"PEACE ON EARTH; GOODWILL TOWARD MEN"

TREATY SIGNED AT PARIS BY NATIONS

WAR IS FORMALLY ENDED

Wilson Affixes His Signature At 3:14, Paris Time, Immediately After Hun Envoys Have Signed.

(By Associated Press)
Washington, June 28—The peace treaty ending the war between Germany and 27 other nations was signed at Versailles today.

The signing was begun at 10:30 Washington time, according to an official report to the State Department, which said that President Wilson affixed his signature at 3:14, Paris time, and a minute earlier, Dr. Herbert Mueller and Dr. Johannes Bell signed for Germany.

The treaty was signed in the presence of 400 private guests, plenipotentiaries, 14 enlisted men from the American, British and French armies.

All were seated when the German delegates entered by the secondary stairway, thus avoiding occasion for a salute by the guard of honor which was reserved for the allied representatives.

Within the Hall of Mirrors historical furnishings and paintings gave a tone of impressive state.

At 3:10 Premier Clemenceau called the session to order and put the direct question to the Germans whether they were willing to sign and execute with loyalty all the terms. The other delegates, meanwhile, did not arise when the Germans came into the Hall.

After an affirmative reply, the attention of the Germans was directed to the treaty and at 3:12 o'clock they began to sign.

Gen. Jan Christian Smuts, one of the delegates representing the union of South America, signed under protest. He said the indemnities stipulated could not be accepted without injuries to the industrial revival of Europe.

All the delegates having affixed their signatures, the proceedings formally closed at 3:49 o'clock. The German delegates left the Hall first, the allied representatives remaining in their seats.

Shortly thereafter the whole assemblage left the Hall and went to a terrace to witness the fountains playing.

As President Wilson, Premier Clemenceau and Lloyd George emerged from the palace a great crowd swept aside the cordon of troops, cheering madly.

Meanwhile cannon began to boom, announcing the completion of the historic ceremony.

China Only Nation Not Signing

Versailles, June 28—The world war was formally ended today by the signing of the peace treaty with Germany.

The epochal meeting in the Hall of Mirrors began at 3:10 o'clock and the German delegates, the first to sign, affixed their signatures at 3:13 o'clock. They were followed by the American delegates headed by President Wilson and then by the plenipotentiaries of Great Britain, France, Italy and Japan.

Representatives of the minor powers signed in alphabetical order. China's delegates were not present, declining to sign because they are not permitted to make reservations on account of the Shantung settlement.

No Demonstration At Capital

Washington, June 28—Official Washington took the signing of the peace treaty calmly in contrast to the riotous demonstrations on the signing of the armistice. Congress was wholly without a demonstration. There were no street demonstrations whatever.

BIG FEATURE FIRST NIGHT OF CHAUTAUQUA

"Getting Together" will be the title of the lecture of the opening night of the coming Redpath Chautauqua by Miss Ada Ward, dynamic eloquent Englishwoman who arrives in America just in time to begin her Chautauqua tour from France and Germany with a wonderful message of the need of a closer relationship between America and her allies. Incidentally Miss Ward will tell some of her experiences entertaining the "Tommies" at the front.

Miss Ward first became known to American audiences during the war. She has a wonderful story of life at the front and she told it so dramatically that she completely fired and captivated her hearers. In city after city the coming of Ada Ward was a little less than a sensation.

After the signing of the armistice Miss Ward returned to England and only came back to the United States at the beginning of the Chautauqua season in April. She comes here with a vivid story of conditions in present day Europe.

When Miss Ward was in Europe she traveled with a special pass which permitted her to visit any place in France or Germany and the commanding General of the first British army placed his own auto at her disposal.

Miss Ward is one of the powerful platform speakers of the day. She possesses every art of the trained speaker, fiery sincere, eloquent, she is yet humorous and witty. "Getting Together" will be one of the great lectures of Chautauqua week.

SAYS OLD ORDER HAS PASSED AWAY

(By Associated Press)

Washington, June 28—President Wilson in an address to the American people on the occasion of the signing of the peace treaty made a plea for acceptance of the treaty and the covenant of the League of Nations without change or reservation. His message was given out here by Secretary Tumulty and said:

"It ends once for all the old and intolerable order under which small groups of selfish men could use the peoples of the great empires to serve their ambition for power and dominion; it recognizes the inalienable rights of nationalities, rights of minorities, and the sanctity of religious belief and practice. It will serve to cleanse the life of the world and furnish guarantees such as were never even contemplated for the fair treatment of all who labor at the daily tasks of the world."

NATIVE OF MADISON PASSES AWAY IN CLARK

John McCord, age 83 years, a native of Madison county and widely connected in this section, died at his home in Winchester Thursday night of the infirmities incident to his age. He was the father of Chief of Police Woodson McCord, J. L. and C. B. McCord, of Winchester. One sister, Mrs. Dorcas Phelps, of Stanford; five grand children, Lieut. Plan Hog Development Program

Thirty-nine field workers in swine husbandry of the United States Department of Agriculture, several State directors of extension work, and others met in a conference in Washington last week with officials of the department. Plans were worked out for carrying on the extension work in developing hog production along more uniform lines than heretofore. Addresses were made by Dr. J. R. Mohler, Chief of the Bureau of Animal Industry; G. M. Rommel, Chief of the Division of Animal Husbandry; E. Z. Russell, in charge of swine investigations; Bradford Knapp, chief of extension work in the South, and C. B. Smith, chief of extension work in the North and West. The workers spent a day at the department's experimental hog farm at Beltsville, Md., where judging contests and demonstrations of butchering and vaccination for cholera were held. All phases of the hog industry were discussed during the conference. Particular attention was given to the promotion of feeder animals in the South and the finishing of pork in the corn-belt States.

MAY BE FOUR ENTRIES IN JUDGESHIP RACE

Reports come from Frankfort that a third entry is rather expected in the race which is developing in the 13th judicial district for the circuit judgeship, which will be vacant when Judge C. A. Hardin goes to Congress. Clerk of the Court of Appeals Rodman W. Keenon, whose home is in Mercer county, is understood to be a receptive candidate for the appointment which will be made for the short term by the governor. In the event of his appointment by Gov. Black, it is reported that he would in all probability be a candidate at the election.

The Lancaster Record this week says that that County Attorney Henry Jackson, of Boyle, and Attorney Kendrick S. Alcorn, of Lincoln, were both mingling with the voters in Lancaster court day. So far they are the only ones who are active candidates, according to reports. A rumor comes from Danville that Commonwealth's Attorney E. V. Puryear may throw his hat into the ring. Of course, if he does it would complicate things in the running. There is a strong tip that Gov. Black will name Jackson for the vacancy when Hardin resigns. Rumor has it that if Jackson is appointed by the governor, his place as county attorney of Boyle, will be filled by Ad. Lanier, who is now secretary to Gov. Black, and that the governor will find a private secretary in western Kentucky.

Hon. King Swope, republican candidate for congress, is scheduled to speak here in Richmond this Saturday afternoon, and at Berea tonight. With the state primary and the special election only about a month off interest in politics is beginning to "look up."

NEW MOVIE THEATRE MAY COME HERE

Big Feature Rights Corporation Looking For Location In Richmond.

Richmond may have another moving picture theatre if plans of the Big Feature Rights Corporation go through. A gentleman showed the Daily Register a letter from this big concern this week, in which it requests him to secure a suitable location for a theatre to seat at least 1,000 people. He has gone to work on the proposition at once, and it is understood that representatives will be here within a few days to look over the situation, and make plans for securing a location. A splendid site, close to the heart of the city is already in view, this gentleman says, and negotiations for securing it are under way.

The gentleman who is looking after the local end has had long experience in such matters and says that the Big Feature Rights Corporation is putting out the latest and biggest star pictures on the market today. This concern operates the B. F. Keith National Theatre at Louisville, and has a circuit of the biggest theatres all over the country. He says that it is booking the late pictures of Mary Pickford and a number of other stars which are showing their new plans exclusively through it. He says that if a new theatre is opened here that movie patrons will have the opportunity to see a class of pictures which can be shown by no one else.
