Y. W. C. A. OPENS WORK IN ITALY

Tea and Club Rooms Opened for American Women.

Miss Charlotte Niven, Director of Italian Work, Prepares for Influx of American Woman Students.

Italy is now included in the war work of the American Y. W. C. A. Miss Mabel Warner of Salem, Mass., and Chicago left Paris a few days ago for Rome, where she will be in charge of a Hostess House for American girls employed there by the American Red Cross, the Embassy and the new Tuberculosis Commission. Miss Warner has been director of the Y. W. C. A. Hostess House at Brest, France.

Miss Warner will open a tea room and club rooms where the American women can gather for social times. Rome is harboring a refuge population of about 40,000 and accommodations are difficult to find.

The work in Rome was started as a direct result of the appeal of Miss Charlotte Niven, one of the National Y. W. C. A. secretaries in Italy, who is spending a few months in France as advisor in the French work.

Miss Niven's dreams of Y. W. C. A. work in Italy include the maintenance of a residence for non-Italian women, who, she feels, will come to Italy in great numbers after the war to study music and art.

"I believe at this time such a project is particularly important because women from other countries should be encouraged to come to Italy to replace the great numbers of German women who flooded Italy in the past, many of them paid agents of their government," Miss Niven said in discussing her plans.

Miss Niven has asked the American Y. W. C. A. to aid the Italian Association in establishing a center, perhaps at Genoa, with two American secretaries, with physical and recreational training, to get as a training school for Italian women. In connection with it her plan would include a Hostess House for girls passing through the city or employed there. Such a center would become eventually the center for all Y. W. C. A. work in Italy, both Italian and foreign.

In her formal appeal for help for the Unione Christiana Delle Giovani (the Italian name for Young Women's Christian Association) Miss Niven has emphasized two facts, the poverty of the Italian Association on the one hand and the need and opportunity on the other for an American program in Italy at the present time.

Miss Niven's favorite way of illustrating the friendliness of the Italian woman to America is by telling the story of the Italian mother who said she had taken down the picture of the Madonna which had hung for many years over her bed and was putting in its place one of President Wilson.

"In our work in the Unione we have lacked trained leadership as well as the material resources to give such training. We have had no means to buy modern equipment. Consequently we have not the visible results of American and British work.

"Feeble as our work may be, it is not useless. Many girls in all parts of Italy have told us how much the Unione meant in their lives. Italian girls are touchingly grateful for the smallest efforts. They respond eagerly to friendliness.

"There is no other agency doing in Italy what the Association is trying to do."

Miss Niven has spent the past seven years in work with the Italian women, starting as director of a hostel, or boarding home, for Italian women students at Florence. She is an American from New York; where she was one time head of the Christadora Settlement House.

WOMEN LEARNING MESSAGE.

Germantown Y. W. C. A. Trains Women for Reconstruction Work Among Soldiers.

Educational courses to prepare women as aides in the rehabilitation of wounded soldiers have been opened at the Germantown, Pa., Young Women's Christian Association.

A reconstruction message course, lectures in anatomy, physiology, muscle work and remedial movement massage, theory and practice, electrotherapy and hydrotherapy are given by doctors and nurses, who also supervise practical work at the Y. W. C. A. and at hospitals. The courses are recognized by the Surgeon General.

Similar courses have also been opened in the New York City Central Branch Y. W. C. A., where a specialty is made of brush-making with a view to training women as teachers for reconstruction hospitals.

The Canadian Y. W. C. A. has received permission to place a Y. W. C. A. secretary on every ship leaving England with 200 or more women and children on the passenger list.

The secretary fulfills the same function for the women as the Y. M. C. A. secretary has for men on transports. She plans entertainments and recreation for women and children, and is a friend to whom they may come if they are in distress.

WARRENWOOD

at **Public Auction**

ON **TUESDAY, MAR. 4th**

AT 10 O'CLOCK A. M.

I will sell to the "High Dollar" for W. M. Fields, the above famous country estate. Located two and one-half miles south of Danville, on the Hustonville pike. The most desirable country home in Boyle county.

This farm has been known for years as the "Tom Metcalf" farm, and I have just sold it privately for Mr. Metcalf to Mr. Fields with the agreement that I should subdivide and sell it again at public auction.

A SHOW PLACE—To see it is to want it. Here is a "Reserved Seat in the Theatre of Life."

Will be sold in **FOUR TRACTS**—acres and acres of tobacco land.

420 acres of excellent land, gently rolling, broad frontage on pike, in a high state of cultivation. Watered by everlasting springs and ponds, all now in grass, except 65 acres of fine wheat, which is sown to timothy, and 40 acres of blue grass sod just plowed for corn.

Over 100 acres in blue grass, some of it virgin soil. Four large concrete water troughs at the springs.

The Four Tracts

A tract of 270 acres, with all the main improvements; a tract of 75 acres, with small barn on it; a tract of 35 acres with 4-room house; a tract of 40 acres unimproved. Each tract with a splendid frontage on the Danville pike. The dwelling is located on a knoll, with a large lawn, gently sloping to the pike, with stately shade trees, the result of a generation of growth.

The Improvements

A 3-story brick dwelling of 12 rooms, in the most excellent state of repair, large basement and beautiful reception hall, wide stairway, dining room, breakfast room, butler's pantry, bath room with two dressing rooms attached, with modern equipment, three porches, acetylene lights, water works and furnace complete, modern in every particular, yet with that old style architecture which makes it most desirable. A brick servant house and brick meat house, and poultry houses in the rear. One of the most up-to-date stock barns in Boyle county, 50 by 72 feet, 11 box stalls, and a large cattle shed, 400-barrel double cribs, scales, machine sheds, cow barn, hog barn, etc. Oh, just come and look. Want of space and the paucity of the English language prevents a description which would do justice to this magnificent home.

In my 20 years in the business, I have never failed to sell the land I offer at auction. I know land values, a square deal to everybody, no "by-bidding." The farm will be sold on easy terms and immediate possession given to purchaser. Mr. Metcalf, on the farm, or Mr. Fields, of Hustonville, or the undersigned, will show the premises at any time.

Live Stock, Farming Implements, Household and Kitchen Furniture

At the same time Mr. Metcalf will sell the following personal property: 37 head of 900-pound feeders, 20 of them black Poll Angus; 2 good milch cows, 1 heifer; 3 yearling steers; 1 carriage horse; 1 five-year-old horse; 1 six-year-old work horse; 1 mare in foal to Kentucky's Own; 1 weanling filly; 3 large horse mules; 6 good jennets; 1 weanling jack; 1 two-year old jack.; 150 barrels of corn; a lot hay and fodder; 8 fine brood sows; 1 Duroc boar; 60 Duroc shoats; a lot of household and kitchen furniture and farming implements.

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coupler and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.
