WILSON WILL GO BACK TO EUROPE IF NEEDED

President Hoping To Avoid Second Trip But May Find It Necessary—Polish Question Up.

(By Associated Press)
Paris, Jan. 29—The Supreme Council of the Peace Conference had before it today the Polish question and its program included appearance of representative Poles and Czechoslovaks to present their views.

Much as President Wilson still hopes to avoid a second trip to Europe it begins to look as if the trend of the peace conference will cause him to recross the Atlantic in the early spring. He is still hoping the remaining 15 days of his stay in France will make it unnecessary, but he is said to have told confidants that if events point to the need, he feels his course will be fully justified when he addresses Congress as he plans to do almost immediately on his return to the United States.

Meanwhile the peace conference is confronted with three secret peace treaties, according to the Paris edition of the London Daily Mail today. One between Great Britain, France and Italy, disposing of the Adriatic coast which conflicts with Jugo-Slav interests; in another Great Britain gives Japan the German islands in the North Sea, and a third Great Britain gives to the king of Hedjas territory of which Damascus is a part and which France desires.

The future of the German colonies also assumed an interesting place. Hearing on which are now being given to colonial expectations have already disclosed views widely diverging from President Wilson's 14 points but the American delegates are urging the adoption of the American plan looking to international control which is based upon the formation of a league of nations.

Navy, and reached home on Saturday before her death, and Hugh Gibson, the younger son, who will greatly miss a loving mother's care.

Mrs. House was a most affectionate mother, and was devoted to her neighbors and friends. She was a most earnest worker for the Red Cross and since its organization had given it her most loyal support. Funeral services will be conducted at her late residence Thursday afternoon at two o'clock, by Rev. R. L. Telford, thence the burial in Richmond cemetery. The pallbearers will be Messrs. L. C. House, R. A. House, S. A. House, S. P. Reid, J. D. Deatherage and Everett Green.

Hiram Johnson Erupts

(By Associated Press)
Washington, Jan. 29—Another demand for the withdrawal of American soldiers from Russia, was made in the Senate today by Senator Hiram Johnson, of California, in an address vigorously criticizing the Russian course of the United States and the allies. He denounced the military activities there as "wicked and useless," and the "criminal policy of intervention" which had helped hold the Bolsheviks in power while starving the Russian people. He also criticized the delay in the peace negotiations, warmly opposed the use of American troops to maintain the stability of peace in European countries and declared they should be brought home at the earliest moment.

Under a warrant sworn out by J. T. Coy, a prominent farmer of Madison county, Gilbert Rhodus, a young farmer of the Valley View section, was arrested by Deputy Sheriff Joe Long on a charge of forgery. He was not placed in jail but was released under \$200 bond furnished by his father, John W. Rhodus, for his appearance for an examining trial before County Judge W. K. Price on January 31st. The warrant was served on young Rhodus January 28th.

Rhodus is only recently back from the army, where he made a good record as a soldier for his country.

Negotiations have been concluded and a lease signed by which C. C. Rhodus will become manager of the Glyndon Hotel in Richmond. He will take charge April 1, next at which time, Mr. George G. Corzelius will sever his connection with this famous hostelry.

Mr. Rhodus is a modern hotel man in every way and he, undoubtedly will be cordially welcomed to this city and have the sincere good will of all in taking charge of the old Glyndon.

Introduction

A business that is worth running should be run on correct, up-to-the-minute methods. The age of "just any old thing will do," has long since passed. We are in the age of electricity, wireless messages, flying machines, automobiles, etc. It is of automobiles that we are concerned. We want the business of the owners of these machines. We intend to meet the expectations of the public in this regard and in order to do so, we will not spare expense, time or money. No shop can be successfully run without an expert man as foreman. To obtain this man, we advertised. From the score or more who answered this advertisement, we selected Mr. Paul H. Barry, of Lexington. We selected him because of his eminent qualifications for the place and because of the words of commendation given him by the Lexington Cadillac Company, in which shop he was a valued employe. This is what it says of him: Lexington Cadillac Company January 28, 1919.

To Whom It May Concern:

Mr. Barry has been in our employ for some months. We find him to be honest, reliable and competent. He will make anyone a good man in his line of work.

GEORGE BAUER, Manager.

Mr. Barry has had nine years experience in his line of work and has held the responsible position of foreman in some of the best shops and with him in charge of our working force, we can say to the public with confidence that we are prepared to properly serve it.

ENJOYS MEAL OF MEAT AND POTATOES NOW

This Woman Couldn't Eat At All Before She Took Meritone.

"My stomach was so out of order before I started taking Meritone that I couldn't eat a thing much, but now I can eat a big meal of sausage and fried potatoes and enjoy it," said Mrs. Ava Moore, of 710 Twenty-seventh avenue, north, Nashville.

"My appetite was very poor and I guess my system was just run down all over," Mrs. Moore continued.

"The best way to tell you how much I've improved since taking Meritone is just to say that I feel like an absolutely new woman now."

"I can't describe how good it is."

to be able to go to bed at night and sleep soundly and then wake up in the morning feeling fine and ready for breakfast.

"I know Meritone has made me into a new woman and has helped me so much that I want others to know about it."

Meritone is the new tonic of real merit that folks who have had influenza are advised to take to build up their systems and make their health robust.

Meritone is also recommended for any disordered condition of the system such as stomach, liver or kidney trouble, catarrh, rheumatism, lack of appetite, sleeplessness and the like.
