enterprise.

We don't sell any land out here, nor do we have any sales, so items are scarce. NOW AND THEN.

The citizens of our town on Sunday afternoons are very handsomely entertained by real handsome couples from our neighbor vil-

lages, driving up and down our streets. Now those who indulge in this ungainly way of counting and "cutting shins" ought to consider how many industrious people they disturb with their little affairs *de coeur*. PERSIMMONS.

## From "The Times."

Editor of the Times: I have been watching the correspondence in your paper for the past few weeks with much interest. Having been in the practice of medicine for many years, I have learned to have no confidence in the many proprietary medicines which are on the market and it was through the excellent recommendation given by Dr. Bates, and the knowledge I had of his veracity and ability as a physician that ever led me to lay aside my long existing prejudice, to try the only wonderful remedy, named Kendall's Spavin Cure which I find so many of your readers have also found to be so valuable. Rheumatism has afflicted me for years, and with all the skill I have professed to have in treating others I found myself unable to do anything to cure myself entirely. After suffering for years the difficulty became located in my hip and nothing that I could do seemed to affect it until I began to use Kendall's Spavin Cure, which has cured me completely. In all my experience as a physician I have never been able to make any compound which penetrates so thoroughly and works so admirably in removing old standing ailments, and at the same time hardly produce any irritation of the skin. It has done such with me that I have the utmost confidence in its efficacy, and can recommend it with the confidence that the proprietors do not claim too much for it. Respectfully, J. R. PORTER, M. D.
