## ROYAL

The Absolutely Pure **Baking Powder** Made of Cream of Tartar, and Free From Alum or Phosphatic Acid

Royal Baking Powder renders bread, biscuit, cake and all flour foods finer and more healthful.

Baking powders made from alum, phosphates and other harsh, caustic acids are lower in price, but they are injurious to the stomach.

"The injurious effect of alum on the mucous coat of the stomach is positive and beyond dispute; it is both an irritant and an astringent. The use of alum in any article of food or article used in the preparation of food should be prohibited."

### THE BOLEN FUNERAL

The Princess Theater Was Too Small To Hold the Crowd.

Middlesboro, Ky., Oct. 7.—As the result of the assassination of Jack Bolen on Wednesday evening the citizens of Middlesboro and Bell county are up in arms. The funeral services were held in the Princess theater. The intention was to hold them in the Baptist church, but the crowd demanded a larger place. Three hundred or more members of the Odd Fellows and Junior Order of American Mechanics, of which orders Bolen was a member, augmented by visiting lodge men, attended in a body, and the public schools were dismissed. Over 600 school children marched to the funeral in a body. The spacious theater was inadequate to hold the crowd.

### EXTORTIONATE RATES.

Petition That Commonwealth Be Made a Party To Complaint.

Frankfort, Ky., Oct. 7.—Attorneys William Lindsay and Bennett H. Young, representing the state of Kentucky by employment by Gov. Beckham, filed with the Kentucky railroad commission a petition that the commonwealth be made a party to the general complaint of discrimination and extortionate rates, preferred by numerous shippers throughout the state against all railroad companies operating lines therein, and asking that from this time the complaint be allowed to be prosecuted in the name of the people. The petition will be heard and passed upon at a meeting of the commission, to be held here, beginning October 12 next.

### FRANK BALL INDICTED.

Charged With the Assassination of Jack Bolen at Middlesboro.

Owingsville, Ky., Oct. 7.—At Pineville, Bell county, Frank Ball, prominent citizen, was indicted for assassination of Jack Bolen, who was murdered at Middlesboro Wednesday night while sitting in a barber chair. The assassin fired through the window. Ball and Bolen had had trouble and Ball had drawn a revolver on Bolen. Ball had been indicted for this two days before the assassination. Excitement is great in that section and troops may be asked for. Robert Ball, brother of the murdered man, was arrested on complicity charges.

### Inhales Flames; May Die.

Covington, Ky., Oct. 7.—Mrs. William Rose, 55, 310 Foote avenue, Bellevue, was fatally burned at the home of her son, Thomas Rose, when gasoline exploded. Mrs. Vassant, a neighbor, heard her screams and smothered the flames. Dr. Robertson thinks Mrs. Rose inhaled the flames and her recovery is doubtful.

### Dan Gregory Gets a Parole.

Frankfort, Ky., Oct. 7.—The state prison commission granted a parole to Dan Gregory, colored, an inmate of the prison here. Gregory was sent up from Jessamine county in November, 1904, to serve two years upon conviction of breaking into an outhouse.

### Graceful Women

The scent of the violet or rose is as precious as the lovely flowers themselves. They breathe they are, and while the lives of flowers are brief and we can only enjoy them for a day, the beautiful woman has the pleasure of her fragrance to us as a permanent blessing. The soft fragrance of a beautiful woman suggests purity, health and elegance; she is the refinement of civilization; an index always of good taste and an unerring badge of gentility.

#### BANKERS OF KENTUCKY.

Elect Officers For the Ensuing Year and Perfect Organization.

Louisville, Ky., Oct. 6.—Brief speeches relating to the unparalleled prosperity of Kentucky were the feature of the second and last day of the bankers' convention in this city. Oscar Penley, president of the Bank of Kentucky, in Louisville, was elected president. Other officers elected were as follows: Vice Presidents by Congressional Districts—First district, C. T. Rice, Fulton; Second, Ross Givens, Providence; Third, M. L. Pugh, Adairville; Fourth, J. M. Knott, Lebanon; Fifth, Henry C. Wallace, Louisville; Sixth, W. R. Ellison, Latonia; Seventh, George Alexander, Paris; Eighth, R. R. Burnam, Richmond; Ninth, J. N. Kehoe, Maysville; Tenth, J. S. Head, Jackson; Eleventh, John W. Siler, Williamsburg; secretary, Isham Bridges, Louisville; treasurer, Henry D. Ormsby, Louisville; executive committee, Samuel Cassidy, Louisville; E. L. Lee, Covington; T. H. Dees, Murray, Ky.

#### W. R. FLETCHER MUST HANG.

He Was Convicted of Abusing Mary Glader, a German Girl.

Russellville, Ky., Oct. 6.—The jury in the case of W. R. Fletcher, a white man, charged with abusing Mary Glader, a German girl, returned a verdict of guilty and fixed the punishment at death. Women pinned flowers to the jurors' coats and made other demonstrations of delight. Fletcher is 62 years old, father of five children and three times a grandfather. His three daughters were shot from the verdict and read and wept bitterly, but Fletcher, while very pale, did not shed a tear. Guy Lyon, charged with the same crime as Fletcher, is now on trial. The proof against Lyon is stronger than that against the other two, consequently it is safe to say he, like Spera and Fletcher, will receive the death penalty.

#### KENTUCKY PYTHIAN KNIGHTS.

The Grand Lodge Voted To Sell Home For Widows and Orphans.

Hopkinsville, Ky., Oct. 6.—After an exciting discussion that lasted until midnight the grand lodge, Knights of Pythias, of Kentucky, decided by a vote of 112 to 97 to dispose of the Richardson-Gibson property near Lexington, which had been purchased as a home for the widows and orphans of deceased Knights. The grand lodge then, by a vote of 133 to 96, decided to sell the property and reinvest the funds. The grand lodge decided to fix the minimum initiation fee at \$10. It has been \$15. The next meeting will be held in Louisville.

#### ASSASSIN SHOOTS TEACHER.

The Victim Had Just Returned Home From Church.

Hickman, Ky., Oct. 6.—After he had returned from church, Emmet W. Roach, a prominent citizen and teacher of this county, was shot from ambush. Roach lived 30 minutes and gave the name of his assassin, which has not yet been made public.

#### Kentucky Claims Are Allowed.

Washington, Oct. 6.—The war department has notified Capt. C. C. Calhoun that the following Kentucky claims of \$135 each have been allowed for losses sustained unlawfully by confederates: E. A. Hensley, Battletown; Nicholas Hadden, Mt. Sterling; J. F. Williams, Winchester.

#### To Repair the Henry Clay Monument.

Lexington, Ky., Oct. 6.—Lexington lodge of Masons, No. 1, of which Henry Clay was once master, has decided to call upon Masons throughout Kentucky to unite in an appeal to the next legislature for an appropriation to repair the headless monument to the statesman.

#### Man Found Dead in a Field.

Georgetown, Ky., Oct. 6.—A tall man, weighing about 175 pounds and 60 years old, was found lying in a field near Elkhorn river, where the bridge crosses on the Cincinnati pike. He was covered with blood. A pistol lay at his side, with one cartridge expended.

#### Covington Pioneer Dies.

Covington, Ky., Oct. 6.—Mrs. Pauline Hamner, 70, died in St. Elizabeth hospital of smallpox. Mrs. Hamner was one of the oldest residents of Covington, and, with her husband, Abraham Hamner, who survives her, kept a stall in Covington market until a few years ago.

#### Rounded Up By the Police.

Lexington, Ky., Oct. 6.—The police department in charge of the grounds during the trotting meeting arrested nine men on suspicion and locked them up at the quarters on a charge of vagrancy until their identity could be established.

### CHILD SUICIDES GROW

BERLIN CRITICS SAY HARD WORK IS CAUSE.

Socialists, Clergymen and School Critics Attempt to Get at Reason for Self-Suicide of Life—Conditions Alarming.

Berlin.—Several distressing instances of children's suicides have occurred since the autumn term began. This has brought on a discussion of the conditions of school and home life and endeavors are being made to trace the cause of that increasing feebleness of the desire to live which is affirmed the 11,000 suicides of 1903 indicate. The statistics of children's self-murder in Saxony show that although only seven persons under 14 committed suicide in 1901-1902 the number rose to 21 in 1903. The suicides of adults in Saxony increased in the same time from 1,388 to 1,427.

The causes of suicide in Germany are regarded as being exceedingly subtle and in the current discussions the personal views on the subject have generally been decided by the observers' opinions on other questions.

The socialists account for the suicides by economic reasons which they say result in making it harder to get subsistence, than life generally and throw shadows over the lives of the children.

The clerical view is that the absence of faith, the increase of irreligion and the growth of sensual materialism explain the weakening desire for life and that a revival of spiritual aims would lessen suicides by increasing the serenity of living.

Critics of the school systems assert that children are forced too much; that they are overstimulated and are given tasks which are impossible for their capacities and that the accumulation of capacity and that accomplishments, the fear of reproach and injury to self-pride push the child toward suicide of which he often hears his elders refer to as a refuge.

An instance is given of a 12-year-old boy who had failed to do a Latin exercise properly and was sent home to his father. The boy's mother had entered his father's room shot himself. In identical circumstances another boy threw himself out of a window.

The total number of children's suicides in Germany during 18 years was 747, just under 42 annually.

### ARMOR STANDS TEST.

Trials at Indian Head Show Plates for the Tennessee Type of Ships Have Great Resistance.

Washington.—Hear Admiral Mason chief of the bureau of ordinance, gave out this statement in regard to the armor tests made at the Indian Head proving grounds.

"An interesting test took place in continuation of the series of experiments begun last March to determine the resisting power of the Tennessee class armor. The armor was subjected to a series of tests with various kinds of explosives. The six and eight-inch guns were used in the test, the strongest being the projectiles being those corresponding to ranges from 5,000 to 6,000 yards. The target was a structure built in exact imitation of the side of the Tennessee, with all decks, bulkheads, etc., completely exposed.

"The results were, on the whole, extremely satisfactory as regards the design of the ship. The damage done by the bursting shells was localized within the compartments where the explosion took place, and while the damage to both personnel and material within the compartment would undoubtedly have been very great, the ship as a whole would have been intact at the conclusion of the firing.

"As a final test a 12-inch shell was exploded within a closed compartment just above the armored deck. The local effect of this was considerable, but the armored deck was not penetrated."

### DISASTER IN IRRIGATION.

Engineer Wisner Predicts Destruction of Land in Southern California in Twenty Years.

Detroit.—Disastrous results from irrigation in the Imperial valley of southern California were predicted by George Y. Wisner, of Detroit, an engineer of national reputation and member of the international water ways commission. Mr. Wisner was speaking before the Detroit Engineering society.

"Within 20 years thousands of people who have taken up government land in the Imperial valley will be driven out by water, their homes and fields forming the bottom of an immense inland sea," he said. "The cause of the coming catastrophe will be poor engineering in diverting the course of the Colorado river for irrigation. The stream has cut into the banks of its new course to such an extent that nearly all of the Colorado river flows down into the valley. The engineers realize the danger, but after many frantic efforts have failed to change the course back to its old bed.

"Not for 20 years will the evaporation down there be equal to the inflow into the valley. By that time a million acres of the valley, which is 60 to 95 feet below sea level, will be covered by an inland sea."

### Triplets Born to Girl Wife.

Triplets, whose combined weight is 25 pounds, were born to Mrs. Mary Wright, of Marshalltown, Ill., who weighs but 105 pounds herself and is only 17 years old. The birth of three babies of such weight to such a young and small woman is said to be without precedent in medical annals.

### MURDER MAY RESULT.

Harry Rich, of Covington, Stabbed By Unknown Parties.

Covington, Ky., Oct. 9.—Harry Rich, 18, of West 16th street, is at his home in an unconscious condition and may die from stab wounds received. About 7 o'clock his parents attempted to arouse him and failing to do so, became alarmed. An investigation discovered that he was suffering from a bad wound over the right eye. Dr. Ben Eckman was summoned, and after attending to arouse Rich, found his condition more serious than at first anticipated. He located a stab wound on top of the head and shoulder and bruises about the body, as if from kicks. His wearing apparel was reduced to shreds. How he got home and who assaulted him could not be ascertained at the time. His condition grew worse and another physician was called, who found the patient had suffered paralysis of the left side, with indications of concussion of the brain. It was also ascertained that the assailant was committed on the Lexington pike, near the lime kiln, a mile from Covington, about 2 o'clock in the morning and that the name of Rich's assailant is known by the authorities.

### FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and

### BEEES HIVE IN A CHIMNEY.

Wealthy Man's Home Is Chosen by an Army of Insects as Place for Making Honey.

Los Angeles, Cal.—A shower of soot, followed by streams of honey, emerging from the gas grate into the drawing room, dumfounded the family of Lemuel J. Felby, who occupies a handsome home at Arlington Heights.

Investigation, hurriedly made to stop the stream and save the drawing room from ruin, showed that a large colony of bees had selected the chimney of the Felby residence for their honey making. It being convenient to an unlimited supply of choice flowers that beautify that neighborhood. During the heat of the last week something went wrong in the structure of the honey factory, causing the golden store to flow down the flue into the house.

There was such an abundant supply that the preponderance of soot was soon overcome, and the last of the sweet stream to enter the drawing room was spooned up and served on the table.

### The Poetry of Peace.

There are daily indications that Russia would now welcome an alliance with Japan. Peril is a monster of such yellow mien, that to be hated needs but to be seen; but seen too often, familiar with his face, we first endure, then envy, then embrace.

### Did a Great Work.

James Carey Walker, of Baltimore, blind student for the ministry, has performed a remarkable feat of reducing to the point system 11 chapters of the book of St. John and Hadley and Allen's Greek grammar in Greek
