What does it all mean?  
Six christian nations plunging into war, devastating the whole of Europe.  
In a moment, almost without premonition, millions of men on the Continent have become frenzied, and with wild eyes, with bestial thirst for blood, and with savage yells, are rushing to rip their brothers' bowels out.  
Women are rushing from besieged and burning cities with little babies in their arms, and little, cold, hungry, tired boys and girls, hardly old enough to walk, trying to keep up.  
Poverty stares millions in the face.  
Natural affections already blotted out, and their places being taken by strange, cruel lusts and passions.  
It is as if the Devil and all his Angels have taken complete possession of Europe. SEEK.

**MARRIED**  
Mr. Tony Perkins and Miss Maude Vaughn, popular young people of this city, stole a march on their numerous friends last week. They had apparently been good friends for some time, but this seeming friendship was more deeply seated than most people supposed. Thursday they hid themselves to Lexington and were married in the parlors of the Phoenix Hotel. They returned to Richmond that night and have been showered with congratulation. The bride is an attractive brunette and the oldest daughter of Mr. and Mrs. T. C. Vaughn, who reside on Broadway, this city. For the past three years she has been bookkeeper and stenographer for the Richmond Coal & Supply Co., of which her father is general manager. She is a most charming young lady and decidedly popular with all who know her, and the groom is to be congratulated on winning the heart and hand of such a fair lady. Indeed, she is a most worthy helpmeet. The groom is a valued employe in the general offices of the L. & A. Railroad Company, this city. He is a promising young man and held in high esteem by his employers. He is a favorite with all who know him, and worthy of his fair bride. The Climax joins a legion of friends in wishing Mr. and Mrs. Perkins bon voyage on the matrimonial sea.

Robert N. Burrows and Miss Esther Curry, both of the Bethel neighborhood, were married last Saturday afternoon at the home of the officiating minister, Rev. O. J. Young.

**Richmond is Treated To A Glimpse of Fifth Ave.**  
The fashion display by means of living models, as shown in the windows of W. D. Oldham & Co.'s store on Monday night, was a treat indeed. Not only was the handiwork of the modistes' art beautiful, but the method of display was more than entertaining and unique. Daintily stepping in the show windows, these ladies displayed to the dense crowd that overflowed the sidewalk and packed the street in front of the store copies of imported models, creations that emanated from the work-rooms of Worth, Paquin and Paul Poiret, of Paris. Of particular mention was a creation of Poiret's, namely, a solid black costume, cutaway, in front, with long, plaited poplin and fur-trimmed collar. A velvet dress, with semi-basque effect, created quite an impression. Richmond should feel gratified at the progressive spirit shown by Mr. Oldham in giving her people such an entertaining and distinctive treat.

**Wilson Endorses Beckham And Camden.**  
President Woodrow Wilson considered the Maine election so important in its relation to National Politics that at his personal request Senator Ollie James made a number of speeches in that State. Congressman Barkley, of Kentucky, was also on the stump in Maine and a number of other powerful friends of the administration lent their efforts to promoting the Democratic cause. The success of the Democratic ticket in Maine was most gratifying to President Wilson, as it was to Democrats everywhere. There is an old saying "That as Maine goes, so goes the Union," and it is certain as anything can be in politics, that as Maine has gone this year, so will the whole Union go this year—overwhelmingly Democratic.  
President Wilson is as much interested in the election of two Democratic Senators in Kentucky this year as he was in the Maine election. At the meeting of the Democratic State Central and Executive Committees in Louisville recently, a telegram was received by Senator James from President Wilson urging the election of Beckham and Camden to the Senate. It is absolutely necessary that the Democratic vote in the Senate be strengthened and that the work of administration be upheld. The loss of a Democratic Senator at this time would be disastrous to the Democratic party, and realizing the gravity of the National situation the President is taking a personal interest in the Kentucky campaign this fall.  
He has said to his friends that he would be glad to make a speech in Kentucky for the ticket, but on account of the international complications, he has decided not to make any public addresses at this time. A little later, however, he will issue several statements, setting forth the work done by the Democratic administration and appealing to the people of the whole country to support him and his party in the patriotic work they are performing.  
Governor Beckham and Senator Camden stand shoulder to shoulder with the President on all public questions. Senator James has done a giant's work in fighting the President's battles in the Senate and has had excellent support from Senator Camden. When Senator Camden's term expires, Governor Beckham will be ready to co-operate with the President in solving those great problems that now confront the party and the Nation.  
Every Democrat in Kentucky should go to the polls in November and cast his vote for Governor Beckham and Senator Camden and thus endorse that great statesman and patriot—Woodrow Wilson.

### BIRTHS

Mr. and Mrs. T. K. Hamilton are rejoicing over the arrival of a 14-pound son at their home, born Sunday, 27th. The little man has been named T. K. Jr.

**Registration Day.**  
Tuesday October 6th, will be registration day. If you fail to register you will lose your vote in the November election.

**Badly Injured.**  
Mr. D. Willis Kennedy, of the firm of Kennedy Bros., the East Main street grocers, met with a most painful accident last Wednesday night. Mr. Kennedy was the last person to leave the store and, as he came out the door, he noticed a large bunch of bananas hanging outside. In carrying it in the store he had the misfortune to fall, thereby badly injuring his back, loins and legs. He was confined to his room until Sunday, when he made his first appearance on the streets, badly damaged but still in the ring.

**Football.**  
The game Saturday last between the Eastern Normal and the Stanford High School football teams resulted in defeat for Eastern. The game was closely contested from the beginning of the first half to the close of the second, the final score standing 7 to 6 in favor of Stanford. The latter has for the past three seasons met but one defeat, and while they are a much lighter eleven, they have what Eastern cannot have—continuous team work and practice. Eastern will give a better account of herself before the season is over, it is predicted by football enthusiasts.

**Reminiscence of Mr. Amos Willis.**  
Editor Climax:—In the last issue of your paper I saw the notice of the death of Mr. Amos Willis on the 10th inst., at the age of 91 years. The notice carries me back to the days of my boyhood. I went to school to Mr. Willis out at the old Log Cabin school house. It was the winter of 1850. I remember Mr. Willis as a fine teacher. He boarded at the home of Col. Rube Mundy and passed through our meadow every morning and evening. I remember some of the boys who went to the same school—John and Jim Parks, Jim Moore, Ben Moberly and others. Great changes have taken place since then. In reading the Climax I see only a few familiar names that were known to me when I was a boy.  
I wish you would publish this, that his people may see it.  
Thanking you in advance, I am,  
Yours truly,  
J. A. Cox, Lamar, Mo.  
Lost  
Eight or nine days ago, on the pike between Richmond and Fort Estill, a lady's black coat (part of a suit.) Return to Climax office and get reward. 6-2

### Happenings At The Normal School.

The first meeting of the Faculty Club was held on Monday night at the home of President Crabbe and it proved a splendid beginning of the year's work. The department of Psychology was in charge for the evening and the papers and discussions were both scholarly and interesting. Dr. McDougle presented "Types of Mental Imagery." Prof. Stout followed with a master production on "The Psychology of Modern Literary Tendencies," and Madame Piotrowska closed the programme with a paper on "A Psychological Interpretation of Character."  
The parlors of the President's residence were profusely decorated with autumn leaves and dahlias of many colors, and were arranged most artistically by Mrs. Crabbe. This gracious hostess also served exceedingly palatable refreshments in the way of dainty cakes, ice cream and coffee.

The Parent Teachers' Association held its first meeting on Friday, when the following officers were elected: President, Mrs. William Park; Vice-President, Mrs. C. J. Vaught; Secretary, Miss May C. Hansen.  
Mr. Paul Greenamyer, Principal of the High School, was introduced to the Association by President Crabbe, each of the gentlemen making a few appropriate remarks. A pleasant social time followed and light refreshments were served.
