

Nation-Wide Raid On Red Agitators And Anarchists

Government Will Deport All Aliens Seized In Clean-Up Which Is Thorough Over The Country

(By Associated Press) Washington, Nov. 8—Deportation of all aliens engaged in "Red" activities has been determined upon by the Department of Justice, Attorney General Palmer announced today.

Attorney General Palmer has asked the Department of Labor to deport them all. Included among the material seized by the government in the raids were quantities of articles for bombs, a complete counterfeiting plant, a large supply of counterfeit bank notes, a thousands of pieces of literature of the most inflammatory nature, scores of red flags, rifles and revolvers.

Practically all those arrested are Russians. In the course of the investigation which has been under way for two months, Palmer said that government agents have found a union of Russian workers conducting active propaganda for a social revolution.

The aliens arrested were all leaders in this union which is described as the worst anarchistic organization in the country. Its membership numbers more than 700, with about 100 locals scattered throughout the nation.

Officials declared last night's raids produced more forms of anarchistic propaganda, teaching the overthrow of government by violence in than any previous nation-wide raid.

Arrested At Akron

TELLS FARMERS TO KEEP KENTUCKY MARES

Southern Mule Buyer Says Mules Out of Western Mares Won't Do In the South

The country faces a horse and mule famine, F. E. Allison, a leading horse and mule buyer of Chattanooga, said here this week when he came up through the Blue Grass looking for some good animals to take back to the southern markets. Mr. Allison secured a number of good animals through Col. Bob Walker. He says that the best thing that the farmers of the blue grass can possibly do is to keep their good trotting or big saddle bred mares from which to raise mules. He says that mules out of western mares are not giving satisfaction in the south. They lack gameness, he says, and can easily be discovered in any bunch of hybrids that have been in the south any length of time. He was emphatic in his statements that mules out of western mares will not do in the south.

Mr. Allison and Col. Walker bought a car load of mules and two horses here this week. Among their purchases were the following: Five mules from Morgan Evans, for \$900.

Four mules and a horse from Roberts and Rogers for \$885. Three mules from A. J. House for \$650.

Two mules and one combined horse from Bob Rowlett for \$775. Four mules from George Phelps and S. A. Deatherage for \$885. One mule from B. J. Cotton, for \$225 and Col. Walker sold the southern buyer and aged mule for \$85.

Virginia—Republicans gain slightly in Legislature. New York—Tammany men beaten in few State and city officials chosen. Republicans gain sixteen votes in Legislature. Theodore Roosevelt, Jr., Republican, gets record majority for Assemblyman.

Mississippi—Russell, Democrat, elected by unusual majority. Philadelphia—Moore, Republican, elected Mayor by 183,516. San Francisco—Rolph defeats Schmitz for Mayor by 20,000 in nonpartisan ballot.

"Mickey" Here Next Week

Every human emotion, every element of life, Mabel Norman portrays with such genius and artistry as only so everlasting and unforgettable a personality as Mickey can inspire. "Mickey" comes here Nov. 12 and 13.

So true and real is her charming portrayal of this famous personality, that the audience lose themselves completely in her fascinating appeal. She brings tears to the eyes at one moment and at the very next has her audience roaring with laughter. She registers equally well scenes the broadest comedy, of tense dramatic interest, and, in addition, performs breath-catching stunts that will thrill a whole nation.

Her quick, expressive eyes and mobile countenance respond to every mood and Mickey becomes a living, breathing personality, vivified by the undoubted ability of this adorable creature. Her peerless characterization will immortalize the name "Mickey". Mickey runs the gamut of every human emotion, expressed with mastery and sincerity never before equaled.

VICTIM OF TRAIN STUDIED AT NORMAL

Miss Maud Finzel of Frankfort, who with another teacher was killed by an L. H. & St. L. train near Medora, in Jefferson county, Thursday, was a former student at Eastern Kentucky State Normal, and is well remembered here. She was slightly crippled, but of bright and lovable disposition, and she was a member of the Christian church orchestra while here. Her teachers and who others who knew her here were greatly shocked to learn of her untimely and tragic death. The Louisville papers say that the accident was due to the fact that a passing freight train drowned out the noise of the approaching train and the young women, after waiting for the freight to pass, stepped on the track directly in front of the on-rushing passenger, which was going at high speed on its way to Louisville.

Death came instantly and no doubt before the young women could realize the fate that was upon them. Only for an instant did Miss Finzel turn and see the train coming. In that moment she was seen by the few who witnessed the accident to grasp her companion by the arm and turn as though to drag her off the track, her last impulse being to save Miss Lena Shennum. The next moment the train had struck them and hurled both from the track.

The train was going at a speed between fifty and sixty miles an hour. Miss Shennum was hurled against the caboose of a freight train with such force that her head was severed. Miss Finzel was thrown thirty feet away. She was not mangled but died instantly.

FOX HUNTERS EXPECT BIG TIME NEXT WEEK

Sportsmen from Kentucky and from all parts of the United States will be in attendance at the National Fox Hunters' Association, which will begin a week's session Monday, at Crab Orchard Springs. Madison county will send over a big delegation. Secretary J. W. Maupin left Saturday for the Springs.

The derby stake will be started at 5 o'clock Monday morning for hounds whelped after Jan. 1, 1917, to be followed by the all-age stake. Both stakes are open to the world.

On Tuesday the bench show will be held, followed by the hunt ball that night. J. D. Chenuatt, Richmond, is president of the National Fox Hunters' Association, and J. W. Maupin, Richmond, is secretary.

Lexington will be well represented at the meeting. Among those from there who will in attendance will be the following: Gen. Roger D. Williams, Mr. and Mrs. Lucas Combs, Joseph Smith, Howard Early, Mr. and Mrs. Leonard Shouse, Clarence Lebus, Jr., Jeff Weathers, Mr. and Mrs. S. L. Woodrjidge, Charlton Clay, Solomon Van-Meter, Brownell Berryman, Ora Moore, Brown Hampton, W. A. Wade and others. Mr. and Mrs. Shouse will have as their guests: Dr. and Mrs. William E. Fallis, Dr. and Mrs. M. Casper and Mr. and Mrs. Howard Camnitz, of Louisville.

The handsome home of Judge Ralph Gilbert, two miles out of Shelbyville on the Louisville pike was sold to Frank P. Thompson and Brack R. Monroe, of Winchester. The Wakefield-Davis Realty Co., which conducted a very successful lot sale in Winchester, made the sale.

MINERS ORDERED TO CANCEL STRIKE

Federal Judge Gives Union Officials Until 6 O'clock Monday To Call Off Strike

(By Associated Press) Indianapolis, Nov. 8—Bulletin—The United Mine Workers of America today were ordered to withdraw the strike order under which more than 400,000 miners quit work November 1st. The mandate was issued by Federal Judge A. B. Anderson, after a hearing in which attorneys for the union fought vainly for a chance to present arguments on its right to strike. The union is given until six p. m., November 11th, to issue a cancellation. This date was selected because so many defendants were absent, attorneys for the union explained they must be summoned by telegraph from many parts of the country to issue the cancellation order.

The attorneys announced President Lewis and Secretary Green of the union, purposed to obey the court order but they could not speak for their fellow officers.

At one point in the proceedings Judge Anderson held the miners and their agents guilty of conspiracy under the Lever Act, if two or more agreed to quit work in the coal mines.

SENATE COMMITTEE SIZES UP STEEL STRIKE

(By Associated Press) Washington, Nov. 8—Characterizing all strike as "industrial barbarism," and declaring "there is no place in this country for an industrial despotism or labor despotism," the Senate committee investigating the steel strike presented its report today. The committee's main conclusion was "the public has a right to demand that neither capital nor labor" arrogate to itself the right to determine in its own way those industrial questions and that Congress should provide some way of adjusting difficulties thro' some mediation agency such as the recently dissolved War Labor Board. The committee found massed behind the steel strike "a considerable element" of revolutionary radicalism of which it asserted, William Z. Foster, secretary of the general strike committee, was the leader. The committee advised that labor rid itself of Foster and like leaders.

CRECELIOUS CHANGES PLANS; SAVES \$6,260

The value of a competent engineer to the tax payers of a city or county is fully conceded and it is generally accepted that with their technical knowledge they can often save quite a sum of money on a piece of work, or make a small sum go a long ways. A specific example though is better proof of such a belief than the general statement.

An instance of this kind has developed in the very first stages of the sewer work now going on in the city of Richmond whereby Col. S. F. Crecelius, the engineer employed by the city for the street and sewer work has made quite a saving for the city at one point in the city already.

The plans for sewer system made for the city some years ago was splendid plan and could have been followed out in detail to good advantage, yet where it is possible to save money for the city without decreasing the efficiency of the system it should be done and it is with great satisfaction to the city council and bond commission to note Mr. Crecelius is watching this matter so closely.

Col. Crecelius has just made certain small changes from the old plans, which saved several thousand dollars to the taxpayers. He wrote to the Citizens' Committee, explaining the changes made as follows: Richmond Ky. November 3, 1919.

Mr. Hale Dean, Richmond, Ky.

Dear Sir:— I beg to make the following statement in reply to your inquiry regarding my reasons for certain changes which were made in the plans for sewers that were drawn previous to my arrival.

Upon inspection of the plans I told the committee of the Council and citizens that it was probable that the plans on file could be used, thus saving:

Upon inspection of the ground it was found desirable to make a number of changes in the plans. Among the principal changes were the following:

The line from East street to Estill avenue was reversed to flow from East street to Estill avenue, thus raising the grade in front of the cemetery, where boring shows rock close to the surface, and lowering the Estill avenue end where excavation is in earth.

This change resulted in a saving of 315 cu. yds. of rock excavation @ \$8.00 per cu. yd. \$2520.00

The line from East to Collins street was abandoned, and provision made for serving the two sides of the street with separate sewers, one of which is constructed, and the other can be built at small cost in earth excavation. This change saved 280 yds. of rock excavation @ \$8.00-2240.00

The second street line between Irvine street and Moberly avenue was originally planned to discharge in the hollow between the two streets. The north end of this line from the top of the hill north of the hollow was reversed to flow to Moberly and thence east down Moberly. This resulted in a saving of 50 yards of rock excavation @ \$1800-400.00

Changes were made in the locations of man-holes resulting in a saving of 12 man-holes @ \$75-900.00

Total of these items result in a saving \$6260.00

A number of other changes were made and each resulted in a small saving, probably amounting to four or five hundred dollars additional.

PAINT LICK PITCHER SIGNED BY LOUISVILLE

W. Cell Tatum, son of Mr. and Mrs. John Tatum of Garrard county, has signed a contract with the Louisville Base Ball Club, as pitcher, and will go south on the Colonel's spring trip in the early spring of 1920. Tatum is the best pitcher, by far, that Garrard county has ever turned out. His record with the Paint Lick team has been remarkable, playing 16 games with the crack teams of the surrounding counties, winning 15 of them and made a "no hit" game with the combined strength of Nicholasville and Lexington teams.
