

K K K DEFENDED BY SENATOR UPSHAW

Introduces Bill To Investigate All Secret Orders—Defends K K Officials

(By Associated Press)
Washington, Oct. 7.—Investigation of each and every secret order in the United States is called for in a resolution introduced today by Senator Upshaw, democrat, of Georgia. It is proposed as a supplement to the efforts to investigate the Ku Klux Klan.
Senator Upshaw declared that he felt a sort of wounded pride at the accusations hurled at the Ku Klux Klan which was organized in his district and whose Wizard "one of the most patriotic men I ever knew." He asserted if the "Imperial Wizard" and "Grand Goblin" are titles to make plain people shiver, the same people have a right to know the meaning of other startling titles such as "Imperial Potentate," "Most Puissant and Illustrious Grand Master," and a host of others.

WOULD-BE LYNCHERS CHANGE MIND

Dallas, Texas, Oct. 7.—A large crowd of men came here early today in automobiles from Fort Worth with the announced intention of lynching David Bunn, a negro, self-confessed robber of members of a house party near Fort Worth Tuesday night. Apparently after viewing the solidity of the Dallas jail, they abandoned the attempt and returned to Fort Worth without making any concerted effort to get the negro. Bunn was brought here for safe-keeping after indictment charging robbery. It is said he secured jewelry worth \$1,500 from members of the house party whom he abided.

ALCOHOL TO BE TAXED HEAVIER

Washington, Oct. 7.—A tax of \$4 a gallon on alcoholic spirits withdrawn from bond for industrial, medicinal or other purposes was agreed upon today by the republican leaders as a part of the new tax revision program.
This is an increase of \$1.80 per gallon and is expected to yield \$75,000,000 additional revenue annually.

SHOULD AFFECT CATTLE PRICES

Washington, Oct. 7.—Business depression and unemployment have not been reflected in the public choice of meat, the Institute of American Meat Packers said in a statement issued today.
"With the single exceptions of forequarter cuts of beef, there has been no change in consumer's buying preferences.
"Throughout September the beef from more costly cattle was in better demand than the less expensive grades and the relatively higher priced pork cuts were more eagerly sought than those selling at lower figures," the statement read.

ANOTHER JOB FOR TAFT

Detroit, Mich., Oct. 7.—William Howard Taft, chief justice of the Supreme Court, today was re-elected without opposition and for the third time as president of the Unitarian General Conference at its closing business session.

Evans are requested to file same properly proven with me on or before the 15th day of October, 1921, and all persons indebted to said estate are requested to make immediate settlement in order that I may speedily wind up the estate.—Laura L. Evans, Administratrix. 216 1tw 4w

TELEPHONE CO. MUST REDUCE RATES

Ordinance Unanimously Adopted By Council, Orders Rates Back To Pre-war Prices

The Cumberland Telephone & Telegraph Company must reduce the local telephone service back to the pre-war rates. Such is the order embodied in the ordinance introduced and adopted unanimously at the regular monthly meeting of the Board of Council Thursday night. The sixty days grace allowed by the city for the company to come before the body and show cause why the rates should not be returned to the charge previous to May 1, 1919, expired on October 1, 1921, and although the company made a vigorous effort through their attorneys and representatives to have the present rates retained, the city could not see it that way.
Attorneys A. R. Burnam and J. J. Greenleaf, representing the telephone company, endeavored to prove to the board that from financial statements rendered by the telephone company, they were not receiving any more than a fair return on their investment, which, according to their statements, was around 4 per cent. The board took exception to the statement on the grounds that it was rendered only up to December 31, 1920, and not up until the first of August, 1921, which would show their earnings in the present year.
Before taking up the telephone ordinance, the board transacted the regular monthly routine. Chief of Police Devore reported fines collected by his department amounting to \$324. The City Attorney was instructed to investigate and see whether a permit from the city should be obtained before sewers could be tapped or streets torn up. Upon motion by Councilman Terrill and adopted, Mayor O'Neil was instructed to purchase a street flusher from Atlanta.
City Collector Dykes reported the following collections in his department during the month, amounting to \$6,814.15:

| | |
|--|------------|
| General fund | \$2,844.50 |
| School fund | 2,598.20 |
| Sinking fund | 105.05 |
| Amount paid to sinking fund for street improvement bonds | \$1,202.40 |

Upon motion of Councilman Golden, the Mayor was instructed to buy one car of 5-inch block coal from W. W. Broadus & Co. at \$5.50 per ton.
Mr. Warfield Bennett, representing his interest in the Madison Tobacco Warehouse Co., asked the city for a reduction in the city license for the warehouse claiming that \$300 was excessive. After considerable discussion the board instructed for a compromise of \$150.
Ordinances directing Mrs. I. G. Bosley and Mrs. Z. T. Rice to construct concrete pavements in front of their property on Summit avenue, were adopted.
After auditing the usual monthly bills, Council adjourned.

G. O. P. Candidates Ruled Out In Paris

Paris, Oct. 7.—Due to the negligence of the Bourbon County Republican Committee in failing to have the nomination certificates of their candidates filed 45 days before the election, Republican candidates have become disqualified and their names will not appear upon the ballots. Candidates were nominated for the offices of sheriff, circuit court clerk and county court clerk.

SAYS LEAF PLAN MEANS "NEW ERA"

Lexington Banker Sees "Sure Prospect of Prosperity" In Marketing Project

Nicholasville, Ky., Oct. 7.—Charles N. Manning, Lexington bank president, in an address to Jessamine tobacco growers here Tuesday night, urged them to stand together for the co-operative marketing plan and declared that under the plan it is possible for every man to get a fair price for his tobacco.
He declared that the plan showed the small grower every consideration, that its fairness must appeal to every thinking man, that the financing of the growers was assured by the action of the Federal Reserve Banking System and promises of direct support by the War Finance Corporation.
As a banker of long experience himself, Mr. Manning gave his unqualified endorsement of the plan and contract of the association as tending to stabilize tobacco prices and land values through the burley district.
Mr. Manning said in part:
"We all know that, with the exception of two or three years during the great world war, the prices of tobacco have not been such as to bring about these results.
"It is because that I believe that this proposed co-operative association will tend to stabilize values both of land and tobacco in this community, will enable the producer to get a larger share of price paid by the consumer, will elevate standards of living, will enable the grower to furnish greater comforts to his family, provide them with better education, books, and the refinements of modern life—in short, because I believe that this plan offers the brightest hope and the surest prospect of prosperity ever presented to the tobacco raisers of Kentucky, that I urge you its immediate adoption.
"I would not have any of you believe that this association can or will attempt to accomplish miracles; there is to be no effort to set aside the laws of supply and demand.
"This is to be a marketing association and not a holding association or a hold-up association. I have never known of any successful attempt by any individual or any organization, however powerful, to repeal the laws of supply and demand. These laws may be temporarily suspended, but in the end will prevail, and the attempt to abrogate them would be sure to result in failure and disaster.
"So far as the tobacco industry in this section of the country is concerned, I believe firmly it is doomed to failure unless a proposition of this kind can be worked out; that unless you can hang together now, you will be scattered in the language of Franklin on a historic occasion, 'hang separately,' figuratively speaking, by seeing the product of your labor being taken for whatever price the buyer chooses to fix on it, and that you will lose the greatest chance of your lives to better your fortunes and your positions in life."

PREWITT WILLOUGHBY DIES IN LEXINGTON

Popular and Prominent Young Man Passes Away Suddenly At Home of Friend

Richmond citizens were greatly shocked early Friday morning when it was announced that Prewitt Willoughby had died suddenly in Lexington, during the night of heart attack, resulting from an attack of acute indigestion. Mr. Willoughby has been traveling the past few months and was in Richmond late Thursday for a brief stay with his family. Leaving for Lexington, he complained of feeling slightly ill but nothing of an alarming nature.
Failing to secure rooms at the hotel, he spent the night with a friend whose name could not be learned. When his host went to call him for breakfast, he found he had died presumably a few hours before. Mrs. Willoughby, Mrs. Pryse Azbill, Mrs. John Chambers, and Mr. Elmer Deatherage left immediately for Lexington.
Mr. Willoughby was one of Richmond's most prominent and popular young business men and his sudden death is deplored by all. The loving sympathy of every heart goes out to his grief-stricken wife and mother, on whom the blow falls so heavily. Mrs. John Chambers, a devoted sister, and two brothers, John and Hubert Willoughby, and a baby daughter also survive.
Funeral services will be held at his late residence on Aspen avenue, Sunday afternoon at one o'clock, by Dr. W. O. Sadler, pastor of the Methodist church. Interment will be in the Richmond cemetery.

Tobacco Is Helped By Windy Weather

Temperatures above normal prevailed during the first half of the week, but it was unseasonably cool during the last half, says a summary of weather and crop conditions issued by the weather bureau. Frequent showers delayed tobacco and corn cutting and plowing for fall grains. The cloudy and showery weather also interfered with the air curing of tobacco and caused sweating to continue for a part of the week. The cool windy weather which which the week ended was decidedly beneficial to tobacco in this condition but was not favorable for the portion of the crop still in the field or on the scaffold. About 80 per cent of the crop has been cut in the dark district, where this work will be finished in a few days. In the Burley district cutting should be completed by the 12th. Late corn made satisfactory progress, but needs sunshine and warmer weather. Most of it will be safe from frost injury by the 10th. Considerable rye was sown during the week, but wheat sowing generally will be deferred until next week or later.
Weather was too wet and cloudy for late potatoes which made only fair progress and will require about two weeks to mature. Meadows, pastures, alfalfa and clover continue luxuriant. In some cases timothy has headed out again. The wet weather was unfavorable for late truck, sweet potatoes and for harvesting cowpea hay.

Cancer Cured By Radium

Paducah, Oct. 7.—Science triumphed in the first case of cancer treatment in Paducah by application of radium with an apparent cure effected in the case of a Livingston county farmer, who came to Paducah for treatment two months ago. The case has been watched with much interest. Dr. Allen Shawwell is owner of the only radium unit in western Kentucky. Polk Meendless was his first patient.

Pie Supper At Valley View

There will be a pie supper at the Valley View school house Friday evening. The proceeds will be used for the benefit of the Christian church there. All are cordially invited.
Gov. Morrow has proclaimed next Monday "Fire Prevention" day and the Elizabethtown News hopes he will give a demonstration showing how his pajamas caught fire in bed at the Seelbach hotel.

DESIRING LIFE OF EASE AND LUXURY

Hilda Joset Deserts Husband—Takes Poison In Louisville—Accomplice Arrested

(By Associated Press)
Louisville, Ky., Oct. 7.—Hilda Joset, of Cincinnati, is lying in the City Hospital here suffering from poison taken after hearing of the arrest of Earl Foote, who is charged with the theft of \$9,000 from the postoffice at Binghampton, N. Y., where he was formerly employed. The pair came here in an automobile purchased in Cincinnati, Foote was arrested while driving around town.
When the woman heard it she took poison in her apartment on Second street. Foote said he had deserted his wife and child and had met Mrs. Joset in Cincinnati, where she was working as a seamstress, and pictured to her a life of ease and she and her six-year-old child came here with him. The woman says she is the wife of Herman Joset, of Milwaukee, and that she had deserted him eighteen months ago.
Foote is alleged to have stolen two registered mail packages on Sunday, September 25, from the postoffice where he has been employed as a clerk for the last 14 months. When arraigned before J. R. Craft, U. S. Commissioner, he pleaded guilty and told his story. The money was in two bundles wrapped in brown paper. One package contained \$5,000 and the other \$4,000. They were in \$1, \$5, and \$10 bills and had been sent from the Federal Reserve Bank at Washington to a bank at Binghampton.
One of the packages was found in the back of the automobile. Government authorities recovered \$5,817.96 in cash. The youth signed a release of the car to the Postoffice Department.

BERGDOLLS SUE AGAIN FOR PROPERTY

Washington, Oct. 7.—Mrs. Emma Bergdoll and Chas. A. Bram, mother and brother of Grover C. Bergdoll, draft evader, filed suits in the Supreme Court of the District of Columbia today against Thomas W. Miller, Alien Property Custodian, and Frank White, Treasurer of the United States, for the return of property valued at \$175,904.25, seized as belonging to Grover Bergdoll. The property included bank deposits and mortgages, which Mrs. Bergdoll claimed as her property.

WESLEYAN PLAYS EASTERN SATURDAY

The light, but fast, Kentucky Wesleyan College eleven will be the attraction at the Normal grid iron Saturday afternoon, when they stack up against the "Maroon and White." Coach Sibley brought his men through the Kentucky State game last Saturday without serious injuries and reports his squad in good physical condition for the fray. The beaten 68 to 0 in the State game, the Winchester warriors put up a game fight every minute of the play and will no doubt extend themselves to the limit tomorrow. They haven't forgotten that they were on the short end of a 19 to 0 score the last time the two schools met. They have an open field runner in Masse, left half back, of unusual ability.
Coach Hembree has been confronted with the task of building a machine from almost entirely new men. He is very fortunate in having a seasoned "engineer" in Joe Berman, the sturdy little quarter back and captain from Benton Harbor, Michigan. Joe is of college caliber and with mediocre help from his mates, is going to be hard to stop. Earle Bryan, the Stanford lad, at half, Raymond House, the blond full-back from Newport, and Edd Adams, a local boy at tackle, have been going good. The two teams will be about evenly matched in weight and a great battle is expected.
A definite lineup will not be made until after the Model High-Winchester High game today, as two or three of the local men are expected to play in both games. Coach Hembree has given out a tentative lineup, however. It is as follows: Left end T. Adams; left tackle, Ed Adams; left guard Powell; center, S. Carr; right guard, Little; right tackle, Rowland; right end, Maimous; left half, Bryan; right half, W. Crutcher; fullback, House; quarterback and captain, Berman.
The game will be called promptly at 3:15. An admission will be charged.

CAPTURES LION

Barbourville, Ky., Oct. 7.—Seizing the animal by the tail as it tried to squeeze through a gate, George Martin and Jess Turner, living near Barbourville, Thursday captured a baby lion after a chase. Another young lion took refuge in a home and late last night was still locked in while neighbors made plans for his capture. The animals are believed to have escaped from a circus which passed through Barbourville.

Today's Livestock Markets

Cincinnati, Oct. 7.—Cattle quiet, steady; hogs 15c lower; Chicago 15c higher.
Louisville, Oct. 7.—Cattle 500, best steady, others slow; hogs, 1,500, active; sheep 100, steady; all unchanged.
Getting Popular? (By Associated Press)
Durant, Okla., Oct. 7.—A group of county officers clashed with a band of nine armed and masked, white robed men whom officers discovered in a pasture north of here last night. Shots were exchanged and the robed men fled. No casualties were reported.

PAY YOUR TAXES

Pay your city taxes before the first of November and save the penalty. JESSE DYKES, City Collector. 239 6

PHYSICIANS TO ACCEPT IRVINE HOME

Will Take Over Home For Aged Physicians, According To Announcement

Announcement is made by Dr. W. B. McClure, of Danville, treasurer of the association, that the Irvine home on Lancaster avenue this city, willed to the Kentucky State Medical Society, will be formally taken over by the secretary as a home for aged physicians today, when the committee, composed of Dr. McClure and Dr. Julian Estill, of Lexington, and Dr. Murison Dunn, of Richmond, will sign necessary papers.
The committee was appointed at a recent meeting of the society in Louisville after Mrs. Irvine's will had been upheld by the courts. Arrangements will be made to the erection of a monument, as provided in the will, to Dr. Ephraim McDowell, noted surgeon, Mrs. Irvine's grandfather, who at Danville, performed the first avariotomy operations.
The property consists of a large home and fifteen acres of land. An annual income of \$2,500 for upkeep of the home was provided in the will, to be realized from property in Richmond and Kansas City, Mo.
This evidently settles definitely the disposition of this beautiful estate, and the physicians have made a wise selection in accepting this handsome home for a purpose of this nature.

FARM LOAN RULES SENT OUT

Circular letters bearing instructions and rules governing the method of disbursement of Kentucky's share of \$1,000,000,000 recently given to the War Finance Corporation for nation wide distribution in agricultural relief, will be mailed to every bond and trust company in the state handling agricultural loans in the near future by executives of the State Regional Committee, James B. Brown, chairman, announced.
The second meeting of the committee was held at the offices 612 Columbia building, Louisville, Thursday when the form of this circular was decided upon and further discussion of the plan had. Other members of the committee are John W. Barr, vice chairman; Frank P. Scott, secretary and E. L. Swearingen, all of Louisville; E. H. Wood, Pageville, and M. O. Hughes, Bowling Green.
Latest information from Washington indicates that a generous portion of the billion dollar fund will be apportioned to farmers residing in the fourth farm loan district, which comprises Kentucky, Ohio, Tennessee and Indiana.
It is probable that all loans in this section will be handled thru the Louisville office since the War Finance Corporation, according to Mr. Brown, has not established any hard and fast geographical lines bounding the territory allotted to the Kentucky Regional Committee.

TOMORROW IS "SWEETEST DAY"

There is to be a new national holiday—Candy Day. The National Confectioners' Association has selected October 8 to be the "sweetest day of the year."
All other holidays in the calendar, say the confectioners, have a political, sentimental or religious background. Candy Day is for everybody, without respect to age, religion, race or politics. It is to be a day of happiness and good cheer.
It is proposed to set it part as the one great day on which no member of the family shall be forgotten. Everybody on that day is expected to receive a gift of candy from somebody. Candy it is pointed out, is the universal gift. Everybody has a sweet tooth. No danger of making anybody angry with a gift of candy.

How Many Does Richmond Show

Louisville has 5,050 persons unemployed, according to a survey by the Department of Labor made for an Unemployment Conference a dispatch from the Courier-Journal Washington Bureau, said.
Unemployment figures for other cities are Newport 1,600; Covington 1,460; Henderson 500, and Frankfort 95.
The Indiana cities for which figures are given are Indianapolis 25,000; Evansville 4,250; East Chicago 1,825; Richmond 3,597; Fort Wayne, 6,615; Gary 4,200; Hammond 5,437; Muncie 5,075; Lafayette 2,117 and South Bend 110.
The Department of Labor obtained the figures, according to the dispatch, by averaging the figures of a number of independent surveys with the reports of mayors. Similar figures for all the states brought the conference to the conclusion there were from 3,600,000 to 4,000,000 unemployed persons in the United States.
Joe Stecher won a referee's decision over Ed "Strangler" Lewis after two hours' wrestling without a fall in Frisco Wednesday night. Both are former world champions.

GIANTS WIN THIRD GAME FROM YANKS

By Overwhelming Score of 13 To 5—Giants Gets 20 Hits—Toney Starts for Giants

(By Associated Press)
Polo Grounds, New York, Oct. 7.—The Giants emerged from their batting slump today and cuffed three Yankee hurlers of the mound and submerged the American League champions by a score of 13 to 5 in the third game of the world's series. 38,000 spectators saw the Giants rain base hits all over the place in the seventh inning and when the dust had settled, the score board showed eight runs for the National Leaguers. The Yankees took the lead in the third inning by getting to Toney for four runs, but the Giants came right back and tied the score.
