HARVEY STOCK COMPANY AT

OPERA HOUSE ALL WEEK.

Manager Dinelli, of the Winchester Opera House, takes great pleasure in announcing that he has secured a popular priced attraction of which he knows to be the best and largest repertoire company ever playing this city, the big city show, the famous Harvey Stock Company. This is the company's first visit to this city, and Mr. Dinelli is to be complimented on securing this attraction as he neither spared time or expense in booking them.

The Harvey Company is an organization that has the undisputed record of three solid years without losing one single performance in that time, their plays are the latest royal successes, and one can depend on attending one of their performances that they are going to witness a play that they have never seen before in connection with the drama of the evening, they will offer high-class vaudeville between acts, doing away with those tiresome waits, so often occurring. They have their own scenic and mechanical equipment, in fact everything to make their productions complete in every detail.

For the opening performance Monday evening, January 22, one of the latest successes in military society comedy dramas will be the offering, "The Girl of the Barracks." This play is not one of those blood curdling melo-dramas, but one that you can safely attend without fear of anything that is not elevating.

Ladies will be admitted free Monday night, if accompanied by a paid reserved seat ticket bought before 6 p. m. Monday. Seats are now on sale at the usual place. Prices are 10 cents, 20 cents and 30 cents.

THREE COLORED PATIENTS

Robert Murray, colored, was taken to Lexington, where he will be a patient in the colored ward of St. Joseph Hospital.

Another negro who was also suffering from frozen feet was taken to Louisville.

Willie Wade, who was thought some time ago to have smallpox, is well and has been released from the county jail.

A "Smooth-Faced Man." Today the expression "a smooth faced man" means, of course, in common parlance, one who shaves and does not wear a beard. But a hundred years ago it was used to describe one who had not been pitted with smallpox. Thus does the changed use and meaning of a common expression indicate the days when smallpox was a common scourge.

Enough to Vex a Saint. We often wonder how St. Peter ever gets rid of the female spirits who want to stay and argue it out with him.—Chicago Record-Herald.

OF INTEREST TO

CITY AND COUNTRY

Washington, D. C., Jan. 20.—Milton Whitney, Chief of the Bureau of Soils, of the United States Department of Agriculture, has advised the Southern Commercial Congress that he will be present at the Fourth Annual Convention, of the Congress in Nashville, Tennessee, April 8-10, and that he will preside over a soils conference.

As the question of maintaining soil fertility is the most crucially important question to all mankind, and as comparatively few agriculturists have yet learned how to build up soils, the importance of this conference will be immediately appreciated by both country and city alike. Managing Director Dawe will confer with Mr. Whitney as to the general program and speakers in this conference. Several points will be brought out.

1st—The South's astonishing diversity of soils.

2nd—The extraordinary amount of unoccupied land in the South.

3rd—The methods of maintaining and increasing fertility, both with and without the use of commercial fertilizers.

4th—Adapting crops to soils.

5th—The building up of soils. Attendance on the Congress is open to all. Special rates will prevail on all Southern roads.

COLDS VANISH

The Sensible Overnight Remedy For Sensible People.

After you have upset your stomach with pills, powders and vile nostrums and still retain possession of that terrible cold, do what thousands of sensible people are doing. Do this:

Into a bowl three quarters full of boiling water pour a scant teaspoonful of HYOMMI (pronounce it High-ome) cover head and bowl with a towel and breathe for five minutes the soothing, healing vapor that rises.

Then go to bed and awake with a clear head in the morning. HYOMEI does not contain opium, cocaine or any harmful drug. A bottle of HYOMEI Inhalant costs 50 cents at Phillips Drug Store and druggists everywhere. Guaranteed for croup, asthma, croup and catarrhal fevers.

OF INTEREST TO ENTIRE SOUTH

Washington, D. C., Jan. 20.—Henry S. Graves, Chief of the Forest Service, will preside over a Forests Conference in Nashville, April 8-10. This conference will be held as part of the Southern Commercial Congress, then in session. Mr. Graves will co-operate with the Southern Commercial Congress in bringing together in Nashville those who can give the best advice as to maintaining the forest leadership of the south and rendering its forests a constant source of wealth. To the conference all lumber men, manufacturers, and Southern legislators will be invited, to consider legal and other means of forest perpetuation. Being to the great destruction arising from insect pests and fires, the maintenance of Southern forests is of national importance, because of the rapid decrease of forest area in the United States.

RED CROSS DAIRY FARM

Dr. M. S. Browne Has Fifty Head of Fine Cattle Shipped Here And Fine Machinery Installed.

Since the opening of 1912 Dr. M. S. Browne has bought fifty head of cattle; Jerseys, Holsteins and grades, and has been receiving by rail, from the great dairy regions of the Middle West, machinery, mills, shredder, ensilage cutter, engines, separators and appliances necessary to the complete equipment of a modern, up-to-date dairy plant; capable of furnishing "certified milk" products, and is now about ready to have such a dairy put in operation at the old Karsner homestead, near the city, and on the Colby pike, on his 250 acre farm, known as "The Griggsby-Karsner Place."

None but young, vigorous and healthy, tuberculin-tested cattle, capable of producing the highest grade of milk, will be permitted on this farm; which, for the future, is to be devoted to the production of high-class milk, for the supply of Winchester's milk drinkers. The owner has the promise of the aid of Dr. Robt. Graham, head of Veterinary Science and Serum production at State College, and was aided by Dr. E. S. Good, head of Animal Husbandry, especially in selecting registered Holsteins.

Mr. Wm. Abney, an active young business man of large experience, has leased the above place for a term of years, and will run it in conjunction with the owner. For the present, his brother, Mr. Chas. Abney, a practical sanitary dairyman, aided by his wife, will have the management, and invites all prospective patrons, as well as all persons interested in securing a pure milk supply for Winchester, to visit and inspect the premises, cows, stables, water supply, feed, grazing lots, milk room, etc., which will be open to the public after 6 a. m. Monday, January 15. Also, after this hour all orders for cream, whole milk and butter-milk given over Home phone 899-x, will receive prompt attention as they shall be ready to open up the new "Red-Cross Dairy Farm" for business by that day.
