**THE AMERICAN GIRL.**  
 (Jesse's Journal.)  
 The American girl has no parallel among her sisters of other countries. She is a fine illustration of the dispo- sition that woman may combine with man in general pursuit of the good. Large liberty has been granted the American girl, and the liberty has not been abused. She has been emanci- pated, or, rather, has emancipated her- self to good purpose. American pro- gressiveness forced the American girl out of woman's traditional limits. The new sphere in which she found herself robbed her of those native graces which the unprogressive lament the loss of, but it was full time that woman came to see that she had more impor- tant mission here than as mere ornate- ment, under the old circumstances women might seduce the admiration of men, but the new regime, as in America, where they command that admiration, is far healthier. The weakness or timidity, goes openly and composedly about all lawful business, has thereby lost none of the essentials of true womanhood, and has gained much; for she is a stately and whole- some moral product, and because of her strength is not seldom sneered at by a class who desire women to remain the charming weak things that are glad to be toyed with a man's moments of re- laxation.

**Spain's Greatest Need.**  
 Mr. R. P. Oliva, of Barcelona, Spain, sends his warmest regards to the West- erners who have been suffering in the back of the head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stom- ach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing, you need it. Every bot- tle guaranteed, only 50 cents. Sold by Perry & Thomas, Druggist.

This journal although more particu- larly devoted to all that interests fi- nance, commerce and manufacturing, is nevertheless always awake to the need and wants of its readers, let the subject be what it may.

We were asked to investigate and re- port upon the merits of the various cat- arth remedies on the market. The most careful and painstaking investigation, realizing the confidence that would be placed in our reply. Our medical staff employed to make such investigations were most favorably impressed with the preparation known as "Hall's Catarrh Cure," manufactured by F. J. Cheney & Co., of Toledo, Ohio. It is taken inter- nally, acting directly upon the blood and mucous surfaces of the system.

Many of the catarrh remedies on the market contain mercury, which does the sense of smell and damages the whole system when entering through the mucous surfaces. From analysis, we found that Hall's Catarrh Cure contains no mercury. It is taken internally, acting directly upon the blood and mucous surfaces of the system. We have no interests whatever in this matter beyond faithfully serving our readers, and as our endorsement is extended without reward of any kind, and is wholly unsolicited by this com- pany, and will be received with the full- est credence that all our statements have met with for the past eighteen years.— Southern Review of Commerce.

**That Throbbing Headache**

**PAINT LICK.**  
 Mr. Bolton Kilgore, of Louisville, spent Sunday in town.

Miss Bettie Frances returned last week from a visit to Danville.

Miss Jessie Haley, of Cynthia, and Miss Denton are visiting Mrs. W. S. Fish.

Misses Margaret Harrell and Jennie W. Parkes left Monday to spend the week in Richmond.

Miss Jane Feland was the very pleas- ant guest of the Misses Lockey and Miss Frances during the past few days.

Miss Margaret P. Wilmore, accom- panied by Mr. Russell, a student of C. U., spent Saturday with the Misses Parkes.

Rev. S. W. Reid, of Louisville, is spending the week with his friend, Rev. L. P. Echols. He preached at New Hope Tuesday afternoon, also at

**M**ANY a dutiful daughter pays in pain for her mother's ignorance or perhaps neglect. The mother suffered and she thinks her daughter must suffer also. This is true only to a limited extent. No excessive pain is healthy. Every mother should inform her- self for her own sake and especially for the sake of her daughter. Write to Mrs. Pinkham, at Lynn, Mass., for her advice about all matters concerning the ills of the feminine organs.

**INDULGENT MOTHERS**

Many a young girl's beauty is wasted by unnecessary pain at time of menstruation, and many indulgent mothers with mistaken kindness permit their daughters to grow careless about physical health.

Miss CARRIE M. LAMB, Big Beaver, Mich., writes: "DEAR MRS. PINKHAM—A year ago I suffered from profuse and irregular menstruation and leucorrhoea. My appetite was variable, stomach sour and bowels were not regular, and was subject to pains like colic during menstruation. I wrote you and asked for your Vegetable Compound and used two packages of Sanative Wash. You can't imagine my relief. My course was natural and my general health improved."

Mrs. NANNIE ADKINS, La Due, Mo., writes: "DEAR MRS. PINKHAM—I feel it my duty to tell you of the good your Vegetable Compound has done my daughter. She suffered untold agony at time of menstruation; but the Compound relieved the pain, given her a better color, and she feels stronger, and has improved every way. I am very grateful to you for the benefit she has received. It is a great medicine for young girls."

Mr. Reid is an excellent young minister and an interesting speaker.

Miss Samerville Dawson leaves to-day for her home in Virginia. Miss Dawson has been the private teacher of the Misses Lee during the past year, and has made numerous friends in our com- munity, who are loath to give her up. She is a bright, talented young woman and a valuable addition to social circles.

The C. L. S. C. continues with weekly meetings and active interest. The new study, "Birds Through an Open Glass," promises to be one of delightful re- port. The main feature of the last meeting was a paper from the last- ing of Miss Fanny B. Parkes, "A Short Sketch of Mrs. Recamier and Mme. De Stael," which was read with animation and ease, to the delight of the circle. The next meeting will be held with Miss Fannie L. Wallace.

Some pretty girls are so vain that people refuse to admit their good looks.

**A GEORGIA CONVICT.**  
 The night before his execution a Georgia convict wrote the following letter to a friend: "Dear Jim: I send you five tickets to my hangin'; I want you to fetch all the family. Every- thing will be pleasant—wether per- mittin'. They have painted the scaf- fold my favorite color—which is bright red—like the dress Mollie Spikins were when I took her to Zeke Hanford's party—and I'm to swing in the middle of green lawn, sprinkled with daisies. I'll ask the sheriff to provide seats for you and your'n. I want you to hear my speech, which I do say it myself, is as good a piece of work as ever I done. So be sure an' come Jim, an' bring all the family."

**QUARANTINE AGAINST CATTLE.**  
 Gov. Stanley, of Kansas, has issued a proclamation which practically ex- cludes daily cattle from being exported into that State, thus hoping to prevent tuberculosis. Kentucky is included in the list of States.

Write Murdock Cure Co., Atlanta, Ga., enclosing 2c stamp for free sample of Murdock Catarrh Cure or Hyler's Dropsical Tablets. They promise to cure every case of Catarrh, Dyspepsia, or Uterus.

Gen. Lew Wallace has gone and got mad with the administration because of that Porto Rican tariff bill, and thinks a man like Olney at the head of the Democratic ticket would sweep the country. If Olney would sweep the country, Bryan would not only sweep but rake up the bones.—Mt. Sterling Advocate.

The liberal subscriptions of the oil, sugar and tobacco trusts to the next Republican presidential campaign fund will help President McKinley to pre- clude his conscience to a violation of pre- vious declarations made by him and to a continuance at a violation of the Con- stitution of the United States.

"I used Kodak Desperpela Cure in my family with wonderful results. It gives immediate relief, is pleasant to take and is the dyspepsia's best friend," says E. H. Hartgering, Overisel, Mich. Digests what you eat. Cannot fail to cure. Perry & Thomas.

**EXPLAINED.**  
 Wilson, Congressman from Indiana, wants his Republican friends to return him to Congress, and being called on explaining why he voted for that Porto Rican tariff bill, thusly:

"Boss McKinley and the rest of my party wanted me to and I could not re- fuse."

Win. Orr, Newark, O., says, "We never feel safe without One Minute Cough Cure in the house. It saved my little boy's life when he had the pneumonia. We think it is the best medicine made." It cures coughs and all lung diseases. Pleasant to take, harmless and gives immediate results. Perry & Thomas.

The Mormon elders who are engaged in "missionary" work in the South do not have a picnic all the time. In North Carolina three of them were tarred and feathered and ridden on a rail in Florida one preacher and a rascal was promptly knocked down for declaring in public that "the women of the South have no virtue."

M. H. Smith, Eatenet, Mich., says, "DeWitt's Kidney Pills are the very best pills ever used for constiveness, liver and bowel troubles." Perry & Thomas.

Some of the administration papen- eekers at Washington are sneering at President Harrison for his sharp criti- cism of the Porto Rican tariff bill, asserting the interest of the farmer. Mr. Harrison, at any rate, has this advantage over the present occupant of the White House. He was never accused of political weather-cock and has never accused of shifting his sails to catch every passing breeze.—Georgetown Times.

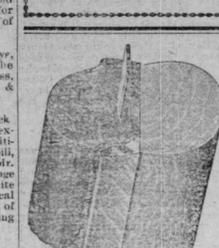

**FOUND A GOLD MINE**  
**IT WAS IN HIS POULTRY YARD**

People in the neighborhood of Cres- ton, Iowa, are amazed at the number of eggs that this man drives to market with. When asked what was the cause of his hens being so prolific, he stated it was all in a certain compound he was using, that kept his hens in good con- dition and furnished them with the proper stimulus to egg production. American Poultry Mixture, is the name of it, and is made by America Mig. Co., Terre Haute, Ind. Every man in the poultry business is interested in the health of his hens and their laying capacity. In the eggs lies his profits. This mixture is guaranteed to in- crease the production of eggs 100 per cent, or money refunded. It will do more than three times as much as the same amount of any other compound. It is concentrated in form and the result of years of practical experience in the poultry business. There is absolutely no doubt as to what it will do, and you are invited to try it at the expense of the company. Send \$1.00 for a sample package and if it doesn't do the work you get your money back. This is fair and is made to induce practical poultry- men to give it a trial. It is also a sure preventive of such disease as the ter- rible cholera and roup which create such havoc in all parts of the country. It acts directly on the crop and gizzard and it is thoroughly scientific prepara- tion.

The manufacturer guarantees every package or refund purchaser's money. If your druggist don't sell American Poultry Mixture, he's behind the age. In that case order direct from Ameri- can Manufacturing Co., Terre Haute, Indiana.
