

FEDERAL MEN TELL OF MOUNTAIN VOTE

Many Harlan County Ballots Illegally Counted By Election Commission

Louisville, Ky., Nov. 6.—A Times special from Lynch, Ky., today says federal agents investigating the election methods employed in Harlan county assert in several instances the precinct vote was not certified and that in the official count yesterday the election commission counted those precincts. He declares Sunshine precinct, where 106 ballots were counted for Ernst and 29 for Beckham the certificate was signed by the Republican judge only. He also recites that in Shields precinct, giving Ernst 199 and Beckham 51, the certificate bore only the signature of the clerk. He says in Molas precinct, giving Ernst 123 and Beckham 7, the certificate was signed by the clerk and judge.

Louisville, Nov. 6.—3242 precincts out of 3245 in Kentucky, give Harding 459,369; Cox 463,359.

3241 precincts give Ernst for U. S. Senator 463,458; Beckham 455,915. The missing precincts were one each in Calloway, Bath and Floyd counties on the presidential race and one additional in Letcher county on the Senatorial race.

JUDGE PRICE HAS BAD BOYS WHIPPED

County Judge W. K. Price revived the good, old-fashioned whipping post in the case of a couple of little negro boys who had been loitering other children attending the colored school in the East End. They were Jim Munday, aged 16, and Larkin Tye, aged 14. The Munday boy is a son of Bill Munday, and Deputy Sheriff Sant Bush, who witnessed his whipping, says that his father gave him a good sound whipping that the youngest won't forget for some time. The Tye boy's father is dead, but his mother, who is ill, promised to have an older brother give the bad youngster a good larruping. Judge Price thought that a good, old-fashioned whipping might do the youngsters more good than sending them to the reform school or sticking them in jail or fining them.

It was arranged, the police allege, to hold a demonstration "to give solace to agitators in custody and to incite the people."

LEGION MEN ACTIVE IN EIGHTH DISTRICT

Delightful Business and Banquet Sessions Held Here Friday By Delegates

One of the most delightful meetings that the boys of the American Legion have held in this part of Kentucky since the organization was formed, was that Friday afternoon and night when executive committeemen from over the 8th district gathered here as guests of the officers and executive committee of Jesse M. Dykes Post.

There were a score of prominent Legionnaires present at the business session in the afternoon, and again at banquet at the Kennedrich in the evening. The two principal guests of honor were State Adjutant Steve S. Jones, of Louisville, and the 8th district Executive Committeeman John Owsley Reid, of Stanford. Commander D. W. Kennedy, of the local Post, acted as master of ceremonies at the banquet. Mayor L. P. Evans made an address of welcome to the guests on behalf of the city at the banquet. State Adjutant Jones then gave a splendid outline of the principles of Americanism that are the underlying foundation of this great organization of the young men who fought in the war and saved civilization. Practically every guest present was called on for a few remarks and all responded in fine style. The quintet composed of Messrs. Rodes S. Terrill, E. T. Wiggins, J. W. Wiggins, Wolfe Campbell and Oscar Stanifer, rendered a number of vocal selections that were greatly enjoyed and encored.

The menu served by the Kennedrich was most delightful and plentiful and served in faultless style. Plans were outlined during the talks of the evening for increased athletic activities on the part of various posts. A big feature along this line will be the football game which will be played Armistice Day, Nov. 11th, between the teams representing the Berea and Richmond posts. A great deal of interest is being aroused in this game. Both teams number some old time football stars among their players and a real game promise to be the outcome. Among the guests who enjoyed the banquet were: John O. Reid, Post, 18; Steve S. Jones, State Adjutant; E. G. Walker, Lancaster; James J. Russell, Liberty; Chaff Paris, Liberty; Sam Doughton, Berea; Hart Perry, Harold Oldham, E. C. Gentry, D. W. Kennedy, Snears Turley, L. R. Blanton, Thomas Douglas, O. F. Hume, Pleas B. POINT ISABEL CALLED SPORTSMAN'S PARADISE

Corpus Christi, Texas, Nov. 6.—Point Isabel, Texas, where Senator Harding has chosen to spend his vacation, is a small fishing village and watering place of about 400 inhabitants on the Gulf of Mexico, southeast of Brownsville, and is the southernmost mainland point of the United States. A narrow-gauge railroad connects the little city with Brownsville.

Point Isabel is famous as a sportsman's paradise. Fishing is excellent, while the adjacent marshes now are full of geese and ducks. It is noted for its oysters, edible the year round. Hotel accommodations are meager, but an old club house, unused for several years, will probably be put in order for Mr. Harding's reception.

FEDERAL COURT OPENING MONDAY

There will be an array of witnesses, officers and such at the opening of federal court, owing to the big list of cases booked for hearings. One of the most important periods of the session, it is believed, will be the hearing of the nine men connected with the Moore distillery at Van Arsdall a number of whom have made confessions. Judge Cochran, who will preside, anticipates a busy session, since there have been many cases in the county to develop, besides the fact that there are almost a score held over from the last session. It is expected, however, there will be a number dismissed, and it is believed the usual expediency will be recorded this term. There will be many witnesses from other counties to testify in various cases which result from the operations of the grand jury.

MADISON COUNTY TAXES MUST BE PAID THIS MONTH

While most of the farmers of Madison county have made their tax reports to Commissioner Ben Powell, there are a number who have yet to pay their taxes, this being the last month in which this can be done and the subsequent penalty of six per cent evaded. While there are steady reports made on the books at the office of Sheriff Whitlock, there are yet many who have failed to pay their tax, and it is expected there will be a rush, especially beginning about the middle of the month, when the late ones will be paying their taxes.

MODEL TROUNCES NICHOLASVILLE

Injuries Fail To Stop Youngsters Who Continue Struggle With Success

Playing the hardest game of the season, the Model High school football team added another scalp to their belt by running in a score of 14 to 0 against the Nicholasville High school Friday on the home team. The two teams were equally matched and throughout the first quarter it seemed that the game would be nip and tuck, although at no time was the home goal in any immediate danger. The Model lost a rare chance to score during the first quarter when the Nicholasville lads held them for the fourth down on the five-yard line. The visitors intercepted a pass in this quarter and returned the ball thirty yards, but could do little good after that.

In the second quarter Bill Crutcher, coming into his own, crossed the opponents' line for a touchdown and kicked goal. One line plunge after another, first by Crutcher and then by Adams, with one end runs by Blanton, carried the ball to the opposite end of the field, when Crutcher bucked the line for the first touchdown. Kit Crutcher, brother of the captain, at all times was there with the goods when it came to forming an interference for his back field mates.

The half closed with the score of 7 to 0 in favor of the Blue and White. Model kicked off in the second half, but the visitors failed to return the ball. Both teams played a see-saw game during this quarter. Arnold and Covington, Model High ends, played some real football in breaking up plays and intercepting passes, which kept the visitors gussing. Arnold played three quarters of the game at a great disadvantage because of an injured wrist, but disregarding this he was able to cause his opponents a bit of trouble. The Nicholasville team seemed to show up to their best advantage in this quarter, working their pet trick, a fake line plunge, for some good gains. Allen and Evans, playing tackle and guard, respectively, soon broke this up and the ball went over to the Model boys. In the latter part of this quarter Arnold had to quit the game, Jimmie Carr taking his place at end. At the beginning of the fourth quarter it seemed that the score was to remain 7 to 0, both teams being forced to fall back on punts. With the ball in the hands of the Nicholasville team, and only seven minutes to go, Shelby Carr, center, who has been showing good form all season, blocked a punt, recovered the ball and ran forty yards for the second touchdown. Picklesimer, Nicholasville half back, and reliable player, was disqualified from the game on account of jumping on Carr, who had been downed behind the goal line. Bill Crutcher kicked goal, making the score 14 to 0. Webb, who recently came out for the team, substituted for Luxon in the latter part of this quarter.

MAY ESCAPE THE ELECTRIC CHAIR

Dick Howell, Captured At Irvine, Petitions For Review of Case—To Die Dec. 3

A petition for the reviewing of his case has been sought from the Ohio Supreme Court by Dick Howell, murderer, sent to Columbus from Canton, Stark county, in an effort to evade the electric chair, the death sentence having been imposed.

Howell was convicted of killing the officer who had arrested him, and has been sentenced to be electrocuted December 3. Friends of the condemned man are endeavoring to gain a reprieve from his sentence by having his case reviewed, hoping at least to get a life sentence.

Howell killed the officer who had arrested him and taken him to his home, where they had eaten supper. Howell was apprehended from a train near Canton, and while en route back to the city, stopped at the detective's home and at supper with his captor. The officer and Howell are said to have resumed their journey in the officer's machine when the prisoner managed to get hold of the detective's pistol, with which he shot him, and then drove the car some distance, dumping the dead body of his victim out, after which he escaped.

It was after Howell had been trailed through a number of states that he was captured at Irvine, by Chief of Police Robert Philpot, and brought to the Madison county jail for safe keeping. He remained here for some time and was guarded by detectives sent from Canton, to take him back there for trial. Howell is said to have been a member of a gang of thieves and is credited with having robbed a bank and committed a number of daring hold-ups.

Officers who came for him stated that he was a bad man, and they took no chances with him, he being handcuffed to two officers when he departed from this city. A third officer, who had secured requisition papers, was also in charge, it being feared that pals of Howell would make an attempt to rescue him.
