A Former Madisonian Elected Mayor of Pineville.

The following concerning a former Madison county man was taken from the Louisville Dispatch of December 3:

C. T. Samuels is the first Democratic Mayor of the city of Pineville. He is an original free silver advocate, and contributed enthusiastically to the Bryan campaign. He was born in Madison county, Ky., and went to Pineville in 1880, and has accumulated money in the livery and banking business, he now being one of the directors of the First National Bank of that city. His wife is a daughter of Mr. Green B. Millon, of Madison county, Ky., who has been a member of the Madison County Court from the famous "Foxtown" precinct for forty years. Mayor Samuels' popularity is evidenced by the fact that he defeated a strong Republican in a town of usual Republican majority of nearly 175.

Prof. Minier's First Public Performance.

Prof. Fred S. Minier, the new and highly accomplished director of our band, played a concert solo, "Searer My God To Thee," at the Baptist church on Sunday evening, before a well filled house. The conditions were not altogether favorable, as the location of the choir in one corner rendered the acoustics faulty and the organ and cornet were not exactly harmonious, yet the Professor brought out the divine tones of his gold cornet, accompanied for him, we feel that his triumph is of state-wide importance. It was achieved in Republican rock-ribbed Garrard, the home of Gov. Bradley, and we rise to nominate this brilliant young fellow on the noble lineage for Attorney General in 1903.

Judge Hill Cannot Oppose a Lady.

Judge C. B. Hill, of Beattyville, who announced his candidacy for enrolling clerk of the house a few days after the recent election, has withdrawn from the race for that place and will be a candidate for chief clerk, for his reason for withdrawing from the race for the enrolling clerkship being that a lady, Miss Tobin, has become a candidate, and the judge says he cannot and will not run against a lady. He realizes that it is a bad policy to change horses while crossing the stream, but thinks he will land safely on the evergreen shore unless some fair lady should get in his way.

Not only is Mr. Witherspoon greatly honored in being chief of its staff, but even such a famous technical institution as Rose is honored by possessing such a splendid publication.

Mrs. Henry Clay's Recipe for Curing Hams.

This is the way Mrs. Henry Clay made the celebrated Ashland hams: For every 10 pounds of moderate size she took 3/4 pounds of fine salt, one pound of saltpetre and two pounds of brown sugar, and after mixing them thoroughly together, rubbed the hams therewith on both sides. They were then packed in a tight box and put in a cool out-house for about three days, then taken out and put in a pickling tub or hoghead and covered with brine strong enough to float an egg. After three weeks they were taken out, thoroughly rubbed with fresh salt and hung up in a well ventilated house for a few days to dry their hump in the smoke house and smoked with green hickory or walnut wood until the color of bright mahogany when each ham was sewed up in a canvass, the bag whitewashed and hung to dry.
