#### BALL STICKS TO HEDGEHOG

Tennis Player Makes Star Drive and Is Surprised to See Sphere Move Through Undergrowth.

Bemis, Me.—Mrs. J. T. Hackley, of Brookline, Mass., who has been spending the summer at a camp on Lake Hangleley is an enthusiastic tennis player, and spent a part of nearly every morning on a court built by clearing off a section of wood just back of the camp. These sides of the court were thickly forested and balls were frequently lost in the undergrowth. "I shall hunt for the next ball until I find it," said Mrs. Hackley, and true to her word, she devoted nearly an hour to searching for the sphere, which a strong drive sent into the forest.

She was almost on the point of giving up when she saw the ball resting on what she thought was a bed of grass moss. She reached for it, and the ball moved. She was startled, but, thinking she had been mistaken, she again reached forward. This time the ball again slipped out of her grasp, and her hand came down on the back of a hedgehog with enough force to drive 100 quilts into the tender flesh. Blood poison set in, but prompt medical attention prevented it from becoming general.

#### New Road to Glory.

The "poison squad" are now to be fed on cold-storage food. Their observations and reports on their diet will, consequently, be anything but official hot air. The young men composing this celebrated squad are heroes, possibly martyrs. Many men before them have starved to death in the cause of duty; they are the first to be willing to eat themselves to death to serve their country.

#### Values of Moths.

The national museum has a collection of moths which it values at \$1,000,000. They must have been fed on the choicest kind of stuff.

#### ARE WEDDED IN OLD AGE.

Couple Who Eloped in 1871 Just Married in Iowa—One 75, the Other 62.

Des Moines, Ia.—After living for 34 years with the servant girl with whom he eloped back in Ohio in 1871, a divorce from his deserted wife just having been obtained, George M. Wilson, of Seymour, aged 75, has married Rebecca S. Farmer, aged 62.

The news was communicated to the pension office to settle a controversy which has arisen as to whether the deserted wife in Ohio is entitled to a widow's pension, which she claimed, supposing her husband to be dead.

Wilson was not located until a few months ago, when the pension department found that he was alive at Seymour and living with Miss Farmer, although his wife was collecting a pension in Ohio. His two grown-up daughters came to Seymour to entreat him to return, but he refused. The wife then sued for divorce it was settled, and Wilson has now married his second wife.

## For Thin Babies

Fat is of great account to a baby; that is why babies are fat. If your baby is scrawny, Scott's Emulsion is what he wants. The healthy baby stores as fat what it does not need immediately for bone and muscle. Fat babies are happy; they do not cry; they are rich; their fat is laid up for time of need. They are happy because they are comfortable. The fat surrounds their little nerves and cushions them. When they are scrawny those nerves are hurt at every ungentle touch. They delight in Scott's Emulsion. It is as sweet as wholesome to them.
