DEATH COMES TO MRS. MARY RUPARD

After a number of months of the most intense suffering, the shadowy hand of death stilled the heart and closed the eyelids of one of Richmond's noble women, Mrs. Mary Rupard. She sustained a fall early last winter, which fractured her hip. She was taken to a hospital, in Lexington, where she had careful nursing and, the very best medical attention, and for a while improved and was brought back to the home of her brother, Mr. W. H. Miller, on North street. Her frail constitution was not able to withstand the shock and she gradually grew weaker until the end came. Mrs. Rupard has spent all of her life here with the exception of a few years in Oklahoma City. She was a true Christian, a most unselfish character, and always thoughtful of the comfort of others.

Mrs. Rupard was 64 years of age and a member of the Baptist church. She is survived by an adopted daughter, Mrs. Opal Calhoun, of Hunter, Oklahoma, and four brothers, Robert Miller, of Des Moines, Iowa; John Miller, Danbeg Oklahoma; James C. Miller, W. H. Miller and Mike Miller, all of this county. Funeral services will be held at the Presbyterian church Saturday morning at 10:30 by Dr. R. L. Telford. Burial in Richmond cemetery.

1,000 Vacancies In Rural Schools

State school officials have announced that July 5 will be the "second hiring day" as a last effort to induce enough teachers to fill the numerous vacancies in the State, due largely to insufficient pay and more attractive offers in other states. There are said to be 1,000 vacancies in the rural schools of Kentucky, for which woefully inadequate salaries are provided. Even in Louisville, where there is slight improvement in pay, there are still forty-four vacancies, and nearly every possible source for obtaining teachers has been exhausted.

Little Child Dies

Donald Francis, the little six months old son of Mr. Robert Hurst at Winchester, died Thursday evening, at the home of Mr. J. M. Fowler on Big Hill avenue, after a week's illness of brain fever. Burial in Richmond Cemetery this afternoon.

CHEMICAL COMPANY PRESIDENT TESTIFIES

C. B. Hawes, Louisville Business Man Gladly Praises Trutona

Louisville, Ky., June 26—Business men, professional men, laborers and artisans, as well as hundreds of women, are today endorsing Trutona. C. B. Hawes, 1415 Winter avenue, president and general manager of the Hawes Chemical Company, has the following praise:

"It gives me pleasure to endorse Trutona. I found it excellent for the treatment of nervous indigestion. For some time I had great difficulty in getting to sleep at night. I was subject to frequent attacks of nausea early in the morning. This made me feel miserable.

"I noticed a considerable improvement in my entire system after taking Trutona a few days. I feel much better and stronger now and have more pep. I also sleep well and the nausea and nervousness have been greatly relieved. Trutona is all right. I gladly recommend it."

Trutona is an excellent system tonic, appetizer, laxative and strength builder. Thousands of Kentuckians have testified to its merits as a treatment in cases of stomach, liver and bowel troubles. Trutona is now being introduced in Richmond at H. L. Perry & Son's Drug Store.

LITTLE WILLIE DIDN'T ESCAPE, AFTER ALL

(By Associated Press)
The Hague, Holland, June 27—The former German Crown Prince, whose escape from Holland to Germany has been reported, is still at his residence on the island of Wieringen in the Zuider Zee, this morning, according to an official announcement.

The fact that he is still at Wieringen, was disclosed by an official investigation made by the Dutch Minister of the Interior.

Thursday's report of the escape of the former Crown Prince appears from available advices, to have come from British official sources in Paris. The accuracy of the news was apparently accepted without question in peace conference circles. Circumstances surrounding the origin of the report are a matter of speculation pending fuller cable advices.

Black Asks People To Celebrate

(By Associated Press)
Frankfort, June 27—Governor Black announced he would today issue a proclamation calling on Kentuckians to celebrate the signing of the peace treaty upon a pre-arranged signal to be given to telephone exchanges. Whistles are expected to be blown, bells rung, work stopped for a few minutes and the people engage in silent prayer of thanksgiving for victory.

British Labor Wants Allies Out Of Russia

(By Associated Press)
Southport, England, June 27—British, French, Italian labor representatives have decided to make a general demonstration, probably July 20th, to protest against allied intervention in Russia, it was announced at a labor conference here today. Prohibition In Porto Rico

(By Associated Press)
San Juan, June 27—Efforts are being made by the Porto Rican authorities to check the use as beverages of tonics, perfumes and lotions containing alcohol. The Insular Treasurer, Jose C. Benedicto and Dr. del Valle Sarraja of the Health Department, recently asked the House of Representatives to enact legislation to prevent the use of such concoctions as intoxicating drinks.

Mr. Benedicto pointed out that it was legally permissible to use alcohol for industrial purposes, under certain regulations, so that any individual could prepare a formula, have it approved by the Treasury and Health Department and sell it freely throughout the island. Theoretically these preparations were not for internal consumption and were harmful to the health, but in practice it had been found that they were drunk in alarming quantities, he said. Their sale could not very well be stopped as they permitted by law.

It is declared that although absolute prohibition has been enforced in the island for a year, the police daily are discovering stills for the distillation of alcohol.

Fighting Over Dividends

Dissension in the Board of Directors of the McCombs Producing and Refining Company over decision of the board not to pay quarterly dividends which its President says it is in better position to pay now than ever before, is revealed in letters to stockholders here sent out by Abram Renick, President of the company, calling on them to meet and settle the matter in Winchester, Ky., July 7. He suggests the election of two new Directors from among the stockholders as the best method of disposing of differences over management.

PEARSON TO GIVE ALL HIS TIME TO SALES

Col. James H. Pearson, Richmond's young auctioneer who has been making an almost sensational record with his sales within the past year, has resigned his position in the postoffice here and will devote his time to sale work in the future. He has been engaged for the tobacco breaks in South Carolina, August 1st at which time his resignation at the postoffice will take effect. After the southern market is over, he will go to Lancaster and sell at the splendid new warehouse which is being built there.

Col. Pearson goes to Waddy this week to help conduct another sale for the Wakefield-Davis Realty Company. He was with them in Corbin Tuesday. It rained pitifully all day but this pushing firm sold 67 lots and are said to have "cleaned up" \$5,000 for their work. They used Col. Pearson on the stump for a large part of this sale, and were so pleased with him that they engaged him for the sale at Waddy. James McCarthy will succeed Col. Pearson at the postoffice, where he is already familiar with the duties and will do good work in his new position.

Cut This Out and Take It With You

A man often forgets the exact name of article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion.

Jury Disagrees In Alienation Suit

In Federal Court at Covington on Thursday the jurors in the \$50,000 alienation suit filed by Matie Barton Fryer, divorced wife of Circuit Judge Louis P. Fryer, of the Harrison, Pendleton, Nicholas and Robertson counties circuit bench, reported that they were unable to agree upon a verdict after several hours' deliberation. The suit brought by the form Mrs. Fryer Mrs. Eva Bradford Fryer. It was said against the Judges present who, that the jury stood seven for the defendant and five for the plaintiff. In his instructions to the jury Judge Cochran said that in order to find a verdict for the complainant, the jury must believe that wrongful conduct on the part of the defendant had caused the separation between Judge Fryer and his former wife.

MAY TRY TARVIA ON CITY'S STREETS

J. L. McKee Riffe, of Lincoln county, is here as State Road Inspector to supervise the reconstruction work being done on the Big Hill pike between Berea and Kingston. Mr. Riffe is representing the State Department of Public Roads. He was formerly road engineer for Lincoln county and has had much experience in road work of all kinds.

Many compliments have been passed upon the condition of the Barnes Mill pike, since the tarvia has been applied out as far as the Pond church. Officials of the city are so much impressed with the possibilities of this form of road making that it is probable one of the residential streets of Richmond will have it applied and in the event it proves satisfactory in town, a number of streets that are not slated to be paved with asphalt, may have tarvia applied, for it is understood that repair bills can be greatly reduced on thoroughfares where a thorough application of the tarvia is given.

GIRL SEES LYNCHING OF HER ASSAILANT

(By Associated Press)

Ellisville, Miss. June 27—Trailed for 10 days thro southern Mississippi by posse which included several hundred members of his own race, John Hartfield, negro, confessed assailant of an Ellisville young woman, was captured in a canebrake yesterday morning, rushed by automobile to the scene of his crime, hanged from a gum tree and burned to ashes. His victim identified him and witnessed his execution. Gov. Bilbo, petitioned to intervene, in a statement issued at Jackson shortly before the lynching, declared himself to be "utterly powerless" and said that interference only would lead to the deaths of hundreds of persons and that "nobody can keep the inevitable from happening."

The lynching was conducted in a manner which the authorities characterized as "orderly." Guarded by a committee of citizens of Ellisville, Hartfield was taken first to the office of Dr. A. J. Carter, who, after examination of gunshot wounds received when the fugitive made his fight against capture, declared the negro could not live more than 24 hours. In the meantime, a group of silent men were piling crosssties and brush in a depression in the ground near the railroad trestle. There was no shouting. Arrangements apparently had been made days ago.

After Hartfield had been identified upon being brought here, there were quiet conferences. Members of the committee circulated in the crowd. Reports that there would be a "burning" at 5 o'clock gave way to statements that there would be a "hanging at the big gum tree."

Hartfield was told what the crowd intended to do to him but only repeated: "You have the right man."

From the doctor's office Hartfield was taken to the street and faced the crowd. "You have the right man," he reiterated. Then a noose found its way around his neck and the trip to the big gum tree was started. The crowd still ominously silent.

Under the big gum tree Hartfield forcibly detained his victim all of the night of Sunday, June 15. It was under a limb of the same gum tree that Hartfield was hanged as soon as the rope could be pulled up by hundreds of hands. Then took place the first demonstration. While the body was in its death struggles, pistols were fired at the swinging form. Before the rope had been cut by bullets, burning faggots were thrown under the body and an hour later there was only a pile of ashes. No arrests were made after the lynching and today the little town is quiet.

WHAT WILL WILSON DO ON DRY LAWS?

(By Associated Press)

Washington, June 27—Despite a multitude of rumors as to what President Wilson intends to do on annulling wartime prohibition as far as it affects wines and beer after July 1st, apparently there is no one here who knows his mind and there is no agreement among administration officials as to likelihood of his action.

Those who believe he will take no action declare he is without power to do so until the final termination of a state of war. They say his recommendation to the extraordinary session Congress for repeal of the prohibition statute is partly based on the Attorney General's opinion that the phraseology of the legislation has shorn him of powers to act at this time.

Weekly Health Talks

Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are all common. There is but one way to good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce's Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines.

If piles are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these special remedies will not relieve and usually cure. They are so good that nearly every drug store has them for sale.

Do you drink coffee or Rookwood coffee? There's a world of difference in taste and quality. Rookwood coffee is sold by D.
