

## WILL HAVE TO DO SOMETHING BETTER

### If They Defeat This Great Instrument, Says President of Opponents of Treaty

(By Associated Press)

Kansas City, Sept. 6—The special train bearing President Wilson and party arrived here this morning.

Led by a band and troops, his party left the Union station in an automobile and paraded through the streets where cheers greeted him, to convention hall. As the President appeared on the platform with his wife the crowd arose and waving small flags cheered for two minutes. The President in his address covered many of the same points of the treaty he had discussed in his previous addresses. He called it one of the greatest documents in human history and asserted it is "shot through with American principles put there by common consent of the world." The League of Nations covenant he declared substituted arbitration and consultation for force and would end the intrigue which had terrorized Europe for generations and would end autocracy, which would perish with militarism. The people, the president said, have been misled about the treaty by men who look at it "with the jaundiced eyes of those who have some private interest of their own. If anybody dare defeat this great instrument," he continued, "then they will have to do something better. I say it is a case of put up or shut up."

## DEPUTY SHERIFF KILLS OIL MAN IN LEE

Torment, Ky., Sept. 6—Frank Vanderpool, a well known oil man, of Lee county, was shot and killed instantly at Zachariah, near here, at 10 o'clock Thursday night, it is alleged in reports to the authorities by Deputy Sheriff Link Moore and another man whose name is not known.

The trouble is said to have started over a peace warrant sworn out by Mrs. Vanderpool, which Deputy Sheriff Moore was said to have had for execution. When Moore informed Mr. Vanderpool that he had the warrant and would have to arrest him, it is declared that Vanderpool immediately drew his gun, and Deputy Sheriff Moore asked him not to do that, if he did he would have to hurt him, but he drew the weapon when Deputy Sheriff Moore and the man with him are said to have begun firing, shooting Vanderpool under the arm and thru the breast, killing him almost instantly.

Vanderpool was able to fire twice after he was shot.

## HEARD ABOUT TOWN

Devine Bros. of Mercer county raised \$2200 worth of potatoes on 10 acres this season.

C. F. Endel, of Texas, who is just back from the war, is doing desk work at the Hotel Glynndon.

In Mercer county Charles Smith, who recently bought the 4 1/2 acres on the Bohon pike, known as the Gore place, has resold it to James Irvine Moore, of Washington county, for about \$10,000.

Wm. Insull, of Columbus, Ind., who formerly was manager of the Kentucky Utilities Company's plant here, is in town for a short visit and is being given a cordial greeting by his many friends.

In Montgomery county J. Will Clay sold to A. J. Turner 164 acres, improved, of the McDaniel farm, lying on the Rogers Mill pike, for the price of \$150 per acre, and 40 acres to another buyer at the same figure. Possession of both places will be given March 1st.

Miss Maude Bolton is back from a visit to friends in Lexington. She will leave today for Athens, Ga., on a fortnight's visit, and after that will go to Atlanta where she will probably be stationed in her trained nursing work.

## W. F. HIGGINS BUYS STORE HE OCCUPIES

One of the most prominent business houses in Richmond changed hands this week when W. F. Higgins, well known furniture dealer bought the store room which he occupies from Robert H. McCreary, of Chicago. The price paid was \$7,100, which is considered a bargain as the location is one of the very best in Richmond, and Mr. Higgins has had his flourishing furniture business established there a long time. Mr. McCreary inherited the building from the estate of his father, the late Governor Jas. B. McCreary. Mr. Higgins is being congratulated upon securing a permanent home for his business, such a splendid site and attractive business house.

Mr. Higgins is planning to remodel the building within the near future, adding another story extending it back 20 feet and putting in a new front, which will make it one of the most attractive business houses in town.

## ARMED MINERS TO FORCE UNIONIZATION

### Thousands Marching On West Virginia Coal Town But Operators Get Machine Guns

(By Associated Press)

Charleston, West Va., Sept 6—Despite pleas of Governor Cornwell last night that they return to their homes, 500 miners, said to be armed, left Oak Grove today on a march across the mountains to Goal river where they are said to plan to force the unionization of mines.

Three thousand more men joined them at Racine according to word received by the governor. All are said to be armed. Meanwhile word received here says the coal operators of Guyan field distributed a car load of machine guns in Logan county in preparation for miners.

Wm. Petry, vice president of district 17, United Mine Work estimated that the marchers will be joined by 25,000 men when they have reached Logan county.

## NORMAL STAFF NOW WELL ROUNDED OUT

Prof. Clyde F. McCoy, of Fort Des Moines, Iowa, has been chosen to head the new department of Physical Education in the Eastern State Normal School. Prof. McCoy is a graduate of Wisconsin State Normal, Oshkosh, Wis., Cumberland University Law School and has had special work in Physical Education at Wisconsin University under T. E. Jones, Dr. Mean well and others. His experience has been as follows: Two years Principal of State Graded Schools in Wisconsin; one year Principal High School and in charge of athletics Wisconsin; one year director athletics and gymnasium in Texarkana, Texas High School; one year track athletics Castle Heights school, Tenn.; one year gymnasium Cumberland University, Tenn.; four years coach and director of athletics, Kemper Military School, Missouri; at present Field Director American Red Cross, in charge of Recreational work. He comes highly recommended and should prove a valuable addition to the Normal school faculty.

Mr. Chas. F. Miller, who has been directing the Physical Education for men in addition to his work in the Manual Training Department, will now devote his entire time to manual training as the department has grown to be one of the most popular in the institution.

The enlarged library and the increased use made of it by the Normal students has made it necessary for the institution to engage an assistant librarian to assist Miss Mary Estelle Reid, who has been connected with the school for a number of years as head librarian. Miss Pearl Scribner, graduate of Eastern class 1919 has been elected to the position. She will come to Richmond next week and has taken rooms with Mrs. C. F. Higgins on Oak street.

## D. A. R. Meets Monday

The Boonesborough Chapter of D. A. R. will meet Monday afternoon at 2:30 with Mrs. Samuel Marcus Phelps at her home at Rolling View. All members are urged to be present.

## AUSTRIANS WILL SIGN

Vienna, Sept. 6—Dr. Karl Renner, head of the Austrian peace delegation, informed correspondents here he would return to St. Germain Sunday and sign the peace treaty. Newspapers characterized the terms as "bitter, spiteful and unjust."

## FRANCE'S LASTING TRIBUTE

Point De Grave, France, Sept. 6—France paid a lasting tribute today to America's active entry into the great war by laying the corner stone of a monument here commemorating the landing on the spot of the first contingent of American troops in 1917. Speeches by President Poincaré and American Ambassador Wallace were the chief features of the exercises held on Lafayette's birthday, who sailed for America from the same spot in 1777.

## POPULAR COUPLE WED AT BERA

One of the most beautiful weddings that has occurred in Berea this season was that of Miss Hilda Welch, daughter, of the late Samuel E. Welch and Mrs. Welch, to Mr. Thomas Jackson Woods, son of Mr. and Mrs. H. I. Woods, of Wildee, Ky.

The bride is one of Berea's most well beloved daughters, a beautiful and accomplished girl who numbers her friends by the scores. The groom is a young man of ability and attractive personality.

One hundred and fifty friends of the bride and groom witnessed the solemnizing of the marriage rites at the home of the bride's mother, Dr. Wm. Goodel Frost officiating.

The spacious rooms and stairway were artistically decorated with ferns, roses, carnations and the season's flowers, lighted candles peeping out here and there among the flowers. The improvised altar, a mass of fragrant flowers and candles, was a thing of beauty.

Miss Grace Cornelius, of Aberdeen, Miss, sang the appropriate, "Oh, Promise Me" with tenderness and her rich contralto faded away into the sweet strains of Mendelssohn Wedding March played by Mrs. Charles Burdette. The Reception Girls, Mae Smith, Mina Herndon, Mrs. Wm. Clark, Margaret Lowen, Lelia Bowman, Eula Herndon, and Kate Moore, arranged themselves on either side of the hall so as to form a passageway for the bridal procession which was led by little Scott T. McGuire, ring bearer, descending the stairs with a beautiful rose in each hand—in each rose a ring resting. Then came John Winston Fish and Barbara Blanton, pillow bearers. The bridesmaids, Hazel Johnson, Betty Herndon, Neva Chrisman, Una Gabbard, Elizabeth Flannery, and Helen Bowman, tripped down in their dresses of filmy white, with bodices of pink silk, each carrying a basket of flowers, followed by the Matron of Honor, Mrs. Dr. Botkin, sister of the bride, who was becomingly attired in georgette over white satin. Ruby Mae Jackson, then strewed the bride's path with rose petals and the daintily clad bride was adorned in an iridescent dress—the bridal veil was caught up with a wreath of orange blossoms in becoming loveliness, and was held by the little train bearer, Georgia Belle Botkins. The bride was on the arm of her brother, John Welch, the groom accompanied by his brother, Alfred Wood.

After the impressive ceremony was performed the bridal party repaired to the lawn with the guests where the reception was held. The bride tossed her bouquet of bride's roses which was deftly caught by Neva Chrisman. After best wishes and congratulations to the bride and groom, brick cream of varied designs in colors pink and white was served with the wedding cake.

Numerous were the costly and beautiful gifts of cut glass and silver betokening the love and esteem in which the wedded pair are held.

Among the out of town guests were Mr. and Mrs. Johnson, of Mt. Vernon, Mr. and Mrs. Sparks, and three daughters of Mt. Vernon, Mr. and Mrs. H. H. Woods, of Wildee, Mr. and Mrs. Taft, of Lexington, Mr. and Mrs. Pascoe, of Atlanta, Ga., Mr. and Mrs. Robert Daugherty, of Nicholasville, Mr. and Mrs. D. R. Botkins, of Bond, Mr. and Mrs. Hicks, of Wildee.

The happy couple departed on the wedding trip amid the usual shower of rice. The going away dress of the bride was a handsome blue suede suit trimmed in squirrel fur and a small blue hat on which rested a yellow bird of paradise. She carried a French beaded hand bag corresponding in color.

Mr. and Mrs. Woods will be at home to their friends in Cincinnati, Ohio, where they will make their residence.

## CORN NO LONGER IN DANGER OF FROST

(By Associated Press)

Chicago, Sept. 6—Frost scares have been removed from the autumn lists of 1919. The annual terror of Jack Frost as the demon crop killer of the American corn belt has almost invariably heretofore reached a climax in September and October, but this year by an unusual combination of circumstances the farmers as well as dealers in corn are to enjoy virtual freedom from worry as far as the effect of frost is concerned—at least that is the opinion of numerous authorities on the Chicago Board of Trade. According to this opinion, the corn crop of 1919 has matured so much ahead of the average time that danger from frost damage is now a negligible quantity.

Nearly unprecedented steady succession of warm nights and sunny days with nevertheless ample moisture in store has been the chief factor in the wonderful rapid ripening which has blessed the American crop this season. About the only bogey yet to be reckoned with in figuring on the corn crop is the possibility of a wet harvest.

How much better than usual the situation of corn is at present in regard to frost may be judged from the fact that whereas the first killing frost stops all further growth of corn, the earliest date of such an event in Chicago during the last 22 years has been Sept. 18 and the latest Nov. 23. Inasmuch as a premature killing frost has often wiped out fortunes among heavy traders in corn, and has crippled farm resources throughout great stretches of territory the relief apparently assured this season has a value difficult to exaggerate.

## KINGSTON PIE SUPPER BRINGS SCHOOL \$58

The pie and ice cream supper at Kingston schoolhouse Thursday evening was most successful in every way. The sum of \$58 was realized which will be used for a new cistern which is badly needed at the school. County Attorney O. P. Jackson went out and auctioned off the pies. But for the fact that the pies and cream gave out, a much larger sum would have been realized. Prof. C. M. Edwards is doing a splendid work at the Kingston school, and a big year's work seems assured. The patrons are co-operating loyally, and the school is going to be one of the very best in the county this term.

## Narrow Escape From Runaway

Mrs. Albert Dozier and daughter, Miss Mabel, had a narrow escape from death Wednesday afternoon, when the horse which they were driving, became frightened while they were driving down Third street. The animal ran for some distance kicking the occupants from the buggy, before he was stopped. Fortunately neither of the ladies were seriously injured, and their escape seemed almost miraculous.

## M'LEAN COMPANY GETS SEWER WORK

### Council Awards Contract For Sum Of \$68,000 And Work May Begin Next Week

Contract for installing Richmond's new sewerage system was let to John B. McLean Company, of Newport, at a special meeting of the City Council Friday night. The McLean Company's bid was held to be the lowest and best bid, after thorough consideration of all facts and conditions entering into the bidding for the work.

There were four bids submitted at the regular councilmanic meeting Thursday night. The successful bid was for the sum of \$68,000.

Work will probably start next week on the main trunk sewers, as the successful bidder is ready to move its equipment here at once and get to work.

Nothing will be done, of course upon the street work until the sewers are all in. Plans will be pushed, however, for deciding upon the style of street paving to be used, securing bids and letting the necessary contracts. The City Council and the Citizens' Committee are determined to leave nothing undone to get this big public work done as quickly as possible.

## PROMINENT CITIZEN DIES AT DOYLESVILLE

Mr. James Eades, a prominent citizen of the Doylesville section, died Friday evening, as a result of a stroke of paralysis, aged 54 years. The community loses a splendid citizen and neighbor and his family, an indulgent husband and father. He had been a member of the Methodist church for a number of years. Mr. Eades is survived by his wife and nine children. Funeral services will be conducted at the residence of his sister, Mrs. Reid Thomas, in Clark county, Sunday afternoon at 2:30 o'clock. Burial in the cemetery at Winchester.

## PROMINENT LODGE WORKER NOW EVER MINDFUL OF DUTY

### Mrs. Iseman Thinks It Wrong If She Didn't Publicly Praise Trutona

Paducah, Ky., Sept. 4—Practically everyone in Paducah and vicinity knows, likes and esteems Mrs. A. L. Iseman, 402 Washington street, Paducah. She has been prominent in lodge circles here for many years, having held several high positions in the local W. O. W. Circle.

"I must admit that I was almost ready to 'hand in my checks,' when I began taking Trutona," she said. "I had been suffering from a complication of trouble for several years. My bladder and kidneys were out of shape and my nerves were in bad condition. I had scarcely any appetite and found it hard to sleep at night.

"I do not like publicity and consequently am not enthusiastic over having my name used, but feel that I owe this statement to the general public, and this time I am willing to give it. I am not nervous any more and my kidney and bladder troubles have vanished.

I have a very splendid appetite, too, and sleep well at night now. Trutona is the finest medicine for liver trouble I've ever found. My complexion has cleared up and I've gained in weight during the past two months. Trutona seems to have made a new woman of me."

Trutona is now being introduced and explained at H. L. Perry & Son.
