Government Calls Conference At Suggestion of Producers of Wearing Apparel

(By Associated Press)
Washington, Dec. 19.—Steps to check the rising price of clothing will be discussed at a conference here early next month of persons interested in the production of wearing apparel from the producer of raw material to the consumer of the finished product. The calling of the conference was announced today by Assistant Attorney General Figg. He said in addition to effecting economies in operation it is planned to provide for the production of a standard quality cloth and garments for sale at reasonable prices as an inducement to the public to check extravagance in purchasing.

Suggestions for the conference came from producers of wearing apparel and a committee of 17 is being chosen. Some clothing manufacturers were said to believe men's suits now selling for \$55 at retail could be sold at a profit for \$25 if a standard quality is tried out in quantity. Goods, however, will be standard in quality and not in patterns.

SHACKELFORD NOW HAS CHURCH CASE ON HAND

Winchester, Ky., Dec. 19.—The Church of the Living God here is closed with a padlock and it's up Judge Shackelford to decide whether the action of the minister in thus preventing his de-thronement is sanctioned by law. A mandamus suit to force Bro. S. W. Joiner, minister, and his supporters to open the church and admit Brother Alexander Campbell Rose, newly elected minister, and his contingent, has been on several days in circuit court.

Brother Joiner claims "the power of discernment as to who is in and out" of the church rests with the minister. He said when members signed a paper favoring Rose as minister he excommunicated them from membership. Rose's witnesses alleged that Joiner denounced Rose from the pulpit as a "bad spirit" and warned the people against hearing him preach. Rose testified that at one service while he was on the front seat Joiner told the congregation that there was no use to attempt to do good as long as the "devil is in the front seat a-hollering, amen."

Judge Shackelford took the case under advisement. In the meantime each faction is trying to purchase the others' interest in the church and thus settle the argument.

Stanley's Proposal Beaten

(By Associated Press)
Washington, Dec. 19.—Hopes of passing the railroad bill tonight or tomorrow at the latest, permitting adjournment of Congress over the holidays, brightened in the Senate today. Good progress was made on the few remaining amendments.

Labor clauses, including the anti-strike provision to the Cummins measure, culminated in rejection by a vote of 25 to 46 of the proposal of Senator Stanley, democrat of Kentucky, to eliminate the whole section. Efforts toward a compromise ensued.

Chicago, Dec. 19.—Cleofonte Campanini, director general of the Chicago Grand Opera Company, and widely known in musical circles, died of pneumonia here today, aged 59.

COLLEGE GIRLS VOTE AGAINST NEW FANGLED DANCE

(By Associated Press)
St. Louis, Mo., Dec. 19.—When young freshmen of Washington University, numbering 150, were questioned recently whether they favored check-to-check dancing they overwhelmingly decided it was insubstantial and should be barred. One hundred and forty-five of them decided that it gave the deadly germ a chance to do its worst, but there were five who voted along the lines that they should

ATTEMPT MADE TO KILL LORD FRENCH

(By Associated Press)
Dublin, Ireland, Dec. 19.—An attempt was made today to assassinate Viscount French, Lord Lieutenant of Ireland. A number of men hiding in a field fired at the vice-regal car on a country road. Two shots pierced the car and strayed bullets killed a civilian and wounded a cyclist policeman who was acting as escort. Viscount French was unhurt.

The dead civilian is said to have been a member of the attacking party and was killed by a policeman. One bomb is said to have exploded. The attacking party numbered five or six persons. They fled after the shooting and were not apprehended. The attack occurred in the vicinity of Phoenix Park.

The attempt on French's life comes during the most threatening Irish upheaval in years. Field Marshal Viscount French, of Ypers, himself an Irishman, was appointed Lord Lieutenant of Ireland in May, 1919, after serving as commander-in-chief of the British home forces since his retirement as commander-in-chief of the British army in France when relieved by Haig in 1915.

VICTORY WON IN COAL STRIKE SAYS PALMER

(By Associated Press)
Washington, Dec. 19.—The termination of the soft coal strike as not a settlement but a victory for the government, Attorney General Palmer today told the Senate subcommittee investigating the strike. "The government won its fight," said Palmer "there was no settlement. In actuality, the men and union officers have complied with our demands and returned to work."

Divine Healing Reported In Wales

(By Associated Press)
Aberaman, South Wales, Dec. 19.—Another religious revival is spreading over Wales. It was started at a mission by Stephen Jeffreys, a Welsh revivalist. Reports of supernatural visions and instances of divine healing have been followed by hundreds of conversions and people are travelling long distances to witness the revival.

JASPER LONG SELLS BASKET AT \$1.04

Final Sale Before Christmas Holidays Held Friday—Some More Good Figures

Final sales before the close for the Christmas holidays are being held today at the Madison Warehouse. The two local houses have endeavored to move all the tobacco possible before Christmas in order that their friends may have the money for the holidays.

The usual standard of high prices on good tobacco continued today. One basket belonging to Jasper Long sold at \$1.04 a pound. Several baskets sold at \$1 a pound, which is getting to be an average figure for a real good crop.

Both houses will start out with brand new floors when the selling re-opens December 29th.

Supervisor of Sales Stone Norman reports that in its sale of December 17th and 18th the Home House sold a total of 237,973 pounds, for \$146,090.20, or an average of \$61.25, a splendid figure. Sales noted at the Madison House Friday morning were:

FLEMINGSBURG MEN INSPECT NEW GARAGE

Messrs. C. L. Dudley and R. K. Dudley, of the Dudley Garage at Flemingsburg, came over Friday to inspect the handsome new building of the Richmond Motor Company, which is rapidly nearing completion on West Main street. They plan to erect a \$30,000 garage in Flemingsburg, and wanted to go over the local garage thoroughly, as it is acknowledged to be the latest thing in its class probably in the state. They were accompanied here by J. R. Henderson, an architect. All were greatly pleased.

EASTERN GETS FIRST INHERITANCE TAX

Eastern State Normal School received its first installment of the inheritance tax fund this week. The check that was received from the State Treasurer at Frankfort amounted to \$17,568.11, which will go a good way toward payment of the current expenses of the big institution. The sum had accrued for some time, as the privilege and legal right of the normal schools to share in inheritance taxes has been pending in the courts, and has only recently been decided by the Court of Appeals.

TERRILL SELLS CRACK HOUND TO FLORIDIAN

Col. R. B. Terrill sold this week to F. B. Cassell, of Florida, his crack two-year-old fox hound "Rock" which is conceded by all to be one of the finest hounds this county has produced in some time. Rock won the hunting cup at the Central Fox Hunters' meet and has been close up at all the big shows and meets. Mr. Cassell is an enthusiastic fancier of the Sunshine state, and nearly always attends all the hunts in Kentucky. Mr. J. L. Kanatzar shipped him for Mr. Terrill. It is understood that the price has not yet been agreed on, but it will be a good one for they can't find a dog like Rock every day.

TERRILL HAS THREE COUNTIES IN CENSUS

Richmond Man Appointed Supervisor For Madison, Garrard and Jessamine In Work

Robert B. Terrill has just been notified of his appointment as Census Supervisor for the counties of Madison, Garrard and Jessamine. The appointment was made by George M. Buchanan, of Shelbyville, who is Census Supervisor for the 8th congressional district.

Mr. Terrill will have direct charge of enumerators, who will begin to take the census of these counties on January 2d. He will shortly announce the names of the enumerators who have been chosen for each county. One will be selected from each voting precinct of a county. The list for Madison is not yet complete. Mr. Terrill says that there are several vacancies in several precincts of this county which must be filled.

Meetings of the enumerators for each county will be called by Mr. Terrill. The Madison county enumerators will be called together here, the Jessamine enumerators at Nicholasville and the Garrard enumerators in Lancaster. Due notice will be given of these meetings.

Much interest is being taken in the coming census. That this 14th decennial census, on which the actual work will begin January 2, is to be the most important ever taken is shown by the fact that the act of Congress providing for this census expressly increased the scope of the inquiries so as to include forestry and forest products, two subjects never covered specifically by any previous census. The inquiries to be made relating to population, manufacturing, mines, quarries and agriculture were also extended in their scope. The statistics to be gathered on mining will include all oil and gas wells.

Many startling developments in this important branch of the nation's resources are looked for. The complication and gathering of forestry and forest products statistics, will be in charge of a special force of experts. These statistics will be much in demand, revealing to business men and public officials the situation of the United States in regard to its present wealth of raw materials, especially forest products, so much needed for housing and building purposes.

Mr. Terrill has received much important information about the work of the forth coming census.

The census is required every ten years by the constitution of the United States and by act of congress. The date named for beginning the 1920 census is January 2, but the "Census Day" is January 1. In cities the population enumeration will be completed in two weeks. The enumeration of farms will be completed within thirty days.

The censuses of manufactures, mines and quarries, oil and gas wells, and forestry and forest products will, as a rule, be taken by special agents and by correspondence, and not by enumerators.

The census is the means by which the government ascertains the increase in the population, the statistics concerning agriculture, and the vital information concerning the resources of the nation.

Census Statistical Purposes Only
The census inquires are defined by act of congress.

The information gathered is strictly confidential, made so by law. Census information can not under any circumstances be used as a basis for taxation, nor can it be used to harm any person or his property. It has nothing whatever to do with detection, arrest, prosecution, or punishment of any person for any violation of any law.

Important Questions Asked Of All Persons

1. Age at last birthday.
2. Each person ten years of age and over will be asked whether he is able to read or write.
3. Each person will be asked his birthplace as well as the birthplace of father and mother.
4. If foreign born the date of coming to the United States will be asked, and, if naturalized, the date of becoming a citizen; also mother tongue or native language.

debt.

6. Each person will be asked his occupation and whether he is an employer or employee or is working on his own account.

The answers to the above questions give valuable and vital information to the government concerning the health, welfare, and progress of the persons under its protection.

Important Questions Asked Of Farmers

1. Each occupant of a farm will be asked how many years, if any, he worked on a farm for wages; how many years, if any, he was a tenant; and how many years, if any, he farmed as a owner.

2. Whether he (a) owns, or (b) rents, or (c) partly owns and partly rents his farm, or whether (d) he operates the farm for others as a manager or superintendent.

3. How many acres in his farm? Number of improved acres? Number of unimproved acres and number of acres of woodland?

4. Total value of farm? Total value of buildings? Value of implements and machinery on farm?

5. Whether farm is mortgaged? If so, the amount of mortgage?

6. Expenses for feed, fertilizer, and labor in the year 1919?

7. Several questions concerning artificial drainage of his farm.

8. Number of cows, horses, sheep, chickens, and other domestic animals on the farm January 1, 1920.

9. Quantity and acreage of all crops grown on the farm in 1919, including fruits and vegetables.

10. Quantity of milk and butter sold off the farm during the year 1919.

11. Acreage of timber land on farm and value of forest products.

Correct answers to the above questions are of the utmost importance. The United States Department of Agriculture assisted the Census Bureau in preparing the questions on the agriculture schedule and appeals to farmers everywhere to keep farm records for census purposes.

Copies of the Agriculture schedule can be had in advance by any farmer by writing to the Director of the Census, Washington, D. C.

A farmer for purposes of the census includes all the land cultivated by a single farmer either by his own labor alone or with the help of hired labor. It may be in two or more separate tracts, but it is all one farm if it is all under one management.

The land cultivated by a share hand or cropper, or by a cash renter, constitute a separate farm and is not to be counted as the owner's farm or included in it, but should be reported in the name of the tenant.

Identification Cards Carried by Enumerators

Census enumerators will carry identification cards as well as written commissions. These will be shown promptly by the enumerators upon request of any person.

In all cases where persons are suspicious of impostors these identification cards should be demanded. It is against the Federal law to impersonate a Census official, and impostors should be reported to the authorities.

Census Questions Must Be Answered

The Act of Congress providing the Census makes it the duty of all persons to furnish the information asked for by the enumerators to fill out the census schedules. No persons should hesitate, neglect, or refuse to answer fully and accurately all the enumerator's questions. He only asks the questions necessary to fill the schedules as required by the Act of Congress.

Keepers of hotels, apartment houses according to dispatchers from Tumpments, must assist the enumerator in getting information concerning the persons living in such hotels and houses.

BOGGS WORKING ON JACKSON HIGHWAY

Jessamine and Garrard Counties Are Placed On Route But Boyle Is Cut Out

Jessamine and Garrard counties have been included in the federal aid road extending from Hart county thru Green, Taylor, Marion and Boyle counties. Mercer county was included in the project but dropped out when it was determined that the road would pass thru Danville instead of Perryville. J. S. Boggs, commissioner of public roads, has granted an extension to Jessamine and Garrard counties in which to raise their pro rata of the fund for building the road. The road is to be a part of the Jackson Highway. Jefferson county is the only county on the Louisville and Cincinnati highway way to notify Commissioner Boggs that it has raised its quota of the fund for constructing the road. The time for raising the fund closed December 15 and Commissioner Boggs allowed the counties several days in which to report to him.

COATES TALKS ABOUT E. K. S. N. TO GOVERNOR

President T. J. Coates, of Eastern Normal, was in Frankfort Thursday where president of state educational institutions held a conference with Gov. Morrow. The question of legislation necessary for the growth and development of the normal schools and state university was discussed. Another meeting will be held December 27 at Louisville at which concrete suggestions and plans will be placed before the Governor. The incoming general assembly is expected to do big things for education in Kentucky. Gov. Morrow has pledged his administration to forward movements along educational lines. Eastern Normal is doing a great work and its field is rapidly expanding. Its needs are growing and it must be taken care of in any plan for educational progress in the state.

CLARK PLAYERS MAKE CLEAN SWEEP

The Clark county high school basket ball aggregation descended upon Richmond Thursday and made short shrift of their opponents of the Madison High School. Both the visiting girls and boys won their games in double headers, which were real interesting despite the one-sided scores. The local players put up a hard fight but were handicapped by lack of practice. The visiting boys from Winchester won their game by a score of 54 to 17, and the young ladies took the local girls into camp by a score of 27 to 6. Eastern Normal's basket ball team went to Winchester the same evening and was defeated 49 to 9. The Normal boys are mostly youngsters and had no chance against the experienced collegians.
