Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1879
Began the manufacture of his famous
prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest
selling liquid laxative in the world, long past
Biblical old age, but hale and hearty—Still
sees patients daily—Wonderful achieve-
ment of a "country doctor."

WHEN I started to practice medicine, back in 1875,
there were no pills or tablets or salt waters for
the relief of constipation, and no artificial
remedies made from coal tar.

The prescription for constipation that I used early in
my practice, and which I put in drug stores in 1892 un-
der the name of Dr. Caldwell's Syrup Pepsin, is a liquid
remedy, and I have never had reason to change it. I
intended it for women, children and elderly people, and
these need just such a mild, safe, gentle bowel stim-
ulant as Syrup Pepsin.

I am gratified to say that under successful management my
prescription has proven its worth and is now the largest selling
liquid laxative in the world. The fact that over eight million
bottles were sold by druggists last year proves that it has won
the confidence of mothers whose chief interest is the health
of their children.

It is particularly pleasing to me to know that
the biggest half of those eight million bottles were
bought by mothers for themselves and their chil-
dren, though Syrup Pepsin is just as valuable for
grown-ups. The price of a bottle holding 50 average
doses is sixty cents; such a bottle will
last a family several months.

I have never made a secret of what is in Dr.
Caldwell's Syrup Pepsin. It is a compound of
Egyptian Sena and other simple laxative herbs
with pepsin and pleasant-tasting aromatics.
These ingredients are endorsed in the U. S.

Pharmacopoeia. I consider Syrup Pepsin today
in the serious 82nd year of my age, as I did in
1892, the best remedy a family can have in the
house for the safe relief of constipation and its
accompanying ills, such as headaches, bilious-
ness, flatulence, indigestion, loss of appetite
and sleep, bad breath, dyspepsia, colds and
fevers.

Millions of families are now never without Dr.
Caldwell's Syrup Pepsin, and I believe if you
will once start using it you will also always have
a bottle handy for emergencies.

meat, then take two of Chamberlain's

IN THE MOVIES

Maurice Tourneur has succeed-
ed admirably in putting Robert
Louis Stevenson on the screen in
his remarkable screen version of
"Treasure Island," which will be
shown at the Opera House to-
night. Mr. Tourneur has done
the wise thing. He has followed
the story of the Stevenson classic
faithfully in its details and thus
has not only produced a picture
that is packed with red-blooded
adventure, but which is rich in
the spirit and lore of the pirate
days.

Shirley Mason has the role of
Jim and makes a most charming
youth indeed. Lon Chaney is
Merry and Pew, Charles Ogle
gives an excellent portrayal of
Long John Silver, and other
members of the cast also enter
into the story with sympathy
and spirit. It is a Paramount
Artcraft picture well worth the
attention of everybody, whether
they be a regular screen fan or
not.

Things proceeded with the pre-
cision of clockwork until the
"mad dash" across the lake was
reached. The "mad dash" turned
out a near-Waterloo for all par-
ties concerned, due chiefly to the
fact that some one had blundered
and had failed to correct certain
infirmities of the launch's engine.

The "mad dash" was started,
and the camera began to click.
Then the motor launch began to
leave a vast sigh, and stopped.
It stopped because the engine
stopped. The scene was started
again after several amateur en-
gineers had "fixed" the engine.
The camera clicked again, and
once more the motor launch's
mad dash came to a halt. This
was repeated four times, with the
same result. On the fifth attempt
the boat, by some miracle, con-
tinued its "mad dash," and the
scene was completed. The cam-
eraman reported an excess of
just three feet of unexposed film
after it was all over. One more

WIFE TAKES HUSBANDS ADVICE

And Is Made Well Again
by Lydia E. Pinkham's
Vegetable Compound

Springfield, Mass.—"The doctor told
my husband that I had to have an opera-
tion, otherwise I would be a sickly
woman and could not have any more chil-
dren on account of my weakened con-
dition. I refused to have the operation.
My husband asked me to try Lydia E.
Pinkham's Vegetable Compound to see
if it would not help me. For the first
four months I could do but little work,
had to lie down most of the time, was
nervous and could eat hardly anything,
but my husband was always reminding
me to take the Vegetable Compound,
which I did. Of my eight children this
last one was the easiest birth of all and
I am thankful for your Vegetable Com-
pound. I recommend it to my friends
when I hear them complaining about
their ills."—Mrs. M. NATALE, 72 Frem-
ont St., Springfield, Mass.

Sickly, ailing women make unhappy
homes, and after reading Mrs. Natale's
letter one can imagine how this home
was transformed by her restoration to
health. Every woman who suffers from
such ailments should give Lydia E. Pink-
ham's Vegetable Compound a fair trial.
It is surely worth while.

Failure would have caused a vaca-
tion until more unexposed film
had been obtained, all of which
Miss Joyce remarked:

"If all love and infatuation
were as patient as that displayed
by the clopers in this scene, there
would be little excitement in the
world. It is a good thing that
audiences are not witnesses to
the actual scene in modern photo-
plays. Imagine two excited lov-
ers standing under a window for
five hours, waiting for some one
to stop them!"

"The Vice of Fools," will be
shown at the local theatres Wed-
nesday.
