

BIG CONGRESSMAN FROM FIRST SPEAKS FOR A. FLOYD BYRD

Large Audience Grets Speech of Hon. Ollie James At Court House Friday Afternoon In Interest of Mr. Byrd.

The Circuit Court room was crowded to the door and standing room was at a premium Friday afternoon to hear the Hon. Ollie James, Congressman from the First Kentucky District speak in the interest of Hon. A. Floyd Byrd's candidacy for Congress.

Mr. James said in part: "It is being asked of each Congressional candidate, are you a representative of the people or the corporations. The Democrats of this district have selected an honest and honorable man whom we pledge to be for the people and besides he pledges himself to represent the people."

"I was told that Senator W. O. Bradley and John Langley spoke in this room yesterday. I told them to fumigate it well.

"The tariff is but a tax. The word tariff was derived from a small island called Terif where a band of pirates stayed and as the ships passed with their cargoes they would go out and demand a part or take it all if you did not give it over. The tariff has always been a robber. No human person ever dreamed that the tariff was made to enrich so greatly or there would have been no government form in this country.

"Senator Dooliver in speaking on the tariff last year, said that Cook discovered the North Pole and Payne and Aldrich revised the tariff and President Taft congratulated both. But that if Cook did not reach the North Pole he came nearer than did Payne or Aldrich come to reducing the tariff. Each family in the United States uses 380 pounds of sugar in a year and the sugar trust picks your pocket for \$8 per year and Langley helped to make the law that enables them to do this.

"Langley goes around and tells you that he is against Cannon and that after what he has done for him but I want to tell you that it will be no use for him to be against Cannon for Champ Clark will be the next speaker. Langley, so I understand, boasts of the fact that he had the tariff placed on lumber. James G. Blair said that there would never be a tariff placed on lumber.

"The Republican party has strayed away from its doctrine and now we have a tariff on this article. The number of this country is owned by a few people. There are many people in this country who have no homes. I want these people to have their homes and am for free lumber for this reason.

"There is not a single shoe factory in this district and yet Mr. Langley voted against the amendment taking the duty of leather and is making you pay a high price for all leather goods. They increased the tariff on rubber raising the price of rubber shoes 25 per cent and who voted for this—your Congressman, Mr. Langley and every man, woman and child who buys rubber shoes has to pay tribute to Aldrich and the rubber trust."

FISCAL COURT IN SESSION

The Clark Fiscal Court met in special session Friday morning to consider the notice of the Clark County Construction Company that it would furnish no more stone and do no further work because it claimed the county had violated its contract. All the magistrates were present. Attorney Winn for the company stated that the company wished to present its sessions in writing. An adjournment was taken to 12:30 to give an opportunity to finish the writing. At 12:30 the court reconvened and the Construction Company stated that it could not have its statement ready until 3:30 or 4 o'clock in the afternoon.

Judge Evans stated that some days ago Mr. Hodgkin presented him with a written request to be informed of the amount of rock needed on certain parts of the Big Stoner pike. I told him it was a matter of which I knew nothing, as I had not been over the pike for more than a year and Mr. Haggard was absent. But I said you go and see Squire Dooley and wherever he tells you to put the rock, do so, and I know that will be satisfactory to the Road Supervisor.

"I want to disavow that I have done anything to retard the construction company in its work. Many of the roads are in bad condition and must be repaired. I have tried to do anything that would let them go along and get through. I was in favor of giving them some of the roads. Any contract this court makes I'll try my best to have carried out. I have never tried in any way to block the carrying out of this or any contract. I wanted to take out some of the roads in the first place, but I have done everything I could to carry it out. When the company got Wheeler and Powell to examine the condition of the bridges Mr. Haggard had them all repaired. I have nothing against the company.

Mr. Haggard said: The company has never, at any time intimated that they wanted anything that I have not dropped whatever I was doing to go and show them what they wanted. I went out to the far end of the Big Stoner pike with Mr. Hodgkin and showed him what was wanted. I told him that if they got rock from Squire Dooley I should not require so much at the far end and if they got rock from Mr. Will Gay I should not require them to spread so much on this end. I designed the places to skip. I told them I would not require them to make any longer haul than possible. I often let them alone as much as possible and sometimes Mr. Van Meter put on treble the amount I thought necessary. I gave them the same directions on the Big Stoner pike as I did on the Lexington and Iron Works pike and they never asked me for any other. So anxious to have them get along that I stayed away on the Big Stoner because I thought that bad rock was better than no rock at all.

In going with Mr. Hodgkin I pointed out one part to be repaired and another to be skipped and indicated right along just what was wanted. I never objected to their bills. We never had any dispute as to the amount of rock furnished nor the amount to be paid for except the screenings. I followed the same procedure on the Big Stoner as on all other roads. On motion of Squire Renick seconded by Squire Dooley the following order was unanimously passed:

Order. Whereas the Clark County Construction Company on October 25th, 1910, by a writing served on J. H. Evans, County Judge for Clark county, did notify said county by said writing that said Construction Company would furnish no more stone and do no further work under their contract with said county to repair the various turnpikes embraced in said contract, and whereas on October 26th, 1910, notice was given said company of a meeting of the Fiscal Court called for October 28th, 1910, to consider their complaint, and whereas the said Construction Company failed to make any statement to this Court, of their reasons for this action although duly notified on the 26th inst. of this session of court and being present by attorney now ask further time in order to state their position, and whereas some of the turnpikes embraced in said contract are now in bad condition and it is very necessary that they be immediately repaired before winter sets in, in order to save them from ruin.

Now therefore the Road Supervisor is ordered and directed to take charge of said roads and have them repaired as rapidly as possible. This October 28, 1910.

The court received and filed the inventory of the county farm prepared by Squires Swope and Goodpaster and ordered keeper Kissenger and his wife paid their year's salary. The magistrates ordered one day's pay for the meeting of the court and an extra day for

Squire Swope and Goodpaster for taking the County Farm inventory. The Construction Company stated it would file its reasons with the County Judge.

LEXINGTON TOBACCO SALE

The Highest Average Made at the Farmers' Warehouse.

The regular auction sales at the Lexington loose leaf warehouses commenced Tuesday at 9 o'clock. The Farmers' warehouse had one of the largest sales in the city. Nearly a hundred thousand pounds was sold on this floor. This was a little remarkable considering the fact that this house does not buy in the country but does strictly a commission business with the farmer.

The prices ranged from \$4.40 to \$19. The highest average realized by anyone for a whole load was made at the Farmers by Mr. Chas. Dearing of Versailles. His whole load averaged \$15.10 for all grades.

The improved lights at the Farmers' warehouse showed up the tobacco to perfection and created general comment. Mr. W. E. Lea, the new general manager seemed perfectly at home and made a splendid impression. Col. J. M. Finch, the auctioneer at the Farmers proved that he was the farmers' friend by pulling hard for the last little bid on each pile.

The Farmers Tobacco Warehouse is the Burley Loose or Bolmer House on South Broadway. The splendid sale made at this house Tuesday together with the courteous treatment extended to both seller and visitor made many a customer for the new management.

BRADLEY SPEAKS FOR LANGLEY

Senator Says He is an Old Fashioned Standpat Republican—Asks That Present Congressman Be Returned.

Senator Bradley followed Mr. Langley in the speaking at the courthouse Thursday and pleaded with the people to send Mr. Langley back to Congress. During his speech he stated that he was not an insurgent Republican, but a plain old-fashioned Republican, a standpater. He was careful not to mention the name of Roosevelt any more than possible only referring to him once and that was in regard to the endorsement he had given Mr. Langley. He said in part:

"It again affords me great pleasure to be with the good people of Clark county. I am here today to speak in behalf of one of the best representatives the Tenth District has ever had, Mr. John W. Langley. Mr. Langley has done more for the people of this district than any man you have ever sent to Washington. It was not his desire to make this race. He felt that he should go out and do for himself more but when President Taft heard of this he called him into his office and told him that it would never do for him to quit, and that he must come back to Kentucky and make this race.

"Mr. Langley also has an endorsement from Mr. Roosevelt and I ask you people of Clark will you also endorse him? He has gotten appropriations for public buildings, increase in pensions for the old soldiers, had bills passed to improve the water ways in your State and many other things.

"There are many things now before Congress that it is necessary to finish and to do this you must have a majority of Republicans to do it. If the Democrats should get a majority what could they do? As fast as they would pass laws they would be killed in the Senate.

"They talk about 1500 majority in Clark. I know this is a Democratic county and am sorry for it, but I know the good farmers who have enjoyed this great prosperity under the Republican rule will never do something that they will be sorry for afterwards. I also know that Mr. John W. Laneley will at least hold his own in this county.

"I would like for someone to tell what the Democrats have done in this country. Can you show me a law they have made? It was the Republican party that made the tariff law, the Republican party that framed the

postal laws. When the Democrats were in power it cost three cents to send a letter. We have reduced it to two cents and will shortly reduce it to one cent.

"The Democratic orators are talking all over the country about insurgency but what is it—it is only a difference between the Republicans on the tariff questions. Some want a higher rate and others a lower rate. At that the Insurgents will never do the Democrats a bit of good because they will never vote to do what the Democrats want. There are many Democrats who are in favor of a tariff law. There are many Democratic representatives who are spotted. They want a tariff on some things in one State on others in other States, etc. What they want is a tariff on something that they are interested in and do not want to protect their neighbors.

"When the Republican party comes before you they talk to you about what they have done and the Democrats about what they have not done. To the negro voters I ask if you are going to vote the Republican ticket this fall or are you going to sell out. The Republican party fought to free you and has stood by you ever since. It is the Republican party now that is making it possible for you to obtain the high wages that you now receive.

SCHOOL BOARD HOLDS MEETING

Two New Teachers Are Elected and Salary of Mr. A. R. Baldwin is Increased to One Hundred Dollars.

At the regular monthly meeting of the Board of Education Thursday night, two new teachers were elected. One of the teachers was elected to fill the vacancy caused by the resignation of Miss Osborne, the other to do substitute work. The teachers elected were Mrs. Harry Tanner and Mrs. French Tipton. Every member of the board was present at the meeting and although they were in session several hours very little work was actually done.

Mr. J. K. Allen, chairman of the organization committee, reported that in one of the rooms at the colored school there were one hundred and twenty-six pupils and that in order to take care of them it was necessary to have two sessions.

Mr. C. E. Bush, chairman of the building and sanitation committee, stated that the work on the new addition of the Hickman street school building was nearly completed; that the plumbing work in all the buildings was also about finished. He also said that the plumbing contractor was having a great deal of trouble in securing the sanitary drinking fountains.

Prof. R. M. Shipp reported that there were 34 pay pupils in the school. There was a total enrollment of \$07, which is the largest in the history of the school at this time of the year. The high school now has 91 pupils which is the largest number ever enrolled in this department.

Both Prof. Shipp and Prof. Garvin said that the work of Mr. J. M. Woodward, truant officer, was more than satisfactory as much of the present large enrollment was due to his faithful work.

The form for a teacher's certificate prepared by the committee appointed at the last meeting was accepted and ordered to be printed. Prof. J. H. Garvin reported an enrollment of 382 pupils in his school. He also said that the boys had formed an orchestra and was granted the use of one of the rooms at the school building in which they might practice.

The salary of Mr. A. R. Baldwin as treasurer, was increased to \$100 per year.

FREE DRINKS AT THE AUDITORIUM THEATRE

Mr. G. L. Wainwright, who operates the Roxa Kola factory has manufactured a new drink that he calls Sas T Fras, and every person present at the Auditorium will be given a drink free Friday night. The drink will be served at the fountain and the tables in the palm garden. An excellent bill is offered by the management of the theatre in Lew Woods "that ventriloquist." This act is the first of the kind this season and is one of the most amusing working the Sun time. And the splendid act on the bill is Cume and Earl, in a pianologue and comedy act, in connection with two good pictures the show is up to the standard.

TACOMA CENSUS IS INVESTIGATED

Director Durand in a Letter Reiterates and Emphasizes His Previous Allegation of Fraud.

WASHINGTON, Oct. 28.—Reiterating and emphasizing his previous allegation of fraud in connection with the census of Tacoma, Wash., Director Durand of the Census Bureau, Thursday forwarded to the Tacoma Committee a letter conceding the request for a re-enumeration of the population of that city.

In making the concession, the director makes the condition that no private individual or private organization shall in any way undertake to interfere with or assist in the work, except in such manner as may be applicable or indigestion.

FROSTS ARE PREDICTED BY WEATHER BUREAU

Light Snow Falls in Chicago and Hail Storm is Reported in Cleveland. Accompanied By Snow Flurries.

WASHINGTON, Oct. 28.—Killing frosts are predicted by the weather bureau for two mornings throughout the Western and Central States, and to extend Friday night into the Eastern section of the country and almost as far South as the Gulf coast.

Frost accompanied the first well marked cool wave of the present season influenced by a cold area with its center in the Rock Mountain region. Over the central valleys the cold wave swept down Thursday and was moving rapidly eastward. As the wave moves eastward from the Central States the weather in the Atlantic States will clear as the temperature falls.

CHICAGO, Oct. 28.—Snow—not enough of it to coast on, but enough to fill the first of the season—fell here Thursday for a few moments.

CALUMET, Mich., Oct. 28.—Northern Michigan is experiencing the first snow of the season. The snow is being driven by a thirty-mile gale of wind. Over three inches of snow has fallen in two hours. All boats on Lake Superior are seeking shelter and steam and electric railway service is demoralized.

CLEVELAND, O., Oct. 28.—Northwestern Ohio was visited with the first snow of the season Thursday. A fall which lasted for fifteen minutes was reported from Lima, while Cleveland experienced a severe hail storm accompanied with a couple of snow flurries.

MARION BROWN IS CAPTURED

Evades Officers For Many Months. But is Finally Taken By Sheriff Walter Crooks.

MT. STERLING, Ky., Oct. 28.—After evading the officers for many months Sheriff Walter Crooks has captured Marion Brown, of Jeffersonville, this county, who is wanted on the charge of violating the liquor laws of the State. Brown was taken before Judge McCormick and gave bond for his appearance at the next term of the Montgomery Circuit Court which meets in January. He has been badly wanted by the authorities.

FAMOUS HUMORIST TO APPEAR HERE

Opie Read, Author Journalist and Philosopher, to Deliver Lecture at Kentucky Wesleyan College.

Opie Read, the famous author, humorist, journalist, philosopher and other things too numerous to mention, will appear at Kentucky Wesleyan College next Friday evening, November 4, as the first attraction of the Lyceum Course to be given at

the college this winter.

Yes, Opie will be here! In order to demonstrate the fact that Opie is on hand, if necessary, I shall put a sign on him and lead him through the streets of Winchester on above said date lest the oft-suffering and kind-hearted citizens of Winchester be fearful that Opie will do the Sherwood act. Every number on this Lyceum Course will come off just as advertised and represented to the public so far as I can possibly bring this to pass. And I assure the public, that, if I fail in securing this result, they will certainly have their money back.

To return to Mr. Reed Under date of October 24, I received the following letter from Mr. Reed:

"My Dear Mr. Tigert—I thank you for your letter of kindly inquiry, but as I have not received my railroad schedule, I can't forecast the time of my arrival in Winchester. It is not necessary that any special arrangements should be made—just lead me out upon the platform, take off the blind bridle and 'turn me loose.' My subject: Well, Old Lim Juekin."

Yours, "OPIE READ."

On the platform at Clarence, Mo., Senator LaFollette made this statement: "I have heard nearly all the lectures, and in my opinion 'Old Lim Juekin' is not only the most original but withal, one of the very best lectures I have ever heard."

JOHN J. TIGERT.

FUNERAL SERVICES OF DR. WASHINGTON MILLER

Will Be Held at Winchester Cemetery Saturday Morning at 10 O'Clock By Dr. J. L. Weber.

The funeral services of Dr. Washington Miller, who expired suddenly Thursday afternoon of heart trouble, will be held at the grave in the Winchester cemetery Saturday morning at 10 o'clock conducted by Rev. J. L. Weber of Jackson, Tenn., formerly pastor of the Methodist church in this city.

Dr. Miller will be greatly missed by his friends in this city. He was born and reared in this county and has always resided here. His father, Mr. Wash Miller was also a resident of this county the greater portion of his life and lived where Mr. David Hampton now lives on the Two Mile pike.

With Mr. J. D. Simpson, Dr. Miller organized the bank of Miller and Simpson, now the Citizens' National Bank. Dr. Miller was twice married. His first wife was Miss Anderson and to them were born three children who survive him. They are Mrs. John M. Hodgkin, Mrs. L. H. Bush and Mr. Maurice Miller. His second wife was Miss Nellie Lampton, who survives. Dr. Miller was a member of the Elks' lodge and that organization will have charge of his remains.

Following will be the pall-bearers: Active—W. H. Garner, T. C. Robinson, J. W. Poynter, A. R. Splair, J. D. Simpson and O. S. Johnson. Honorary—Dr. Geo. O. Graves, B. F. Johnson, B. F. Curtis, Marcus Bean, A. Hood Hampton, J. W. Chambers and Elder J. W. Hayding.

FIRST SNOW OF THE SEASON

Falls Friday Morning—Ice Found on the Water Early in the Day.

The sudden change in the weather has caused fires to be started and old winter clothes brought out from closets. The change came as a surprise to this section. All during the month of October the weather has been unusually warm. Thursday morning it rained and this was followed by a cold wave. Friday morning ice was found on water that was exposed. Snow, the first of the season, began to fall at 11 o'clock Friday morning.

SELLS HOUSE AND LOT.

Tracy & Stokely agents for Mrs. Miner McIntosh, sold to Mr. F. H. Haggard a house and lot on Flanagan street Thursday. Price \$1 and other considerations.

NOTICE.

Winchester Shaving Parlor will close at 10:30 Saturday night; open 7:30 to 10:30 Sunday morning. J. K. Cahal, Proprietor.

LISLE WILL CASE MONDAY

Special Judge Will Be Appointed as Judge Benton Has Refused to Act.

The special term called by Judge J. M. Benton for the purpose of trying the Lisle will case will begin Monday. Judge Benton has declined to act as Judge in the case and a special judge will be appointed by the Governor. So far, no judge has been named. The Sheriff's office has been busy all this week summoning the jurors.

BOWEN TRIAL IS POSTPONED

Mr. F. H. Haggard and Mr. James S. Mullins, jailer returned from Morehead Thursday afternoon where they had been to attend the trial of Steve Bowen.

Mr. Haggard represented the defendant, Bowen, in the trial, which was continued until the October term of the court by Judge Owen.

LOUISVILLE SALES.

LOUISVILLE, Ky., Oct. 28.—Prices as a rule showed no quotable change as compared with Thursday. Friday, however, some improvement was in evidence as compared with Tuesday, particularly for the better grades of old burley, an advance of one-half cent ruling for high color grades. Old burley offerings amounted to 240 hogsheads, nearly all of which was of the 1909 pool.

The bidding was moderately active and the American Tobacco Company continued to buy its usual quota of offerings. One hog-head, good bright leaf, sold at \$19.75, the highest price so far realized on the pooled tobacco. The average prices were probably a little higher, due to the tobacco being of a little higher quality. Rejections were light.

REACHED \$20 AT CINCINNATI.

CINCINNATI, O., Oct. 28.—When the third day's sales opened Thursday at the Globe warehouse, by far the biggest crowd that has been present at the sales was on hand. The high water mark in the sales was made when E. H. Spillman, buying for the firm of Spillman & Ellis, bought in a hog-head of tobacco at \$20. T. H. Kirk, led all other competitors when he bought in 59 hog-heads. The prices ranged from \$13.50 to \$7.

ORGANIZATION OF NEW CHURCH

Takes Place at Courthouse With 126 Members. Officers and Deacons Are Elected.

The organization of the new Baptist church took place at the courthouse on Thursday evening.

The services were conducted by Rev. C. W. Eisey, of Cynthia, assisted by Brother Duke, pastor of Mt. Olive church.

Mr. J. W. Chambers was elected church clerk. Mr. Christy G. Bush was elected Superintendent of Sunday Schools; Mr. S. Clay Boone, assistant. Mr. A. J. Earp was elected secretary and treasurer. The following Board of Deacons was elected: John G. Allen, Christy G. Bush, A. J. Earp, Allen L. Spillman, S. Clay Boone, James A. Boone and J. W. Chambers.

Mr. M. D. Roysse was elected by the Board of Deacons on Friday morning as Solicitor for subscriptions for the pastor's salary.

The church adopted the Philadelphia Confession of Faith and a church covenant.

After January 1, the Sunday school will elect its own officers. Services will be held at the courthouse Sunday morning and night, and Sunday school at 9:30 in the morning. Prayer meeting on Wednesday evenings at 7 o'clock.

The advisability of calling a regular pastor will be considered at a later meeting. The new church has about 126 members.
