FEUD CASES GO OVER TO OCT. 4

Knox County Murder Charges Sent Here on Change of Venue—Not Ready For Trial

Jack Gilbert and Cabe Lewis, Knox county youths who are charged with the killing of a man named Lee in a feud fight, will not be tried at the present term of circuit court here. At a special session of court held Monday, to pass on these cases, by agreement these cases were continued until the fourth day of October. Neither side was said to be ready for trial at this term of court here, as a great many witnesses in this case will have to appear at the trial of John Bailey at Mt. Vernon for killing one of the Whites the other day.

The Gilbert and Lewis cases were sent to Madison county for trial because of intense feud feeling in Knox county at present between the Bailey and White factions and their kindreds. A letter received by a Richmond man from a relative at Barbourville this week, said that it was understood there that the Baileys had declared they would shoot Jack Gilbert on sight, whether he was in church, court, or jail. Both Gilbert and Lewis are out on \$10,000 bail. They are represented by Capt. B. B. Golden, of Barbourville, while Attorney Jarvis was here Monday representing the Commonwealth.

No other matters were taken up in the Madison circuit court Monday as it was County Court day and Judge Shackelford did not desire to empanel his jury and take the farmers away from their usual court day trading and other business in town.

WILL LOCATE HERE AS A CONTRACTOR

The Jessamine Journal last week had the following about a prominent young man who is a nephew of Miss Belle March, of this city, and which will be of interest here:

John March Land, the son of Mrs. Susie Land, of Nicholasville, is a senior in the College of Engineering at the University of Kentucky. He was a member of the Strollers cast last year and accompanied it on this trip this year as a page in the "Admirable Critchton," in "The Amazons," which was played by the Philo-sophian Literary Society April 12, he appeared in a stellar role as the humorous character of Lord Tweenways. Mr. Land will go with the Senior Engineers on their annual trip to Chicago to investigate the telephone and water system and the stock yards. He will be gone a week and expects to stop on his way back to visit in Matton, Ill. He has recently started his thesis work which deals with a central heating and lighting plant to be placed on the campus of the University. He is a member of the American Association of Engineers and also of the American Association of Civil Engineers. Mr. Land was prominent in the Threlkeld Select School in Nicholasville, where he graduated before entering the University, as a member of all the athletic teams. CITIZENS BANK A THING OF BEAUTY

New Home Formally Opened and Occupied Saturday—Complete Every Way

With the handsomest banking home in this section of the state the Citizens National Bank moved back to its old quarters but its new home Saturday.

Cashier J. W. Crooke and his very capable force of assistants were kept busy all day receiving their friends and congratulations upon the most attractive, commodious and convenient new home that houses this fine old financial institution. Architect Webber did a good job and the contractors who carried out his ideas left little else to be done to add to its comfort or convenience.

The building is finished with columnar effect, with especially effective lights from above, gently shaded by colored glass windows. The furnishings are in mahogany and marble, with every modern appliance and the latest in banking furniture. There is a special mezzanine room for the ladies, above; with a directors' room in the rear, private rooms for deposit box holders. The vault is a thing of beauty and safety in that line, being built massively of concrete and steel with every modern safeguard against burglars. In fact, it is said to be absolutely burglar proof. Inside it is ample commodious. The flooring is all in tile, the building is steam-heated and equipped and finished with every modern convenience. It is an ideal banking home, of stately and dignified appearance from without and of exquisite taste and finish within.

On opening day, flowers were placed about in profusion and made the occasion a notable one in the history of this popular local institution.

ALLIES WON'T ACT UNLESS WE APPROVE

(By Associated Press) London, May 3.—The Allied Supreme Council today decided to take no naval action against Germany without consulting the United States. This was agreed to after full discussion with the French and British admirals.

The council approved measures for occupation of the Ruhr valley if Germany refuses to comply with the Allied ultimatum. It was agreed Germany may issue bonds as a guarantee of the reparations, payments to run 37 years and bear interest at 5 per cent with 1 per cent for a sinking fund. In this way it is believed Germany will be made to pay to the utmost farthing, but yet preserve German industries.

The amount of the reparations was fixed yesterday at \$32,142,000,000. Germany has nine days to accept or reject.

WINCHESTER HI DEFEATS MODEL

(By Jack Ryder, Jr.) Winchester City Hi beat Model Hi by an overwhelming score of 15 to 4 on the local diamond Saturday. Adams pitched good ball, but received ragged support, thirteen errors being made by Model. The Model boys show a lack of practice and working.

John Jayne made several costly errors at third base and W. Crutcher pulled a bone-head play in the sixth which gave Winchester three runs, although his hitting was a feature of the game. Better luck is hoped for next time.

WINDOW SHOWS THE ANNUNCIATION

Beautiful Memorial In New First Presbyterian Church Given By F. W. Henderson

No more beautiful memorial could have been placed in the new Presbyterian church, so soon to be dedicated, than the large window over the main entrance, the gift of Mr. F. W. Henderson, of Brady, Texas, in memory of his wife, Margaret Miller Henderson, youngest sister, of Mrs. Robert Miller, and Mrs. Lucie Miller Wooten, of Winchester, Ky. The subject is the Annunciation of the Nativity of Christ by the Angel of the Lord to the Shepherds keeping watch over their flocks by night. "And lo, the Angel of the Lord came upon them and the Glory of the Lord shown round about them, and sore afraid; and the Angel said unto them, 'Fear not, for behold I bring you tidings of great joy, which shall be to all people.' For unto you is born this day in the City of David a Saviour, which is Christ the Lord."

The Star of Bethlehem shines over the scene and cast its golden rays on the upturned faces and richly colored robes of the Shepherds. The flocks huddled together in sleep, guarded by the faithful shepherd dog, the City of David dimly seen in the distance, the larger and wondering faces of the Shepherds are clearly revealed by the radiant presence of the Angel of the Lord who with outstretched wings stands over all ready to join with the multitude of the heavenly host, praising God, saying Glory to God in the highest, on earth peace and good will to men.

This inspiring subject has been skillfully executed by the Louisville Art Glass Company, the painting is the work of J. B. Alberts well known portrait painter of Louisville, and the church at Richmond is certainly to be congratulated on possessing a window so exquisite and artistic.

ROOSTERS SHOULD GO AFTER MAY 23

(By Associated Press) Lexington, Ky., May 3.—Mr. Rooster has had the "death or imprisonment" sentence passed upon him.

His fate today was settled by the poultry department of the College of Agriculture here which issued a proclamation calling upon poultry raisers to either lock up their roosters or send them to the frying pan or stew kettle during the week of May 23 to 28. The week was designated as "Rooster Week."

Mr. Rooster, according to the poultry authorities, is a useless appendage of the barnyard after the middle of May, in spite of his substituting for the alarm clock in the "wee sma' hours." For, they say, it is he that causes summer eggs to spoil so quickly.

"We have decided" said J. H. Bardsley, poultry expansion specialist, "that the hen can't be blamed if the egg is bad. 'It was ended.' The rooster is the guilty bird and his penalty must be the block, market house or the coop."

As a result of the investigation of the specialists, it was decided to conduct an extensive campaign during the week of May 23-28 to show farmers the need of putting male birds where they will not be in contact for the hens. It has been shown, it was stated, that it is an unprofitable practice to hatch chicks after June 1, and therefore fertile eggs are not needed.

"Fertile eggs may be unfit for food after 24 hours in warm weather," said Mr. Bardsley. "While an infertile egg may be placed in an incubator at 103 degrees and left for fourteen days after which it is still suitable for food. Fertile eggs spoil rapidly in the summer months even though they are not placed in an incubator or under a hen. Warm weather will cause chick development in the egg as rapidly as either of these two conditions."

HARDING URGES ECONOMY IN CABINET

(By Associated Press) Washington, May 3.—President Harding in identical letters to his Cabinet members today, launched a drive against "a dangerous tendency" of government departments to live beyond Congressional appropriations. He said the deficiency appropriations already totaled two hundred and sixteen million dollars and that "that it is estimated the deficiencies will run much beyond that sum." He asserted he is sure there can be no firm basis for economy until the departments live within the congressional appropriations.

Monday morning Hutchinson went to the field where Hardy was at work and the quarrel was renewed. Hutchinson, according to Hardy, reached for his gun and Hardy said: "You are armed and I am not."

"Well, get your gun," Hardy says Hutchinson suggested.

WOUNDED MAN IN HOSPITAL HERE

Gun Battle at West Irvine Results of Death of One and Badly Wounding of One

Thomas Hutchinson, who was shot at West Irvine Monday, by Hiram Hardy, was brought to the Gibson hospital here where he is in a very serious condition. Drs. Gibson and Williams spent several hours Monday afternoon endeavoring to save his life. His bowels are said to be perforated a number of times, and the chances are said to be all against him.

The Lexington Herald had the following account of the shooting affray in which he was so badly injured:

Irvine, Ky., May 3.—Thomas Hutchinson was shot and mortally wounded by Hiram Hardy, and as he fell to the ground dying Hutchinson turned his gun on Hardy and shot and instantly killed Nellie Hardy, sister of Henry Hardy, at the Hardy home in West Irvine Monday.

Hutchinson and Hardy had words Sunday night resulting from a charge made by Hutchinson that Hardy had circulated false reports about a young woman with whom Hutchinson was keeping company.

Monday morning Hutchinson went to the field where Hardy was at work and the quarrel was renewed. Hutchinson, according to Hardy, reached for his gun and Hardy said: "You are armed and I am not."

"Well, get your gun," Hardy says Hutchinson suggested.
