MORROW MAKES STRONG MESSAGE

Urges Many Needed Reforms In His First Message To Legislature Today

(By Associated Press)
Frankfort, Ky., Jan. 6—Twelve recommendations were made in Gov. Morrow's first message to the General Assembly when it convened here today. They included:

- Abolishment of useless offices, boards and commissions.
- Repeal of the control law and divorcement of state institutions from politics.
- School legislation, including a survey commission.
- Removal of the judiciary from politics and election under a non-partisan plan.
- Ratification of the federal suffrage amendment.
- Enforcement of national and state-wide prohibition.
- Repeal or amendment of the compulsory primary law.
- Dismissal of officers who surrender prisoners to mobs.
- Development of the state's agricultural and natural resources, including stimulation and protection of the oil and gas industries.
- Creation of a more efficient department of labor.
- Construction of a permanent system of state highways.
- Correction and revision of the present tax law and limitations of the arbitrary power of the State Tax Commission.
- Under the head of useless offices includes the State Fire Marshal, Dog License Inspectors, chauffeur and auto license inspectors, state forester, the insurance rating board and the entire automobile department.

Legislative Caucuses

Kentucky's legislature was organized today without the slightest friction. The House is controlled by Republicans and the Senate by Democrats. Caucus nominations were made last night almost without opposition.

The greatest interest prevails in the action of the Democratic majority in the Senate in the appointment of committees. Under the law the Lieutenant Governor is the presiding officer of the Senate, and when the Lieutenant Governor is of the same party as the Senate majority, he names the committees.

It is conceded here that Lieut. Governor Ballard will not be permitted to name the committees, but that they will be named by the Senate Rules Committee.

A call for the immediate ratification of the peace treaty was made by the House Democratic caucus. The resolution was introduced by Representative Minor, of Perryville.

Miss Grace Garrett, of Winchester, daughter of Green Garrett, former member of the state railroad commission, was nominated for State Librarian by the republicans. She will be elected without opposition, it is said.

At the meeting of the democratic members of the Senate last night every nomination was made by acclamation. They follow: Clem Nunn, of Marion, caucus chairman; Charles M. Harris, of Versailles, president pro tem; W. H. O'Connell, of Newport, chief clerk; E. Beauchamp, Russellville, assistant clerk; Miss Jennie McDonald, of Frankfort, enrolling clerk; Jeff D. Bowman, of Danville, sergeant at arms; Don R. Todd, Clinton, bookkeeper; Herbert Lkyns, of Paris, cloakroom keeper; A. C. Watts, of Frankfort, janitor, and Talbot Whittenberg, Louisville, John Shepherd, Winchester, and C. D. Miner, Perryville, pages.

There was little opposition at the republican House caucus. Homer McClellan, of Louisville, was named to be caucus chairman; Joseph Bosworth, of Middlesboro, Speaker; Joseph Lazarus, of Louisville, floor leader; Lilburn Phelps, Jamestown, clerk; Albert Leach, of Beaver Dam, assistant clerk; Zelphus Roberts, of Hyden, enrolling clerk; John Cook, of Hawesville, sergeant at arms; G. L. Perryman, of Columbia, doorkeeper, and James R. Day, of Frankfort, and William Porter, of Louisville, cloakroom keepers.

Democratic State Central and Executive Committee met last night in secret caucus at the democratic Senators' and it is understood, that democratic Senators agreed to call in and confirm recess appointments of Gov. A. O. Stanley and Gov. James D. Black, of members of the State Tax Commission, the Workmen's Compensation Board and the Racing Commission. Democratic members of House selected J. H. Thompson of Bourbon county, to be minority leader and nominated Eli Berry, of Owensboro, for clerk of the House.

LOST ON WAY TO VISIT IN RICHMOND

Lexington, Ky., Jan. 6—No trace has been found of Mrs. J. C. Fisher, who left Lexington Saturday morning for Richmond, where she was to visit relatives. Mrs. Fisher started about 10:30 o'clock Saturday morning, going by way of Nicholasville. When she failed to arrive late that night, her husband asked the police to assist in locating her.

Louisville May See "Blue Laws" Again Soon

Louisville, Jan. 6—"No moving picture shows Sundays." "Then, no golf, no soda fountains, no telephones, no automobiling Sundays." This is the answer of the Mayor to resolutions adopted by the Louisville Baptist Ministers' Association, opposing Sunday "movies" and calling on the Mayor to invoke the so-called "Kentucky Blue Law" in stopping them.

Action of the Louisville Ministerial Association in approving the stand taken by the smaller body gave promise that a fight would be made to place the padlocks of law on all Sunday theatres.

The mind of the Mayor still is open on the question of Sunday moving picture shows, and he is considering the petition presented to him by the committee representing the Baptist ministers. He announced last night, however, that he was resolved on one point—if Sunday "movies" are prohibited, to fulfill legal requirements, the law must be enforced in its entirety.

"And it will be," promised the Mayor. "I can't make fish of one and flesh of the others."

HEARD ABOUT TOWN

Turpin Bros. have sold their store at Red House to R. J. Moberly.

President T. J. Coates was called to Frankfort Tuesday by State Superintendent George Colvin for a conference on educational matters.

PHONE COMPANY ASKS COUNTY FOR RELIEF

Fiscal Court Appoints Committee To Investigate Conditions on Request of Attorney

The question of extension of wartime telephone rates to county service was presented to the Madison Fiscal Court at its regular meeting Tuesday morning. Attorney J. J. Greenleaf, representing the Cumberland Telephone and Telegraph Company, urged the appointment of a committee to investigate the condition of the company and its business in this county. He said that he felt the county would be willing that the company make a "living" here, which he said it cannot do under its old rates.

County Attorney O. P. Jackson opposed a continuance of the higher rates, citing the contract which the company had entered into with the county in 1912, covering rates for 20 years.

Believing it fair that a committee investigate the company's claims, whether the increased rates are continued or not, the Court appointed a committee composed of Squire Long, Million and Benton, to look into the matter and report back to the court at its February meeting.

HUN WARSHIPS TO BE BLOWN UP BY ALLIES

(By Associated Press)
London, Jan. 6—The German warships, sunk by their officers in Scapa Flow, will be blown up shortly it is stated here today. This decision follows investigation by a special commission representing all the allies whether the ships should be raised or destroyed.

The decision to blow up the German ships came in forenoon. The dispatch apparently disposes of a long discussed question. The almost insuperable task of raising the vessels and the possibility of salvaging the materials would not be of great value is believed to have weighed heavily in favor of destroying the vessels by explosives. The German fleet was scuttled at Scapa Flow last June.

MINERS SEEM FAVORABLE

Columbus, Jan. 6—Debate on the motion before the United Mine Workers of America to affirm action of the international officers in accepting the president's proposal to settle the soft coal strike continued today with chances favoring its adoption this afternoon.

Ludendorff Hasn't Recovered Yet

(By Associated Press)
Paris, Jan. 6—Disaster threatens Europe, in the opinion of Gen. Ludendorff, former commander-in-chief of the German armies, according to the Matin today. "Sooner or later a terrible catastrophe will strike Europe and it will be because of the shortsighted policy of the Entente," he is quoted as saying.

TO THE DYSPETIC

Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider the fact that Chamberlain's Tablets have cured others—why not you. There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave.

MADISON BOY HONORED BY K. A.

William K. Doty, son of John Doty, on the Irvine pike, has just been honored by the Kappa Alpha fraternity, of which he was a member in college. He was elected editor of the Kappa Alpha Journal at the recent fraternity convention. Mr. Doty is now instructor in English in the U. S. Naval Academy at Annapolis, Md. He stands very high in educational circles, and his many friends at home here are very proud of him.

TO THE TEACHERS OF MADISON COUNTY

I am sending out an S. O. S. call. We are needing good, practical, up-to-date teachers for Madison County. Salaries are being increased and will continue to increase for teachers properly qualified, while the H. C. L. no doubt has reached its crest and will soon begin to decline. Teacher, if you want more money you will have to improve your teaching ability. To this end I earnestly request that every one who expects to teach in this county shall improve himself during his vacation. We have a good Normal school right here at your door, and I would be greatly pleased if every teacher expecting to teach in my county would spend at least one term or more in the State Normal this coming year.

I believe that the present State Legislature will enact laws that will be beneficial to the teacher, and you can not afford not to be ready for this opportunity. I am urging on my County Board of Education to make this request binding on every teacher expecting to teach in Madison county.

Sincerely,
BEN F. EDWARDS
Co. Supt. of Madison Co.

1919 A PROSPEROUS YEAR IN MADISON

In its New Year's review of conditions over the Blue Grass section of Kentucky, the Lexington Herald had the following from old Madison:

Although crops of all kinds were greatly reduced on account of the severe drouth of the last summer and fall, the year 1919 was a prosperous one for the people of Madison county. It is estimated that 20,000 acres of corn were planted, which averaged five barrels to the acre, and will sell at an average of \$7.50 per barrel. Fifteen thousand acres of wheat were harvested which averaged 10 bushels to the acre, and brought an average of \$2.10, a total of \$315,000 for the crop.

Approximately 6,000 acres of tobacco was planted, which averaged about 1,000 pounds to the acre, a total of 6,000,000 pounds. Up to this date, about 2,000,000 pounds have been sold, at an average of 60 cents, making about 4,000,000 pounds yet to be sold. If the average price remains, it will total \$3,600,000 to the farmers of Madison county, a total of \$4,665,000 for the corn, wheat and tobacco crops. The tobacco acreage for 1919 was larger than 1918, but on account of the drouth last summer, the number of pounds was largely decreased.

Records in the county clerk's office indicate that 1919 has been a banner year in real estate, there having been more transfers both of farms and town property, than in any previous year. The four banking institutions of Richmond are in a flourishing condition, their resources being as follows: Southern National Bank, \$913,262.81; Madison National Bank, \$1,225,000; Citizens National Bank, \$1,026,673; State Bank and Trust Company, \$1,241,971.79.

MUCH INTEREST IN UNION SERVICES

The second in the series of union services was held last night at Episcopal church with Dr. R. L. Telford in charge. The attendance was good, the service a most satisfactory one. The male quartet composed of Messrs. J. C. Ballard, W. L. Arnold, Jessie Bowman and John Arnold was greatly enjoyed as was the singing of a good choir led by Mrs. Pickels and Miss Telford.

Mr. Chandler's sermon on "The church Awakened by National Self-Examination" was excellent. He declared that in spite of uncertainty in every quarter of world affairs that the church was successfully girding herself for the greatest forward movement in history. He pointed to the challenge that is coming today for a restless and ambitious leadership of the church and to the great outpouring of funds for the support of the enterprises of the Kingdom of God. "It is no hour for pessimism" he said "but rather for determination for the biggest work the church has ever attempted."

The service tonight will be held at the Methodist church. On account of Rev. O. O. Green's indisposition, Mr. Carpenter will speak on "The Church Awakened by a Vision of the World's Need". Everybody in the community is invited.

OTHER MARKETS

SALES MONDAY

Lexington—With three of four houses selling, reporting a total of 748,800 lbs of tobacco sold on the Lexington market for an average of \$50.71 per 100 lbs. A crop of 940 lbs sold for an average of \$99.69, within 8c of the high record of \$99.77, made on Friday's sales. Buyers of the American Tobacco Company, who have been off the market since the opening of the past holiday sales, returned to the floors, and this fact is expected to materially strengthen the selling.

Meysville—The local tobacco market was a market in name only today, the total sales being under 12,000 pounds of mostly lower grades. The average price was less than \$35 per hundred.

Carralton—The loose leaf market showed improvement over the closing day last Friday. The American Tobacco and Taylor buyers were back with good bidding. Sales for the day were 119,955 lbs. which averaged \$35.87.

Mt. Sterling—Tobacco market was steady to higher. The Whitehall held an unfinished sale of about 200,000 pounds. The finer grades were higher than ever, \$101 per hundred being paid for a heavy basket of good leaf. Prices on some grades were reported \$2 to \$10 higher.

Flemingsburg—Eighty thousand pounds of tobacco was sold at the three warehouses at prices ranging from \$6 to \$39 a hundred, with good grades at good prices. Growers' House average \$32.65, with a very medium grade.

Shelbyville—The American tobacco buyer, who had not been on the market since the holidays, returned and prices were stronger than at the close of last week. The Globe House sold 119,290 lbs at an average of \$29.95. Prices ranged from \$8 to \$86.

Says Keep Interest Rates Down

(By Associated Press)
Washington, Jan. 6—At the opening conference of representatives of the Clearing House Association from all parts of the country here today, Governor Harding, of the Federal Reserve Board, appealed to bankers of the country not to raise interest rates in a scramble for out-of-town balances. He served notice the Board would lower or raise discount rates whenever the industrial or commercial situation might require such action.

THE BEST COUGH MEDICINE
When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Cuburn, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."
