

GREAT MEETING COMES TO CLOSE

Superintendents From Fifty Counties Say This Session Was Best One Ever Held in Eastern District.

The Superintendents from 50 counties of the Eastern District left Richmond Friday for their homes after having expressed themselves as having attended the greatest meeting of superintendents held in the Eastern District. The following were present: Lella B. Wilcox, Carter Co.; E. B. Hale, Letcher; Leonard E. Meece, Pulaski; Mary Bradley, Scott; Mrs. Hattie Denney, Wayne; Samuel Walker, White; and Professor W. L. Jayne, Quicksand, Breathitt county. The resolutions are as follows:

RESOLUTIONS Recognizing the fact that the greatest need in our schools is better trained teachers and realizing that these cannot be obtained until better salaries are paid, therefore, be it resolved that the Legislature raise the rate or appropriate salary on a basis commensurate with other positions.

Be it further resolved that the state fix the minimum county levy at 50c on one hundred dollars. We believe that the first and most important duty of the school of every grade in the commonwealth is the teaching of the laws of health and sanitation and we call upon all educational forces to study health conditions and to keep before the public the most strenuous efforts that we may be responsible for deaths by preventable diseases and we pledge ourselves to no longer be guilty of the murder of the innocents.

A country for country people, teaching country subjects and parking of country life, having a country library with grounds for country games, and conducted by country teachers, leaders of country thought, who have country in their country training and love for country, should exist in every country community in the state.

We believe that the one room school is not sufficient for modern demands and that this attempt at impossibility should be displaced as far as possible by consolidation.

We believe that the general government should aid the development of the schools system by liberal appropriations safeguarded by such requirements as will insure the judicious expenditure of these funds.

That teachers should be established and maintained wherever possible to the end that the teacher be no longer a wanderer and that the community may have the services of the teacher for the whole year.

We heartily endorse the work of the Eastern Kentucky State Normal School but we believe it cannot be of the greatest use to the state until such salaries are paid as will make teaching an attractive profession. We also heartily endorse the practice teaching being done in the school but believe that if possible it should be done in more than one year of the course.

We fully endorse the policy of the Regents of the Eastern Kentucky State Normal School in holding a Convocation of Superintendents each year, believing that the gain to the State by comparison and standardization of teaching ideals is a multiplied compensation for the expense and labor incident to the meeting.

Our thanks are due to President Coates for the timely program of this meeting and we request that he have printed for the present until such time as the work of the meeting which he gave before this committee.

Superintendents from the following counties were present: Boone, Bourbon, Boyd, Boyle, Bracken, Breathitt, Campbell, Carter, Clay, Clinton, Estill, Fleming, Floyd, Gallatin, Garrard, Grant, Greenup, Harlan, Jackson, Johnson, Knott, Knox, Lawrence, Lee, Leslie, Letcher, Madison, Martin, Mason, Montgomery, Morgan, Nicholas, Owen, Owsley, Pendleton, Perry, Pike, Powell, Pulaski, Robertson, Rowan, Scott, Shelby, Wayne, White, Wolfe. City Superintendents, high school principals, representatives from every college in Eastern Kentucky, and numerous other educators remained during the entire program.

BLAIR PARK DEAL CONSUMMATED

One of the largest deals in city real estate for a number of years was fully closed Thursday when the Wakefield-Davis Realty Company, of Shelbyville, received a deed from the Caperton estate for beautiful Blair Park, containing 57 acres of land. The price paid for this property is understood to be \$40,000, all of which was paid in cash. The deal was put over by L. P. Evans, the real estate man.

This company will subdivide the property into building lots and sell them at public auction the last of May or the first of June. This company has handled a number of properties of this kind all over this section of the country, and when the sale is over this company will not own a foot of ground of this beautiful addition to Richmond. It is their policy to sell whatever they offer to the highest bidder, and although they have handled a large number of propositions, they do not today own a lot in any subdivision they have made. There can be no more ideal place for a home than this beautiful tract of ground offered, and as there are numbers of people at this time who are in the market for homes, there is no doubt that every lot offered will sell at a good price.

There is no reason why Richmond in the near future should not have at least 10,000 inhabitants, as anyone who is acquainted with the projects now in contemplation knows. Many predictions that this land will in the next five years make the most beautiful addition to the city of Richmond.

Third Annual MAY FESTIVAL CHORUS

May 22, 23, 1919 EASTERN KENTUCKY STATE NORMAL FESTIVAL CHORUS

The program Thursday evening, May 22, will consist of selections by the chorus, orchestra and Philharmonic string quartet.

On Friday afternoon a matinee will be given by the children of the Model School, consisting of a program by the Primary grades, followed by a rendition of the popular cantata—"THE WALRUS AND THE CARPENTER," by the upper grades. This cantata is based upon "Alice in Wonderland." It is an English publication which has recently gained wide popularity in the schools of America.

On Friday evening "THE CRUSADERS" will be presented by the chorus and soloists with full orchestra accompaniment. This work is based upon the historical events connected with the early crusades, some of which began as early as the fourth century. Following is a brief synopsis:

SOLO ARTISTS

Mr. Walter Vaughan is well known in the concert world of America. In 1914 he was awarded the highest honors and gold medal by the College of Music, Cincinnati, Ohio. Later he appeared with the Cincinnati Symphony Orchestra under the direction of Leopold Stokowski and Dr. Ernest Kunwald, and has successfully toured the Southern, Eastern and Middle Western States as a recitalist and oratorio soloist. The ablest critics declare Mr. Vaughan one of the best American tenors. He has the faculty of reaching out over the footlights, so to speak and this, with his fine voice, is the secret of his popularity.

Miss Alice Metcalfe is already well known to the music loving people of Richmond. She has a mezzo soprano voice of remarkable power and sweetness, and sings with rare dramatic skill. She has the distinction of winning the highest honors and gold medal prize from the Cincinnati College of Music in a graduating class of sixty.

Mr. Earl Weatherford is one of the few baritones whose voice is especially adapted to take the part of Peter the Hermit in the Crusaders, the solos being unusually high and difficult of rendition. He has a voice of remarkable range and resonance and is well known in the musical world through his performance of the leading role in "Rigoletta."

CHORUS OF ONE HUNDRED VOICES

The chorus, which consists of the best vocal talent of the student body has recently been augmented by the addition of some of the best singers of Richmond and vicinity, making a strong musical organization of which any community may justly be proud.

INDIAN'S WIFE ASKS FOR HER ALIMONY

Somerset's Famous Physician May Have To Pay His Colored Divorced Spouse—Federal Court News.

Arguments were heard by Judge A. M. J. Cochran in Federal Court last night on a motion by attorneys representing Anna Anderson, of Kingston, Roane county, the colored wife of Dr. James S. Anderson, the famous physician of Somerset, Pulaski county, this state, who claims to be a Choctaw Indian, seeking to enforce collection of judgment for alimony she obtained against Anderson for \$10,000. They were divorced last year and the woman claims that he has never paid her the alimony that she was awarded in Tennessee courts. She was represented by Senator McNutt, of Tennessee, and Hon. Ben V. Smith and son, of Somerset, while Dr. Anderson was represented by Attorney M. L. Jarvis and B. J. Bethurum, of Somerset. The alimony with interest now amounts to \$13,787.83, which is the amount of judgment asked in this court. Judge Cochran did not hand down a formal opinion in the case before he left here for his home, court having been concluded for this term. Anderson has made a remarkable reputation as a physician and has patients go to his sanitarium at Somerset from many states. He is said to have amassed a fortune. Recently he gave \$30,000 to a colored educational institution in Louisville. It was reported in the papers at the time he was a negro, but he denied it and claimed to be a pure Choctaw Indian.

Judge Cochran decided in favor of Lindley, in the big oil suit of Lindley against Raydure. This case was won by Lindley in the U. S. Circuit Court of Appeals recently, and involved thousands of dollars of valuable oil leases in Estill county. Attorney A. R. Burman of this city is attorney for the victorious plaintiff. The suit that came before Judge Cochran at this court was to prevent Raydure from removing fixtures equipment, etc., on the lands. He was denied the privilege of doing this the court holding that he was a squatter by force, and had been notified to quit the lands but had refused and therefore had no rights in the matter whatever. Raydure was represented by Judge E. C. O'Rear of Frankfort.

In the suit of Raydure against Lindley for possession of certain valuable coal lands in Estill county, the court decided in favor of Raydure. Sentences On Offenders. Judge Cochran passed sentences on numerous offenders who had been convicted during the present term of court. Previous reports in this paper have given their crimes, and other details, and the sentences meted out by the Judge are as follows:

- Charlie Booth \$100 and 30 days. Milton Newman \$100 and 30 days. Walter Bates \$100 and 30 days. Eugene Manuel, \$100 and 30 days. Marvin Stringer \$100 and 30 days. Newton Campbell six months. George McGahan \$100 and three months. Ambrose Strunk six months. Mayor Woodson, one year. Ben Bailey, six months. Lillie Baker, one day. Taylor McKinley \$100 and 30 days. Mary Hopkins, \$100 and 30 days. Turner Estes, \$100 and 30 days. Bettie Rawlings, one hour. William Lynch, five years. Roy Patrick, \$100 and 30 days. James Wright, two years. Guy C. Clark, 60 days. Sam Pinkston, \$100 and 30 days. Cleo Humber \$100 and 30 days. Coon Richardson, \$100 and 30 days.

BUYS BUSINESS HOUSE

Dr. J. G. Bosley acquired ownership of the building on the south side of West Main street occupied below by the L. E. Lane jewelry store this week at a price reported to be in the neighborhood of \$10,000. Dr. Bosley bought the property from the Bright heirs. He has office upstairs and there are other offices in building, which is one of the most centrally located in town and a splendid investment in every way.

OF COURSE ALL KNEW BETTER. Through a wholly inexcusable error yesterday, The Daily Register stated that Forbes & Moynahan had been awarded the contract for a building for the Richmond Buick Company, on the old McCreey lot on West Main street. Of course all knew better, for it is the Richmond Motor Company which will build on this splendid site, the other company planning to build later on the Collins lot at the corner of Main and Third.
