TARVIA TREATMENT FOR MADISON ROADS

Representative of Tarvia Company Instructed To Prepare Estimate For Madison's Turnpikes

At a meeting of the Fiscal Court Tuesday, mention of which was made in yesterday's paper, much other business than that reported was transacted after we went to press, the court continuing in session until late in the afternoon.

The usual standing appropriations for officer's salaries, the maintenance of the county infirmary, contribution to the Pattie A. Clay Infirmary, and other fixed charges being allowed as usual.

Quite a discussion was precipitated in the court in regard to the payment of a bill of something over \$800 for repairs to the furnace in the court house, after which, upon motion of Squire Long, the court order the bill paid and the question of the responsibility for the condition of the new furnace installed in the court house last fall was deferred for further investigation.

The Fiscal Court by a formal order asked for State Aid in the reconstruction of the Lancaster pike for 1920. This action was necessary as the law requires that any county desiring State Aid must file application on or before May first of the year previous.

A representative of the Barrett Manufacturing Company was present and addressed the court at considerable length in regard to the treatment of various pikes with Travia, a product of his company. The court directed the road engineer to show him over about 12 miles of pike adjacent to the city and this company will submit a bid to be considered at the next meeting of the court for a surface treatment on two miles each of the following roads: Big Hill, pike, Lexington pike, Red House pike, Irvine pike, Barnes Mill pike, and Lancaster pike.

If the court awards this contract after the submission of the bid, it is intended, as an experiment and a beginning of what probably will become general in the county, if successful, as the court realizes that the ordinary water-bound macadamized road is not suited to the present traffic with its preponderance of automobiles.

After a lengthy discussion and a hearing of numerous petitions for new pikes, the court decided to limit the appropriation for this purpose to five miles for the present year and the order was entered that petitioners for the following roads have the privilege of availing themselves of this offer for a period of sixty days: one mile from Red House east toward Union City; one and two-fifths miles to complete the road between Brassfield and Bybee; one mile from the end of the present Jigwater pike west toward the Kirkville and Kentucky river pike; one and one-quarter miles from the present terminus of the College Hill and Red River pike, northward to the river, and 289 feet to connect the work now in progress on the Maydee pike. At the expiration of sixty days if the parties desiring and petitioning for these improvements do not execute bond for the construction of these roads, the privilege will be given to some other road in the same district.

The L. & N. R. R. was granted permission to reconstruct and elevate the bridge at Brassfield where the Speedwell and Brassfield pike crosses the railroad.

Appropriations of \$7,790 were made on fifty sections of turnpikes for repairs for the current year and the county reserved 27 sections to be maintained or reconstructed by county machinery and State Aid. Contracts were let for maintenance of about 30 sections of turnpike for the year 1919. The Road Engineer's report to the

Miss Wagers After Child Labor Violators

Miss Mynne B. Wagers, Assistant State Labor Inspector, has warned race horse owner of Lexington, who employ exercise boys, that they face prosecution by the state for violation of the child labor law, and that every case brought to her attention will be prosecuted. Miss Wagers, who has charge of the Lexington district, says: "I understand that both white and colored boys under 16 years of age have been exercising horses on the Lexington tracts without labor permits. They must have permits from the school superintendent before taking such employment and their employers are liable to prosecution for hiring them."

Marse Henry Retires From Courier Journal

After being continuously with the Courier Journal from 1868 to 1919, Marse Henry Watterson retires today as Editor Emeritus. The following editorial appears in today's edition of the Courier Journal:

Mr. Watterson retires as editor of the Courier Journal with this issue. From 1868 until 1918, its editor, his brilliant, forceful and individual writings on public questions brought fame both to himself and this journal. Desiring to retire last August when control of the newspaper changed hands, he yet was persuaded to continue in the capacity of Editor Emeritus, through which connection he might continue to address the readers of the Courier Journal while reliever of the active responsibilities of the editorship. He now requests his retirement, finding in conflict with his views, opposing the League of Nations, and those of the Courier Journal, favoring the proposal. His personality will continue to be an inspiration to Courier Journal workers; his accomplishments, a standard of achievement; his name, one to be praised and loved. He has passed his 79th birthday. May he pass another milestone before the world loses him as a companion or letters are deprived of the magic of his pen!

At Public Auction

I will sell at auction on Monday, April 7th, court day, in front of the court house at 1 p. m. one Buick Touring Car, in first class condition. 104 3t BOB WALKER.

court of weekly pay rolls for the past month show expenditures at the Richmond quarry and Stony Run bridge \$565; Lancaster road \$149.50; Boonesboro road, \$55.

An order was entered directing the Road Engineer to contract with W. J. Tatum to macadamize the Scaffold Cane road of one and one-quarter miles at the price of \$1 per cubic yard for base rock and 60 cents per cubic yard for gravel, as per his bid submitted to the court.

The court discussed at great length a change in policy relating to dirt roads, but came to no definite conclusion in regard thereto, except that the present system is a failure.

EVEN DISTRIBUTION OF ROAD FUNDS ALLOWED

Madison Fiscal Court Elects Dr. Phelps County Physician—Several New Roads Petitioned For.

The Madison Fiscal Court held its regular monthly meeting today, Judge W. K. Price presiding with all magistrates present. The court voiced their disappointment at the failure of the taxpayers to vote over the 20 cent road improvement tax, as this election was called in order to allow the people to say whether they wanted the county roads taken care of in an equitable manner and to give every section now in distress on account of the bad roads the needed attention. County Road Engineer J. G. Baxter addressed the court on this subject, stating that although the 20 cent road tax was defeated it should be the intention of the court to hear the claims from every party or parties desiring new roads or improvements, then taking them all together and then allow the court to make an equitable distribution throughout the entire county, doing as much for every section with the amount of appropriation they will have. On motion of Squire Long it was voted to take care of the roads in this manner during the coming year. Messrs. Reeves and Dunbar made application for a new road in the College Hill section; Jack Wagers for a new pike of about two miles along Willis branch, and Squire Todd petitioned for a road from Brassfield to Waco, all of which were voted to be taken care of in the manner as explained above.

On motion of Squire Todd, Dr. R. M. Phelps, who has purchased the interest of Dr. Jeffries, at Union City, was elected to serve as physician at the county infirmary at Union at a salary of \$200. On recommendation of Judge Price the court voted \$50 to be used in caring for Mrs. Elizabeth Cobb, of the Silver Creek section, who has repeatedly appealed for county aid.

On account of the Board of Supervisors being still at work on the county assessment, the court was unprepared to make a settlement with the Sheriff, and voted to call a special session of the court to be held as soon after the Supervisors completed their work as practical.

As we go to press, the County Engineer is giving his detailed report of expenditures, which will be given in tomorrow's issue of the Daily Register.

At London, Deputy U. S. Marshal R. M. Young, Deputy Collector C. L. Winfrey, and Sheriff Steele and posse returned from a raid in Laurel and Knox counties, where they destroyed nine moonshine stills and about 15,000 gallons of beer.

At Berea, fire destroyed the millinery store of Mrs. Laura Jones, formerly of this city, practically ruining her entire stock of spring millinery.

PACKERS RELEASED FROM FOOD ADMINISTRATION

(By Associated Press) Washington, April 1—All meat packers were released from the food administration control under proclamation signed by President Wilson at Paris, effective today. It was stated at the food administration headquarters that the President's action released the packers from supervision of every kind exercised by the food administration, including restrictions upon markets on profits.

Chicago, April 1—At the United States Bureau of Markets here today it was pointed out that reasonable restrictions on packers products applied directly to dealings in packing house products and not directly to the sale or purchase of live stock and that all dealers in live stock were still subject to the government license.

IT is a genuine pleasure to us to demonstrate the Oakland to you because we know that you will be so well pleased that you will buy it and tell your friends about it. Central Service Station, Inc. 76 4w

ALFALFA and STOCK Farms 50,000 Acres to select from. Write for full information and literature. MAER REALTY CO. Dispatch Building COLUMBUS, MISS. 103 4w

AT PUBLIC AUCTION I will sell at auction, on Saturday, April 5th, in front of Culton's Meat Market one enclosed Ford roadster. 103 4 DR. J. H. RUTLEDGE.

President Again in Conference With Council of Four

Paris, April 1—President Wilson was again in attendance today at a meeting of the council of four dealing with peace problems. Between sessions the President received representatives of the Jugo-Slav interests in the Dalmatian Coast controversy. Information is that President Wilson conferred with Secretary of the Navy Daniels shortly before the latter's departure for Italy.

Commenting today on the six amendments to the covenant of the League of Nations, as suggested by Elihu Root, legal specialists connected with the peace conference, said they believed all the amendments were acceptable to the American delegation. President Wilson, however, declared emphatically that the time for talk was virtually finished and that now was the time to show results.

Have Record of Rare Worth

The fame of Welsh singing became world-wide, when in 1872 a mixed choir consisting mainly of Welsh village folks, under the leadership of Caradog, (Griffith Rhys-Jones), won the Crystal Palace Company's \$5,500 challenge trophy, and a cash prize of \$500. This fame was enhanced in the following year, when the same choir under the same leader again won the trophy, beating the London choir, known then as the Paris Prize Choir, under the leadership of Mr. Proudman. The sons of the principality have ever since maintained the fame and enhanced the standard established and set by the Crystal Palace victors.

Hear the Royal Welsh Concert Company at the Methodist Church. Risca Williams' description of the sinking of the Lusitania, is alone a feature worth the price of admission. Friday, April 1th.

Sheep Killing Dogs At Work

W. R. Bales suffered heavy loss from sheep killing dogs Sunday and Monday nights. They got into his flock at his farm near Duncannon and killed 18 ewes and 10 lambs. Mr. Bales says that the dogs did their work at night and he caught no sight of them so would be unable to identify them.

Daughters of Confederacy In Session At Louisville

(By Associated Press) Louisville, April 1—With the hall elaborately decorated and more than two hundred of the five hundred expected delegates on hand, the United Daughters of the Confederacy prepared to open the 25th annual convention here tonight. Meanwhile the education, Cunningham monument and Jefferson Davis memorial committees held meetings.

FOUND—Ky. 1919 auto license No. 34064; owner can have same by calling at this office and paying for this adv. 103 4t

Friends of Major W. L. Carman, of Paint Lick, will be glad to hear of his promotion to a Lieutenant Colonel. Col. Carman was one of the first to volunteer his services to the country.

THE WEATHER

Probably rain late tonight and on Thursday; except fair tonight east portion; warmer tonight; warmer Thursday east portion.

American Citizen Charged With Treason

(By Associated Press) Washington, April 1—Secretary Baker has approved the request of the British military authorities in Turkey in that they be permitted to arrest on charge of treason, James Spohr, naturalized American citizen, and his wife, declared officially to have been in close association with the head of a German spy system in Palestine and among British Indian subjects.

Hungarians Won't Frighten Us

(By Associated Press) Paris, April 1—Havas—Documents in possession of the French and Rumanian governments newspapers here say, may prove that the advent of the communist regime in Hungary was due in great part to the maneuver of County Karolyi in conjunction with German government. It is indicated that the movement is aimed directly at the allied powers. Reports given to the French Foreign Office also indicate that the Hungarian revolutions were staged largely with a purpose of testing the strength of the entente will and principally designed to frighten them with the idea that Germany might also rapidly disintegrate.

GOVERNOR HAS NO KNOWLEDGE

Calceico, Cal., April 1—Esteban Cantu, governor of Lower California, today issued a statement saying he had no knowledge whatever of the alleged pending sale of Lower California land to the Japanese.

Wm. G. McAdoo has consented to act as special counsel for the railroad administration with reference to matters arising from the State of New York, provided he may serve without remuneration.

CHICAGO RE-ELECTS THOMPSON MAYOR

By Plurality of 17,000 Over Sweitzer. City Votes "Wet" By A Large Majority.

(By Associated Press) Chicago, April 1—Complete returns from yesterday's municipal election, showed William Hale Thompson, republican, re-elected Mayor for a term of four years, by a plurality of 17,600, over Robert M. Sweitzer democrat, his nearest competitor. The city also voted "wet" by a majority of 247,228. Four years ago Thompson defeated Sweitzer by 147,000.

The pronounced "wet" vote was said by "personal liberty" leaders to mark an actual beginning of a campaign to repudiate national prohibition.

Mayor Evans and Party Off For Cincinnati

Mayor L. P. Evans has appointed the following business men to advise with the city administration in the selection of the new paved streets which will be constructed in the next few months. The men who will advise with the Mayor are: T. K. Hamilton, R. E. Turley, J. J. Greenleaf, and Councilman Wm. O'Neil. Mayor Evans accompanied by these gentlemen left this morning for Cincinnati where they will look into the matter of selecting a competent engineer who will be employed by the city to make the specifications for the new improvements and everything possible will be done to give this city the best that can be had. A thorough investigation of street improvements will be made by this committee and it is for this purpose that they are making this trip.

Today's Live Stock Markets

Cincinnati, April 2—Cattle stronger; hogs half higher; tops \$20.50; lights \$19.

Heard About Town

"Electric Hair Cut" is now the latest style. Mr. Sallee has just received the latest thing being used for hair cutting and massaging. It is suspended on a trolley, which allows it to be operated, through the length of the shop, and the clippers and massaging instruments are electrically operated, making a hair cut only a matter of a few seconds, instead of the long wait always necessary when getting a hair cut in the old style. Local tobacco growers are inclined to believe that the frosts of the past two nights has done very little damage to the tobacco plants, as very few were out enough to be touch.

Wm. Anderson Winkler, of Kingston, has rented the farm of Lewis Francis on the Irvine pike.

Wm. Coates bought of M. Wides two cottages on Orange street for which he paid \$2,000. Robert Covington has leased the home of Z. T. Rice on Broadway, recently vacated by Mr. and Mrs. Allen Douglas.

Pleasant Hill

Mrs. John H. Munday is on the sick list this week.

Miss Amanda Whitlock is visiting at Kirksville this week.

Mrs. Sam Amster was visiting her son, Preston Brewer, Saturday and Sunday.

Mrs. Tom Whitlock was in Richmond Saturday shopping.

Mrs. Cora Forbes, Mr. Bob Davis, and Mr. Dave Davis spent Sunday afternoon with Misses Amy and Anna Whitlock.

Friends of Mrs. Preston Brewer are glad to know that she is recovering from a serious operation.

Mrs. H. D. Forbes' father is visiting here from Berea.

Mrs. J. B. Ellison visited her mother in Clark county last week.

Miss Anna Whitlock is visiting Miss Amy Whitlock this week.

Mr. McKinley Forbes is visiting in Winchester this week.

Mr. and Mrs. William Munday visited Mr. and Mrs. Roy Minter Sunday.

Mr. Joe Whitlock and Miss Mae Fowler were the guests of Mr. and Mrs. Tom Whitlock Sunday.

FOR SALE—Mammoth Buff Orpington eggs for hatching purposes; best quality, only a limited number; setting of 16 \$4.50. Mrs. W. C. Griggs, Union City, phone 3412. 102 5p
