There is an epidemic of influ- enza in this part of the county.

Born, to the wife Wm. H. David- son, August 28th - J. S. Walker.

It still remains dry. Farmers for make only half crop, and the prospect for next is not very flattering.

White Mr. Poke Sparkes was out hunting the other day he caught a sound hog that he said weighed fifty pounds, the largest that was ever caught in the county.

Mr. J. G. Parris has closed a meet- ing at the Big Spring Church, in East county, with an addition of 50.

We had a light rain Sunday, but not enough to do any good.

Mr. H. B. Robinson and wife are visit- ing J. A. Robinson and family, of Estill county.

Mr. L. M. English has taken charge of the music class at Bethel. He is a fine teacher and will succeed.

STREET CARS IN CHILL.

Chill is the only country in the world that has female street car conductors. They are usually young and pretty, and street car riding is a popular amusement with the young men about town.

The corps of engineers of the Louisville Southern Railroad reached this city Friday last about noon. The route over which they ran was from Nicholasville.

Miss Amanda Anderson opened the High School on the 29th ult. Miss Birdie Gibson has gone to Midway to attend the Orphan school.

W. L. Moore, Jr., and family, of California, are visiting his father's family. Mr. Moore went to California 17 years ago, and this is his first visit home.

Mr. Schnayer C. Tudor, of Lexington, spent Sunday with the family of his uncle Gales J. White. He is "doing" the county in the interest of the Blue Grass Lighting Rod Company, of Lexington.

Some of the farmers have begun cutting their corn, and from appearances 'tis dry enough.

There are plenty of hogs of all kinds and sizes for sale in this neighborhood, with but few takers.

Mr. Eugene Burgin has again very abruptly decamped for the Wild West, and left his "gal behind."

Rev. H. B. Cokerell preached his last sermon at Providence last Sunday, unless sent back by conference.

Mr. Overton Burgin has been very sick for several days, and at this writing is improved but little, if at all.

The school at this place, under the tutorage of Miss Munday is in a flourishing condition, with an unusually large attendance.

Still we are dry and thirsty. Some of the "oldest inhabitants" have a very indistinct recollection of such a water famine once before.

Quite a sensation was created at this place last Saturday by the rapid movements of a boy and a pony. From the diminutive appearance of the pony and the enormous size of the boy, we could not tell which was running away with the other, but they went.

MOTHERS' WIVES' DAUGHTERS!

Be your own physician! A lady who for years suffered from distressing female complaints, weakness, etc., so common to her sex, and had de- spaired of a cure, finally found relief which completely cured her.

A NOVEL BET. - While I am not a betting man, said F. J. Cheney, of the firm of F. J. Cheney & Co., I considered it my religious duty to make that fel- low a bet. You see he was about dead, and I guess he would have died before Spring, if I had not got him on the bet.

THE BARBER CUT FOR IT. - And the old folks laugh when they find the pleasant California liquid fruit remedy, Syrup of Figs is more easily taken and more beneficial in its action than bitter, nauseous medicines. It is a most valuable family remedy to act on the bowels, to cleanse the system, and to dispel colds, headaches and fevers.
