Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Uncle Sam On The Meat Question

Uncle Sam is worried over the price the housekeeper is paying for beef. Uncle Sam is so much worried that he has looked into matter to find where the blame lies. Uncle Sam states that the farmer is getting a lower price for his cattle than he did during the war and that the packer is selling carcasses of beef from 15 to 20 per cent lower than in March of this last year. From this it would appear that the housekeeper must fight the retailer to get the reduced price which after-the-war-conditions warrant. That the situation is a serious one can be seen from what Uncle Sam recently announced for publication: "This situation is a real menace to the farmer and to the consuming public as well. Many cattle raised in response to the demand for meat production for the Army are now maturing, and if marketed on a falling market will cause heavy loss to the producers, with the result that declining production may be expected in the future."

The new base for the Goebel monument, ordered some eight years ago, has arrived at Frankfort and will be substituted for the present which the State Capitol Commission refused to accept because it was cracked. The State has paid only half the \$20,000 contract price, withholding payment of the balance until the base was satisfactory. Tackle is being erected now to raise the statue in front of the Capitol.

GLAD TO TESTIFY

W. Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last two weeks, and was so weakening, my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children. I have never had to have a doctor for my troubles, and just resort to Cardui. I am glad to testify to what Cardui has done for me, so as to help others.

If you are nervous or weak, have headaches, backaches, or any of the other troubles so common to women, why not try Cardui a trial? Recommended by physicians. In use over 40 years. It is making Cardui today. It may be the very medicine you need.
