MADISON BOY IS GOING UP RAPIDLY

His many friends at home here in Madison are pleased to learn of a splendid offer received by J. H. Douglas Greene, son of Mrs. Stephen Greene, of Red House. Mr. Greene has just resigned his position as sales supervisor of the Diamond Match Co., at Hammond, La., to accept similar position with Libby, McNeill & Libby in San Francisco. He will go to his new post about July 15th. His resignation at Hammond, becomes effective July 1st and he will spend a couple of weeks at his old home here before going to the Golden West, where it appears that a great opportunity awaits him.

WESTERN HERE FOR TWO BIG GAMES

Base ball fans in Richmond have a treat in store for them on Wednesday and Thursday when the Western Normal nine is here for games with Eastern. These contests have been looked forward to for some time by followers of Eastern on the diamond. Western has a fine team which has been winning very regularly in the western part of the state. Having been defeated by the visitors at football but whipping them at basketball, Eastern fans expect these two games to decide considerably the athletic superiority of the two great schools. Both games will be hard fought and well worth seeing.

Coach Hembree, of Eastern, will start Lewis in the box in the first game. The tall lad turned in a fine game against the U. K. Sophs in his last out and more than likely will do so again Wednesday. Welch will start the second game with Vandever doing the backstopping on both occasions.

Eastern's infield for the first game will be Stephenson at first; Welch at second; Short at short; and Mainous at the hot corner. The second game, which Welch will pitch, will see Lewis on an infield position. Outfielders will be taken from Dumaway, Little, Potter and Davis.

That Western nine is going to be hard to beat, though. They will make Eastern do their best at all stages of the conflict. Coach Hembree believes, however, that his men can win their fifth straight victory over the visitors. Eastern has lost but one game this season and has won the last four straight.

POOL WEED SOLD HIGHER, SAYS HANNA

Big Plans Being Made For Meetings All Over District Saturday

A special dispatch to the Courier-Journal Wednesday said this: Frankfort, Ky., May 16—A report made here Tuesday by W. C. Hanna, Commissioner of Agriculture, shows that the Burley Co-operative Tobacco Marketing Association received a materially higher average price for its tobacco than did the owners of the burley tobacco that was sold independently. The report is for 1921 tobacco sold up to March 1 about the time that the independent loose leaf houses were closed. The figures on the pooled tobacco were 20,675,455 pounds for \$3,995,951.54, or an average price of \$29 per hundred pounds. A contrast is shown by comparing the independent figures which were 49,837,048 pounds for \$1,058,579.16, or an average of \$21.24. Approximately 40,000,000 pounds of the association tobacco has been marketed since March 1 according to Mr. Hanna at prices "well above" those obtained for tobacco independently sold. Future reports by the Commissioner of Agriculture will not include the tobacco sold by the association, it was said, because it is not sold at auction.

Cantrill at Lancaster Saturday

Lexington, May 17—Assignment of speakers who will address the tobacco growers Saturday in connection with the second distribution of money to members by the Burley Association was announced, along with the statement that every grower will receive his money in the county in which he resides.

Congressman J. Campbell Cantrill has been assigned to speak at Lancaster, Garrard county, at 1:30 o'clock Saturday afternoon and Congressman Arthur Rouse at Burlington, Boone county, at the same hour. Ralph Barker, director of the pool warehouses, will speak at Richmond.

MERCHANTS PLAN TO CELEBRATE, TOO
Saturday, May 20th promises to be a big day for the tobacco growers and merchants of Richmond. As has been announced by District Director T. S. Burnam, the pool members will receive second payments on their crops at that time and, of course they are going to feel mighty good about it.

A number of the progressive business men and merchants are planning to make Saturday what is known as "Dollar Day." Special offerings with prices slashed to the bone are going to be advertised.

Farmers and other country readers of the Daily Register should watch for the big announcements in the Daily Register.

CHICAGO ALMOST IN CIVIL WAR

Threats of Fire and Murder and Attack on Buildings Sends Police Army To Work

(By Associated Press)
Chicago, May 17—An army of policemen, with orders to kill any suspicious person who failed to comply promptly with all police orders, spread through Chicago today to combat what is described by officials as an attempt of convict labor leaders to rule the city through murder, terrorism and fire.

The city is said by police authorities, to be, in war terms, an "occupied area," with every public building and a majority of the buildings under construction in various sections, under guard to prevent carrying out anonymous threats to burn the city in retaliation for the drive against murders, bombings, and fires believed to be a part of the campaign of some labor leaders against the Landis building trades wage award. A special guard was placed around the jail where it is reported that delivery of Big Tim Murphy, Fred Mader and Con Shea and other labor leaders held there on charges of murder in the recent era of terrorism was planned.

Calf Has Appetite of Goat
Danville, May 17—At a meeting of the fiscal court it developed that Magistrate Joseph Bonta of the Junction City district, told his colleagues of the most remarkable calf he has ever owned, making judicial declaration to the truth of what he related. The eccentricities of the calf first became manifest when fed—the squire's leather saddle, he ate—masticated and swallowed. Soon thereafter the calf found and ate a pile of newspapers thrown out in a housecleaning—several dozen, the squire said. The climax came when the magistrate found that the young bovine was eating chickens. A hasty count showed that he had devoured 32 of Mrs. Bonta's frying prospects. The calf is now in close confinement.

A few days ago in a six-inning game with another team he shut out his opponents without a hit and fanned 15 of the 18 batters who faced him. This is the first year that Child has done any pitching.
