WEDNESDAY, MAY 29 - - - 1912

Once more the poor old patient consumer must dig down into his pockets and pay tribute to a trust. This time it is the coal trust, for the announced price for the usual amount of coal for the usual season and summer discount of 20 cents per ton will not be allowed this year.

The excuse given for this latest raid on the public's purse is that there is a shortage, and that it costs more to mine coal, on account of the increased pay granted to the miners.

It is known that there is no coal shortage. The coal trust expected, long before the expiration of the miners' contracts in April that there would be a shutdown, and in anticipation of that shutdown they stored up vast quantities of coal. Instead of a shortage there is an actual over-supply.

That the politicians in the Senate are still deaf to the voice of the people is evidenced by the fact that the Lorimer committee, the majority of whom are last ditch standstuffers, has once more whitewashed the Chicago boss.

There is little doubt that if the people of the United States could vote directly on whether Lorimer should be retained in the Senate, the only ones who would vote for Lorimer are his personal henchmen and job holders, and the tariff barons, who need him in their business.

More than 99 per cent of the 92 million people would be against his retention. Yet the Senate Committee is deaf to the protests against him, and to the groans of shame of his election, and dumb when pressed to say the word that would send him back to the oblivion where he belongs.

"WOMEN AND CHILDREN FIRST!" was the order on the Titanic. "Women and children first" is the motto of all fraternal societies. Over 8,000,000 members of fraternal beneficiary societies in the United States have adopted it. Ours is prominently the age and the land of chivalry.

It is a bit of philosophy from an exchange. If we didn't have dark and gloomy rainy days occasionally, we wouldn't fully appreciate the beautiful sunshine. A man who has been everlastingly broke appreciates a dollar more than the rich man does a thousand.

"Two Maryland men ate ninety-seven eggs at one sitting." And here all of us have been trying to figure out why the price has been so high.

It is the recall, a Missouri man, when he sends wedding presents, stipulates that they shall be returned in case of divorce.

He was transferred to the Western North Carolina conference several years ago. Mr. Moore has taken a number of conferences, he is stationed in the first appointment in his district. Mrs. Moore and her family are of the families of North Carolina, one standing high in the ranks of the church. Her sister Miss Terrie Nuttall is one of the missionaries of the church in Mexico. Miss Lehigh was appointed here last year as assistant to Miss Bennett, by the Woman's council of this city. In addition to this, Miss Lehigh has been associated with the organization of the churches for several years, and has been officiating and helpful service as a deaconess. She has greatly endeared herself not only to the members of the Methodist church but to the Christian workers generally who have learned with much regret, that the authorities of the church have taken her out of the field of labor. The Prayers and best wishes of her many friends here will follow her. She goes in the near future to Spangenberg, S. G. to take charge of the "Weoley House" there.

Deaths

W. H. Wherrett, aged 87, one of the oldest and most highly revered citizens of Lancaster, was found dead in bed Friday. The death of Mr. Wherrett removes one of the most historic characters of this city, having been a continuous resident since 1859. Having been prominent in local affairs, and having filled several municipal and civic offices. He was a native of Madison county. He leaves a wife, one son and two daughters, W. C. Wherrett, Mrs. W. H. Hoyle and Mrs. Kate Berkie, all of New Orleans, one brother, T. P. Wherrett of this city, and three sisters, Mrs. Martha Haley of Richmond, Mrs. Clark Gilman and Miss Lizzie Wherrett also of New Orleans.

Mr. C. S. Minter, who was kicked by a horse about three weeks ago, died at his home on Boonesboro pike, Monday night as a result of his injury. While his condition was regarded as serious from the outset, friends of this excellent citizen felt that his brave fight for life would be rewarded by his restoration to health. However, the past week witnessed a great change for the worse and the spirit of this much admired gentleman passed to the Great Beyond. Deceased was sixty-four years of age, and was born in Lee county, Virginia, and moved to Kentucky early in life. He came from Owsley county to Madison about sixteen years ago, where he made many friends and admirers. He was a very pleasing gentleman, one of the old school, and those who knew him could but admire his gentle and many traits. Mr. Minter is survived by his wife and six children, namely: Messrs. Leonard, Harry, Minter, Wm. A. Minter, Mrs. Fannie Dickey and Miss Eva Minter. Funeral services will take place at the residence, on the Boonesboro pike, at 10 o'clock this morning, followed by interment in the Richmond cemetery.

No Christmas Money for Teachers. County school teachers of the State are almost certain to lose their Christmas money under the operation of the new law extending from December 1 to 31 the date when sheriffs must make final settlement of tax collections with the State Auditor. Assistant State Auditor G. B. Likens took the matter up with Assistant Attorney General Morris to ascertain when the penalty goes on the sheriffs. This was passed at the instance of Senator Claude Thomas at the recent session. It gives the sheriff thirty days longer than heretofore to make final settlement, and defers the 6 per cent. penalty on him for that length of time. Under the old law requiring settlement the first of December sufficient money was brought in to the teachers before Christmas. This year they cannot get their money until early in January.

New Money Order Office. The Adams Express Co. has established a branch money order office in the center of the city for the benefit of their patrons. Mr. Wm. A. A : Name . To : Remember

Here is a name—"PENSLAR"—that will mean a great deal to every man, woman and child in this city when they learn what it stands for.

It is our duty and our pleasure to tell you.

There is a great firm of Manufacturing Chemists in Detroit, The Peninsular Chemical Co., whose name on the label of a remedy is the best possible guaranty of its purity and medicinal worth.

They prepare in their splendid laboratories over 100 remedies for household use.

Strange as it may seem to you, they do not believe in secret medicines. They think you have a right to know what you are taking. And you have.

So they put the full formula on every label—the name and exact quantity of every ingredient—all in plain English so you can judge for yourself.

If they were not sure that each of these was the best possible prescription—if they were not sure that their skill in compounding these remedies was unsurpassed they could not afford to do this.

Anyone can copy their formulas—but there is no danger that anyone will equal their quality of the remedies, and they know it. You see, this makes their success depend on Quality, not Secrecy. Secrecy in medicine is not good for you. You have a right to know what you are using, all about it.

We like to handle drugs of quality. This is why we get our trade. That is why we obtained the agency for these splendid remedies known as the

Penstar Remedies

Remember the name "PENSLAR." Remember what it means, "Highest Quality and Formula on the Label." We've a great deal more to say about Penstar. Watch for it. See the Penstar goods in our windows. Come in and ask about them. You may need a really reliable remedy some day. Learn about it now.
