

ITALY GETS IN SPOTLIGHT AGAIN

Allice Want To Know Why She Land- ed Troops In Turkey and Orlando Becomes Personal.

(By Associated Press)
Paris, May 22—It is learned that the United States, Great Britain, and France have sent a note to Italy requesting an explanation of the landing of Italian troops in Turkey. Premier Orlando is said to have replied after a sharp personal incident during which he objected to the presence of Premier Venizelos of Greece. The latter withdrew.

The Italians landed forces at Adalia, Budrum and Makri during the period when Orlando withdrew from the peace conference, making landings without notice to the allies.

The nature of the Italian reply and whether it is acceptable was not known this forenoon. The towns named apparently are in the vicinity of Smyrna, which the allies jointly are trying to pacify with a view to a mandate to Greece for its administration.

REPEAL OF LUXURY TAX FIRST ON DOCKET

(By Associated Press)
Washington, May 22—Republicans of the House Ways and Means Committee today virtually agreed that a resolution for the repeal of the ten per cent tax on luxuries will be the first revenue legislation this session. Senator Cummins, prospective chairman of the Interstate Commerce Commission, today announced that committee would begin consideration of legislation for return of the railroads to private control soon as the committee is reorganized. He also said the committee would give early consideration for the return of the telegraph and telephone systems.

WHEN PRESIDENT TAKES A DAY OFF

(By Associated Press)
Paris, May 22—President Wilson had no Peace Conference council to attend today and devoted his time to receiving various individuals and deputations. MRS. FLORA'S HOUSE

Mrs. Annie M. Flora sold private by her handsome two-story home in Burnhamwood to Virgil M. Gaines, well known oil man and farmer, Wednesday, so that the public sale of the residence advertised for tomorrow will not be held. Mr. Gaines gets possession at the latter part of June. The residence is a very attractive one and splendidly located. It is understood that the price paid was about \$7,000. Mr. and Mrs. Gaines will be cordially welcomed to Richmond, where they are already well known and popular. Mrs. Gaines is a daughter of Mr. Ben Tudor. They have been living at Irvine, as Mr. Gaines has extensive and valuable interests in the oil fields there.

CUT OUT THESE TAXES.

Among special war taxes which the President in his message to Congress suggested should be eliminated are those on soda water and so-called luxuries, such as expensive articles of clothing and personal equipment; on proprietary, medicinal and toilet preparations, and on such manufacturers' products as automobile trucks and accessories, pianos, sporting goods, chewing gum, candy, cameras and camera supplies, firearms, electric fans, thermos bottles and motorboats. Taxes on most of these articles went into effect May 1 and the collection of them, involving innumerable cases of making small change, has caused much complaint from retailers and purchasers.

BETTER BUY THAT COAL

Corroboration of the claims of local coal dealers that it would be well for consumers to lay in their next winter supplies now, is found in a recent issue of the Coal Age, which says:

Consumers of coal have a short memory. Every possible effort must be made right now to point out the dangers that will arise from permitting coal stocks to be depleted. The mild winter has caused a saving in coal consumption of about 5,000,000 tons. The slowing down in industries and the lessened demands on transportation are responsible for a further decrease in coal consumption of approximately 6,000,000 tons per month. The production of coal during January, compared with October, the last month of the war, showed a falling off of about 16,000,000 tons. The February decrease will be still greater. It is evident, therefore, that the falling off in output is considerably greater than the decrease in consumption. If this continues, a serious situation will arise. Every effort should be made to get consumers to buy coal in moderation right now. If this is not done, prices are certain to go higher. The public has been misinformed. It has been told that if purchases were delayed, fuel prices would come down. Instead there has been an increase in the selling price of the higher grade coals.

MAY MUSIC FESTIVAL OPENS AT NORMAL TONITE

Everything is in readiness for the opening of the big May Festival which starts with the first concert this evening in the Normal chapel at 8 o'clock. The rehearsal Wednesday night proved to Professor Myers that his untiring efforts in training one hundred voices for this chorus, had not been in vain. The May Festival is in its third year, and it will be remembered by the Richmond people that last year's program was pronounced by all as the best thing musically that ever appeared before a Richmond public. While the attendance of the townpeople was very discouraging to the promoters last season, they are being encouraged greatly by the advance sale of tickets for this year's Festival, and it looks as tho the S. R. O. sign will be hung out for all three performances.

- The program tonight includes solos by the artists who have been brought here at a great expense, several numbers by the Philharmonic quartet, and renditions by the Festival Chorus and Ladies' Glee Club. The closing chorus anthem is the composition of Prof. S. S. Myers, and is only one of the many beautiful anthems which he has composed and sold to some of the biggest music publishers in this country. The program for tonight follows:

FINAL NUMBER OF LECTURE COURSE

The final number of the M. E. lecture course was a great success. On account of Miss Hardin's illness, her physician would not let her participate so the management arranged another excellent program for the occasion. The violinists, Miss Terrill, Miss Schaffhausen, and Miss Walker McKinney, all played beautifully and their music was greatly appreciated. The readers were Mr. Wood, Miss Norris, Miss Colyer, Miss Hieronymus and Mr. Watkins. They all gave excellent productions and pleased their hearers. The vocal soloists were Miss Wilder, Miss Harlow, and both sang beautifully and everyone was highly pleased. Mr. Killion, Mr. Dabney, and Mr. Reynolds played selections on the banjo and mandolin and pleased the audience very much, especially the duet by Mr. Dabney and Mr. Reynolds. Throughout the performance the audience seemed well pleased.

- The lecture course as a whole was well patronized and seemed to give excellent satisfaction. We reached the goal we started out to accomplish and would suggest that the church in Richmond combine in a lecture course next year in which each church furnishes two numbers.
- G. D. SMITH, Lay Leader.
- COMING NEXT WEEK
- Gentry Brothers trained Animal Circus will exhibit in Richmond on Thursday, May 29th. Two performances will be presented afternoon and night. The children's favorite exhibition has been enlarged and improved for this year's tour until it eclipses all former efforts of the popular Gentry Bros. Shows. A complete wild animal circus in addition to the program presented by the domestic pets, combined with the pick of the profession of human performers, makes the popular Gentry Show more interesting than ever. The all new street parade with its several bands and callopie music will be given on exhibition day on the principal streets and the little folks should be on hand to see the animals in their parade dress.

(By Associated Press)
Coblentz, Wednesday, May 21—Bulletin—Lieutenant General Hunter Liggett, Commander of the Army of Occupation, and Major General John Hines, Commander of the Third Corps who were on their way to London, today were recalled to Coblentz by orders from American General Headquarters.

Nine hundred motor trucks began to move Tuesday midnight from west of the Rhine to the bridgehead area, the trucks being distributed to various points of vantage among the troops holding the zone east of the Rhine, should occasion arise for the Americans to start an advance.

LINCOLN OIL BOOM

Lincoln county people are enthusiastic over the oil boom which has been flourishing there for the past several months, according to Mr. T. E. Baldwin, who returned the other day from a visit to his daughter, Mrs. W. H. Shanks and Mr. Shanks a & W. H. Shanks. The Interior Journal said of the latest strike there, in its last issue: The Pine Knob Oil & Gas Company added another good well to its list Saturday afternoon, when Well No. 4 was drilled in on the Wells lease. It is only a short distance from well No. 1, and while it is not so good in point of quantity, the oil is identical. It is of the green variety, containing a wonderful amount of gasoline and selling at the top in the market. It is believed that it is good for between 30 and 40 barrels. The Pine Knob Company began drilling this morning on J. W. Williams' farm on Knob Lick, while another of the company's drills is pounding away on George Pruitt's farm near Moreland. Neither of the drills has gone to a consistent depth to indicate as to the chances of striking the main source of oil. The big strike in the Wells lease will be moved to another well, and the company will No. 5 will begin drilling.

Jim Miller was appointed postmaster at Ola, Estill county.

Rev. E. E. Dawson will preach at McCord School House Thursday and Friday, May 29 and 30.
